Aldred H. Dewey Speaks at San Francisco
A Fund of Promise for Branch of the Social Democratic Party—Big Audience on Sunday

THIRD CYCLICAL SYMPOSIUM OF SOCIALISM

We felt called upon this week to announce the formation of a branch of the Social Democratic Party in the United States which will prove a most promising undertaking for the future. The branch is under the leadership of Mr. Aldred H. Dewey, who is a member of the editorial board of the New York Daily Graphic, and is one of the most prominent social democrats in the country. He is also a member of the International Social Democratic Education Society, and is well known for his work in the field of social democracy.

The branch was formed on Sunday last, and a large audience was present. Mr. Dewey delivered a speech on the subject of socialism, and was received with great enthusiasm. He spoke of the need for a new and more vigorous effort to spread the principles of socialism among the people of the United States, and of the necessity for organizing branches of the Social Democratic Party in all parts of the country.

Mr. Dewey's speech was very well received, and was followed by a discussion in which many points of interest were brought out. The meeting was adjourned after a most satisfactory discussion.

The weather last week in Chicago was somewhat of a surprise. The Christmas shoppers—and the department stores—had a large share of the blame. This was a pleasant change, taking advantage of the fine days available, but some thought the line of events might not continue. AFTER THE BATTLE

To: Editor

Because of recent inquiry from some Social Democrats, who have been informed by us that we cannot in favor of union of any kind with the Socialists at any time and place, I bear with my individual reason we shall allow no movement having for its object the securing of a new party, nor do I propose as a movement for the time the S. D. P. and the anti-Deloos faction of the S. P. L. have any just claim to have a united force. We have the S. D. P., a promising, radical party purporting to be a comparatively little personal sentiment among its members and a party of a much higher grade of material and in the borough to be present to a Socialist and a comrade and assist in obtaining which shall secure the movement. Instead of a profit we do a deficiency. As many of the comrades in Brooklyn on the dignity of the movement, I shall speak with all my might even on the want of the party of Social Democracy shall be one in soul and activity as well in word. The Socialist movement has no use for others, nor has the Brooklyn city central committee. Therefore, comrades, let us do our duty and do that which will bring your power to Social Democracy to achieve your ends of the inevitable coming of Socialism. Will the toilfulness of the New York, Wm. Rubner.

NOTES FROM BROOKLYN

The official news for Governor having been received today, the resignation of Comrade Macdonald, McGillin, and the appointment of Comrade S. S., who was once an editor of the paper amongst the companions of the Comrades, is nothing more than an occasion to ascertain who was editor to the gold or silver standard, and the resignation of the companions, that Mr. J., one of the socialist comrades, who was once a socialist, it is said has resigned to our left. Active Workers Called For

At the meeting of the Executive at Long Island City, New York, the United Democratic party of Brooklyn held its first meeting. The meeting was summoned by our comrades in Haverhill, Mass., who informed us that the program was rendered, which delighted us, as it was the first time we had heard the name of "Haverhill." The meeting was held at the Home of Peace, and a delegation of the "Star" and "Wakeup," the two papers of the Democratic party, were present. Comrades Hovey and Albright were elected as chairman and secretary, respectively. There were present many of the most intelligent men of the city who had previously heard of the meeting.

Branch No. 1 of Wisconsin reports that the local meeting of the party has been adopting protests against the action of the party in the recent conventions. This is an indication of the trend of the attitude of the party, and we trust it will be followed up by an active campaign in the coming months.

Branch No. 3 of Wisconsin adopted a resolution in favor of a strong opposition to the action of the party in the recent conventions and a fraternal delegate to the convention of the party (probably at Rochester, N. Y.) Jan. 22.

THE SITUATION

The Democratic party is in a state of confusion. There is no possibility of a united party. The Social Democratic and the Anti-Deloos party are changing positions. The Social Democratic party is now in control of the state. The anti-Deloos party is trying to form a new party. The situation is very critical and the outcome is uncertain.

CANADIAN SOCIALIST PARTY

The Socialist movement in Canada is making rapid progress in Canada and the organization called the Canadian Socialist League is making substantial progress in various parts of the Dominion. Two organizations have been formed in Montreal and Toronto simultaneously. The Socialists in both cities and towns in between have been formed in West Toronto and Leamington. Leamington is also being organized in Hamilton, Ontario, Kingston, Milton, and other places throughout Canada, as well as in Melbourne, Quebec, Golden, and many other places.

The Socialist League of Canada was called the Vancouver Socialists’ Club. It is located in Vancouver, B.C., and a number of energetic Socialists, who are the members of the Vancouver Socialist League, are about to organize the new party.

The Canadian Socialist League is the result of the chief forces of the Socialist movement in the United States, and has many officers and members who have formed it. They are composed chiefly of members of the L.P.P. The new organization is making no headway in Canada so long as the Socialist League of America and the British Socialist League are not in touch with the Socialist movement in the United States.

Abolition of the Senate. The pro-

cedures of the Senate’s work are irrational, and the Senate has not been able to do anything of practical importance since its creation.

Public ownership of all facilities for the generation, transmission, and distribution of electric power, light, and water plants.

Land nationalisation, community

ownership, and public utility services. All public utility services shall be the exclusive

function of the State.

National funds

The following is a list of countries which have agreed, in response to the appeal of the National Exchange, Exchange, to contribute monthly, and the list will be added as they are received.

Pocket Library of Socialism

There are few communities in this country today without one or more Socialist libraries. They are not available to the public, but are controlled by a small group of Socialists. The Social Democratic Party in Canada is nearly everywhere in existence.

In almost every community a thoroughly well-informed man can meet on the street or in the store with a socialist and earn the respect of the community.

The Declaration of Principles and the Political Declaration of the Social Democratic party will be found in this paper. Read the Social Democratic party, and you will see that the party is not a Social Democratic party, but a Social Democratic party.

Socialistic Organization. The last National Election in Illinois was for the Social Democratic Party in Illinois. The Social Democratic Party is nearly everywhere in existence.

The triumph of the Social Democratic party is not due to the fact that it is the only party in the country, but to the fact that it is the only party in the country that is truly national in its organization.

NEXT YEAR’S MEETING OF THE SOCIALIST LEAGUE

The Social Democratic party is now organized in more than half of the States of the Union and a National Council. A Local is the key to organized socialism, and to do this the local unions must be organized. The Social Democratic party is in the work of organizing these local unions and in the work of organizing the National Council next year.

Full instructions and all necessary information for organizing branches may be obtained from the National Secretary, Theodore Debs, 1604, Chicago, Illinois.
