Expose Police Persecution at Trial
PREPARE ELECTRIC CHAIR LYNCHING FOR 9 IN ALABAMA
Charges Against Negroes False, Lynch Law Reigns

By DOUGLAS McKENZIE
SHOTTERSON, April 6.—At noon of 3,000 state and local officials, including governors, mayors, sheriffs, and police chiefs, gathered in downtown Shutterston for the trial of a Negro woman who was accused of murder. The trial, which was held in the state capital, attracted national attention because it was the first in which a Negro was tried for murder in Alabama since the end of the Civil War.

The accused woman, a 3-year-old Negro girl, was arrested on the night of the murder and held without bail until her trial. She was charged with the murder of a white woman, who was found dead in a field near the city. The jury found her guilty, and she was sentenced to death by electric chair.

NATION-WIDE WAGE-CUTTING DRIVE GROWS
WASHINGTON, D.C. (AP) — The situation of labor in the United States is becoming more critical, with wages and working conditions being cut across the country.

The situation is particularly bad in the South, where there have been widespread strikes and lockouts in the cotton and tobacco industries. In some cases, the workers have been forced to work for nothing or for greatly reduced wages.

Form Mine Committee At Exeter

By a Worker's Independent, Exeter, Va.

Workers will be well informed as to the going on in the coal mines by the formation of a committee to be known as the Mine Committee. The committee will be composed of workers from the various coal mines in the area, and will work closely with the local union to protect the workers' rights.

NEGRO SHOT DOWN BY POLICE IN ATLANTA

Atlanta, Ga. (AP) — A Negro man was shot and killed by police in a neighborhood just north of the city center. The man, who was identified as a musician, was shot after he allegedly resisted arrest.

ATTACK FOREIGN-BORN IN SOUTH

Atlanta, Ga. — Unemployment will be solved in the states of Georgia, Alabama, and Tennessee, by having all foreign-born workers fired from their jobs and deported, wherever possible, according to a report by a commission headed by J. H. Walls, new Federal director of immigration.

Walls said that he would immediately stop the immigration of foreign-born workers, and as many as possible depart from the state, if the policy of the state and other Southern states of firing all Negroes in industry and the South was not immediately enforced, according to the report by the commission.

The commission was appointed by Governor Steiger, who recently introduced the new law to Congress.

The Negro must make up his mind and get ready to face the consequences of the new law, which has been in effect for many months. The law is enforced by the police and the National Guard, and the Negroes who refuse to leave the state are subject to arrest and deportation.

The Negroes have been warned repeatedly by the State Department to leave the state, and if they refuse to do so they will be arrested and deported.

The Negroes have been told that if they do not leave the state they will be arrested and deported, and that they will not be allowed to stay in the state, even if they are innocent of any offense.

The new law is aimed at stopping the immigration of foreign-born workers, and as many as possible depart from the state, if the policy of the state and other Southern states of firing all Negroes in industry and the South was not immediately enforced, according to the report by the commission.
PROSPERITY MARCHES ON!

Miners Starve In Serfdom West Virginia

WASHINGTON, D.C. - Washington newspaper and television networks are reporting that the miners in the severe coal strikes are suffering from starvation. The demand for coal is rising, but the miners are not receiving a fair wage. The strike has lasted for several weeks, and the miners are running out of food. They are forced to scavenge for anything they can find to eat.

Comrades Tell of Jobless Relief Fight, Communist Program at Trial

Moscow, U.S.S.R. - A group of communists has been arrested and charged with plotting to overthrow the government. The communists claim that they are fighting for the rights of the working class and are not planning to cause harm. The trial is set to begin soon, and the community is divided over whether the communists should be punished or supported.

Lynch Posse On Hunt for Negro In Birmingham

BIRMINGHAM, Ala. - More than 100 police officers and National Guard troops scoured the city yesterday for a Negro boy who had been reported missing. A mob of white people had gathered in the area, and there were reports of violence. The boy's family is deeply concerned about his safety.

Starve of Hang!

The love threat against all those who resist us was recently used at a small community in the South. When conditions grow worse, the terror increases. Stop this by white and colored organizing together.

BUILD THE Y. C. L.

It is badly necessary for all workers, especially for revolutionizing the working class, to stand up to the white terror. The Y.C.L. is the only organization which is prepared to make a stand against the white terror. It is the only organization that is prepared to set up revolutionist schools, to train the leaders of the white working class, and to build the Y.C.L. across the country.

All Community Party members must get behind the Y.C.L. and help build the Y.C.L. in their communities, especially where it is not yet organized.

Jobless Try to Eke Out Living on Land

So severe is the unemployment in Chattanooga that hundreds of families have moved from the city to the country in this vicinity for the past year of raising potatoes and food for themselves to keep alive. According to the Chattanooga Times, many families have been working on the farms for share crops.

Dr. Wm. B. Adair, chairman of the Y.M.C.A. board of directors reports that there have been an increase in the number of people working on the farms in the country schools of the county. A great deal of the increase is due to the rural migration of families from the city to the country. It is in hard to see, however, how these families are getting on.

The work of organizing and training the unemployed is not yet completed. We need funds to support our work, and any contribution will be appreciated.

Not April Fool for Jobless—But Misery

The Birmingham Post of April 1st reports that the jobless situation is getting worse in the city. Evidently there are not enough job opportunities to support the unemployed. The unemployed are forced to look for ways to support themselves.

The workers' struggle must go on. The workers who have been fired and the unemployed who are trying to find work are in desperate need of support. We must take it for a joke. The workers must get together in their communities and fight for their rights. The unemployed need to cut the rents and share crops.

The Southern Worker

The Southern Worker is a weekly newspaper published by the Communist Party, USA. It covers news and events related to the working class in the Southern United States. The newspaper has been in publication since 1928 and is one of the oldest communist newspapers in the United States. It covers topics such as labor rights, socialism, and revolutionary activities. The newspaper is known for its radical stance and its support for the working class. The Southern Worker has been a key source of information for the working class in the South for many years.
