A Letter From A Ruined Crop Farmer And Our Answer

Dear Editor,

I am a farmer. Made a small profit this year. I planted 20 acres of cotton and made a profit of $500. I have a home and all the children are well. I have to get a new plow this year. I am a member of the Southern Anti-Lyning Conference and I am writing to ask you to help me.

Yours truly,

THE LETTER

A COMMUNIST TO A FARMER

If the days of 1936 are to be repeated, the United States will soon have Communist Party candidates for Congress. The Communist Party will nominate candidates in districts which are known as strongholds of labor and agricultural workers. The Communists will give the people of the United States a chance to elect a Communist to Congress and thereby to demonstrate that the party is not only a national but a local organization.

FISHERMEN IN SOUTH LOWEST PAID WORKERS

By Al W. Mc relics, Houston, Texas.

The fishermen in Galveston about the lowest paid workers in the country, with 12.5 cents a pound. But when you compare with their 12.5 cents a pound, and remember that fishermen have to pay 10 percent for their meals and entertainment, their $2 a week becomes more than the fish.

The fish are frozen and the bodies are thicker than the fish. They fish with dragnets and get the fish at night. They fish with dragnets and get the fish at night. The average, one and one-half pounds of fish is divided among three men. The average catch is 4 pounds, and per cent of all fish caught is fish that are not worth the trouble to bring in.

The Gershon family, who have been fishing on the Galveston Bay for years, live in a small cottage near the water. They have a small boat and two children. The children are half off the food for the week. The wife gets $2 a week for the meal and the children.

Maimed By Speed-Up: Then No Job

By Walter Corson, New York.

I worked for a manufacturer and I have been out of a job for nearly 5 years. When I first went there I was putting in more work than I could stand to do. I had to do it or I would have lost my job. I had to keep my job and get a job and I had to keep my job and get a job. I had to keep my job and get a job.

The work was very hard, but we had to keep on going. We were forced to keep on going, even though we were not paid anything. The work was very hard, but we had to keep on going. We were forced to keep on going, even though we were not paid anything.

Answers A. F. of L. Flogging in Miami By Joining Communists

By Your Special Co-Respondent

A recent interview with David W. Weisberger, editor of the Communist Party newspaper "Solidarity," revealed the reasons for his support of the C. L. O. When the A. F. of L. attempted to force members into the C. L. O. by a group of "radicals," Weisberger opposed them and he and his group left the organization. It is true that the membership of the C. L. O. has increased, but this is due to the fact that the A. F. of L. has been trying to increase its membership by taking over the local organizations. In Chicago, the C. L. O. has had a great success in organizing black workers and this has contributed to its growth.

The Convention of the A. F. of L.

The American Federation of Labor is the largest labor organization in the country and it is feared that its membership is going to decrease. This is due to the fact that the A. F. of L. has been trying to increase its membership by taking over the local organizations. In Chicago, the A. F. of L. has had a great success in organizing black workers and this has contributed to its growth.

Struggle Around Atlanta!

The Negroes have no place in Atlanta. They are limited to the electric car in Atlanta and obtain their unconditional release at the will of the Atlanta bosses. Vagrants, they fought for the interests of the Negroes in the South. They opposed the coal strike, which was denounced as a movement of strikebreakers. The boys held the coal strike until the coal bosses realized that the strike was necessary. They are charged with obstruction and face the death penalty.

The trade of the Negroes in Atlanta is a fight against the capitalists. The Negroes are organized in the C. L. O. and the Negroes are not allowed to strike. The Negroes are not allowed to join the C. L. O. The Negroes are not allowed to vote for delegates to the convention. The Negroes are not allowed to have a voice in the organization.
