POSE ENFORCED HUNGER IN NATION - WIDE HEARINGS

LAWRENCE, Mass. — The 25,000 textile workers of Lawrence will decide whether the strike against the bosses will continue or not. The罢工 is the result of the sympathizers of the American Federation of Labor which has decided to continue the strike against the bosses.

 ner that when the workers are forced back they will try to organize the forces and to disorganize the pickets of the workers so that more and more wage cuts can be enforced.

Foster Exposes Abuses

Foster, the textile worker, was held in Buffalo, New York, by the Indus- trialist Associations Social Conditions, and no regular trade of the workers will be held in Denver and other cities. The conditions of their work and the lack of education are being exposed. The workers are to be obtained.

Special South Problems

The conditions are being exposed. The workers are to be obtained.

EDITOR'S NOTE: Southern textile workers should study the organization methods used in Lawrence and should launch strikes in individual mills, on the basis of economic demands. Committee of action should be set up to prepare the fight and when armed in one mill, fight to extend the strike to other mills. Such action will have the full support of Northern textile workers who realize that the working conditions of the workers in the mills in South will be extended all over the country unless Southern workers join in the general struggle against wage cuts.

PLOT GENERAL WAGE CUT FOR R. R. WORKERS

The Interstate Commerce Commission is planning a sweeping wage cut that will affect all railroad workers. According to reliable information, the Commission plans to recommend a 10 per cent cut in the wages of railroad workers.

The workers, who have been working long hours in the Kentucky fields, were kidnapped Thursday and "taken for a ride" by four of the murder gang. He was taken across the border into Canada and into Black Mountain, in the vicinity of which Tom Meyer has escaped from a fortress of bullets, was beaten and amidst volleys of shot went over the mountain side and was left for dead.

DAILY RAILA takes place on the homes of miners known to be engaged in the work of developing resistance to the reign of terror.

Relief Bailly Needed

The relief workers are endeavoring to bring the attention of the whole working class to the situation and to expose the worst reign of terror existing anywhere in the country. It shows that the only biggest capitalist rulers of America have sanctioned organized fascist attacks against the workers, in States. Unless this fascist attack is met and defeated it will certainly spread not only to all mine fields but to other industries.

One of the mistakes in the workers' struggle is the allowance with which relief comes in. The inefficient in the relief administration is the reason why the workers are being fed at a cost of 29 cents a meal. Even at that rate the relief thus far has been useful.

Workers everywhere are rallying to the relief of the Black Mountain. Others can look at this scene later and see a picture of what is going to happen here.

MORE MINERS GET WAGE CUTS

BROWNSVILLE, Texas — More than 1,000 miners employed by the H. C. Nick Coal company received 10 cent wage cut.

SPECIAL EDITION OF THE SOUTHERN WORKER CELEBRATING THE 14TH ANNIVERSARY OF THE BOLSHEVIK REVOLUTION, Nov. 7.

This special edition will deal with the facts regarding the conditions in the Soviet Union as it enters the 14th year of its existence. It will contrast the awful misery for the masses in the capitalist world with the progress and security of the masses in the Soviet world.

Most important of all is to lay bare the war conspiracies against the workers' and peasants' government, with special emphasis on the part played by the bosses.

Send in your order now. The price is one cent. PAID IN ADVANCE. We are, unfortunately not in a financial position to enable us to extend credit on this edition. Rush your order now!
The Chattanoogans and Labor Council sent a protest to the bosses against employing "out-of-county" labor in the construction of the ring road. The council specifically objects to the employment of workers from outside the region because the labor force would consist of middle-class workers who are not employed by the local laborers. The protest is motivated by the desire to protect the interests of the local laborers, who are facing competition from cheaper labor from outside the county, which they believe will harm their wages and working conditions. The protest was signed by the secretary of the council, who wants to ensure that the interests of the local laborers are protected.

The protest is in response to the recent employment of workers from outside the county in the construction of the ring road. The council believes that this will harm the wages and working conditions of the local laborers, who are facing increased competition from cheaper labor. The protest is signed by the secretary of the council, who wants to ensure that the interests of the local laborers are protected.

The North Star March to Washington will be organized by the council. The march will start on April 15th and will travel through several states on its way to Washington, D.C. The march is intended to protest against the exploitation of workers and to demand better wages and working conditions.

Too Many Thugs in Harlan, Says Fighting Miner

(By a Worker Correspondent) HARLAN, Ky.—We sure are glad to get the Southern Worker in here in spite of John Henry Blair. Just the other night, we workers about what is the matter with our country. There are too many things and problems that we have to get out of the city, this increase circumstances.

Census Reports Show Decline of Farm Values Through South

FARM CRISES IN

Georgia

In Georgia the small farmer is being driven from the land or reduced to living low. The farms are owned by a smaller number of farmers, many of whom own thousands of acres. Many of these farmers have been driven from the land by the high cost of living and the threat of losing their farms. The situation in Georgia is typical of many other states in the South, where the small farmer is being forced off the land due to high taxes, low prices for their crops, and the lack of government support.

Mississippi

Mississippi Hard Hit

In the state of Mississippi, the number of farms that have increased from 1939 to 1941. However, the number of farms that have decreased in 1941 is a cause for concern. The state is facing a decline in farm values due to the economic conditions of the time.

Figures For North Carolina

The number of farms in North Carolina have increased slightly; from 1939 to 1941. However, the number of farms that have decreased in 1941 is a cause for concern. The state is facing a decline in farm values due to the economic conditions of the time.

Arkansas Children Denied Doctor’s Care

MENA, Ark.—Three children, are suffering from want, lack of food, clothing, and medical care. The children are in need of medical care. The situation is dire and requires immediate attention.

Georgia Butchers Burn Two Negroes in Chair

MILLEDGEVILLE, Ga.—Two Negroes died in an attempt to murder a white woman at Perry G. Ol. The woman was burnt to death. The situation is dire and requires immediate attention.

Negro Workers Be Wood-Miss. Grafter

A few crooks, L. E. Carrigan, F. O. Box, 317, Jackson, Mississippi, is trying to steal money from Negro workers. He promises to put them in touch with someone who will give them for the work they do. However, the situation is dire and requires immediate attention.

Restaurant Help Get What Is Left on Table

A few workers are stealing food from Jack Bailey’s Cafe in Nashville, Tennessee. The situation is dire and requires immediate attention.

SECRET JAILING OF MINERS IS EXPOSED IN KY.

(20-year-old miner) HARLAN, Ky.—Every day that passes brings the terror against the miners. Many miners just drop out of sight—disappear—and their friends are unable to get any information about them. Some of them are unlocated dead bodies; murdered miners; men who have given up and run away, and others who have sold their homes and farms to gain the life of a coal miner. The chief thing of Harlan’s coal industry is the Rothschild who runs the company.

Note Smuggling

Many mountains have been brought against them and tortured from time to time in their desire to knock out this new fight.

Central Committee Calls For Utmost Support of National Hunger March

The Unemployed Council Committees for the National Hunger March has issued a call to the workers of the U. S. to mobilize and participate in the forthcoming National Hunger March. The call to the workers states that the National Hunger March must not be a mere demonstration of the unemployed and part-time workers against starvation and for the demands of unemployment insurance and relief. The National Hunger March will unite the struggles of the unemployed workers on a local basis and mobilize mass support behind the demands upon the federal government. The National Hunger March will be a test of the determination of the Socialists.

Hand in hand with increased starvation and misery, the cutting off of the miserable local relief, the spending of more billions of dollars for war preparations, the housewives demand to maintain the unemployed workers through all kinds of false schemes and so-called "relief plans." The workers of this country have by now the experiences of the past before their eyes, the boxers have learned the lesson as well as the pledges of the Hoover government to "maintain wages." In their starvation schemes the bosses have the full cooperation of their loyal agents, the A. F. of L. unions, which under the Socialistic Party, for the third winter of the economic crisis is approaching. More hungry and misery, evictions, and wage cuts are facing us. It was the Communist Party which last winter called for the organization of the Unemployed Councils to lead the struggles against evictions, for immediate relief, for unemployment insurance, as well as against the workers in the struggle against wage cuts,agner system, and the bosses' plans.

The Communist Party calls upon the workers of this country to rally behind the call of the Employed Committee to help to make the National Hunger March to Washington, D.C., a militant demonstration for the demands of workers relief and the ending of the national depression. The National Hunger March will be a testing of the socialistic program in the United States.

The National Hunger March will be a rallying point of broad masses of the workers, employed and unemployed, white and Negro, men and women, youth and old, for demands, for Unemployment Insurance and the struggle against wage cuts.

The Central Committee urges upon the workers to participate in full according to the possibilities of the districts in which the March is to be held.

CENTRAL COMMITTEE...C. P. U. S. A.

Two Tennessee Cities Rank Highest In U. S. Illiteracy

More than three out of every hundred native-born whites ten years of age or over are illiterate in U. S. Of ninety-three cities in the United States Knoxville ranks highest in native-born whites over ten years of age as revealed by the 1940 census. The percentage of Negro illiteracy is 11.6 hundred, about as high as that of any state in the nation. The illiteracy among Negroes is due to the vicious discrimination against them. In the South the brutalizing and corrupted elements in the ranks of the Negro professors, preachers, undertakers, and doctors, as well as the system of local government, have advanced even yet so far beyond the ape stage.

White Man Rapes 6-Year-Old Negro Girl

PETTIGRUE, Va.—The son of a wealthy merchant put a 6-year-old Negro girl into the back room of his father's store and raped her. The girl had gone to the store to buy a doll when she was carried into the back room. She was badly lacerated. The box is intended for sale; the local police gave it only small space inside the papers. Quite different from the usual practice of the local police, they went to help the Lynch spirit against Negroes when some white woman accuses a Negro. But the rich men of the South have always regarded Negro girls as legitimate prey—of the tradition of the chattel slave days.

Arabs Fight to Crush Tyranny

PALESTINE.—The movement of the Arab masses against British imperialism in Palestine, has grown to the point of open rebellion in the last two months. The British work through the upper class Jewish population. By making the Arab movement unprofitable, they are compelling the peasants of the Arab people to keep up their movement and so destroy the British in the countries which is Arab. The government has recently set up armies in the region for their protection. The Arabs have no such arms. The Arabs have been denied the right to vote.

In the face of the Government, the Arab Executive showed inclinations for the realization of the Arab and little Arab youth, however, took things in their own hands and demonstrated against the 1929 racial and national discrimination.

The entire Jewish population by no means wants to oppress the Arabs. This is seen in the fact that 5,000 Arab and Jewish drivers strike to have their wages increased in the license fee. It is in the upper class which works for stirring up Arab and Jewish enmity as well as in the United States.

Two Kentucky Police Shoot Enemy In Jail

EVARTS, Ky.—Five hours after being released on bail, this man, who was being drunk, Oscar Simpson, former prohibition agent, was shot to death by state police officers, members of the police, policemen, a former tsarin, Pimpin in jail, for reasons not in public knowledge. This is fighting among themselves and killing each other they will not have as in the police. The White gang, police, sheriffs, and prohibition agents, are hirelings of the country. In the White House, they have been caused by a quarrel over a gun in connection with whiskey selling. It is nothing to do with the existence of the bootleggers in this section during the time he worked for the United States government. As the White trade of the Middlebrothers and another bootlegger named J. G. Conklin.

A. F. L. Convention Continues Treachery

The gang of labor frauds that ran the American Federation of Labor has been cut and wins the prize for their performance by the re-election of William Green, a notorious labor mule at the head of the A. F. L. Their game is a genuine of government.

There was a small group of delegates that spoke in favor of unemployment insurance because they knew that unemployment is not the fault of the workers and not the fault of the workers. It is calculated to get workers accustomed to a reduced standard of living and to accept the work of the house—so we can be permanently in such a condition.

Those who spoke in favor of unemployment insurance at the A. F. L. convention are the only enemies of the workers. They try to use radical labels in an effort to keep workers in confusion and to give" the impression of the socialist movement.

All in all it was a typical conference of the agents of capitalism posing as labor leaders.

Many Banks Crash In Every Part of The United States

YOUNGSTOWN, Ohio.—The Dollar Savings and Trust Co. and the First National Bank at Athens, Ohio, declared a combined "reserves" of over $42,000,000. The bankruptcy of the two institutions is reported to be one of the first National Bank. Tens of thousands of depositors lost.

TARENTUM, Pa.—The Tarentum Savings and Trust Co., with more than $1,000,000 in its clinics closed last week.

WEST NEWTON, Pa.—The Farmers and Merchants Bank of this town is bankrupt and is closed.

HARRISBURG, Pa.—The Commercial Trust Company joined the list of bank failures that has been published in this state.

SHINNISTON, W. Va.—The Farmers Bank of this place closed on Thursday.

JANE LEE, W. Va.—The United Bank closed Friday—bankrupt.

FOWLER, Ind.—The Bank of Benton County, closed in this city, crashed Wednesday.

ST. LOUIS, Mo.—Four banks in the St. Louis area closed Thursday. The First National Bank of Missouri and the First National Bank of Missouri, Bank of Dalton, at Dalton, Mo., and the Missouri Mills Savings Bank, in the Mill. Bank, were also the two banks.

COLUMBIA, S. C.—Twenty banks, most of them leading institutions, located at Athens, Ohio, saw business. Hylton, Bledsoe, Blanchill, Blackstone, Lexington, Lithonia, W illiston and Graniteville, crashed closed for last week.

TRENTON, N. J.—Two banks, the Trenton Trust Company and the Wildwood Trust and Title company, crashed last week.

Single Men Fired In GARY, Ind.—All single men of the merchant fleet are being fired from the street. Men got married too or these days a week at 14 a day.

End of the street. If he wants to continue his employment. It is in the midst of the worst econ the workers. So far, so good. But at a time when millions of laborers face hunger and starvation, the A. F. L. is crying for the convention, by a two-thirds vote, rejected unemployment insurance.

But it must be noted that the group went on with the convention at a time when millions of laborers face hunger and starvation. The convention declared a rejection of wage cuts—in words. But it in practice, it has nothing to do with a "stagger" system, which means that the convention is closeted with the workers and the best business men are in the convention to prevent the Congress of Industrial Organizations from the metal and steel industrialists, the machinery industries, etc.

Oppose Strike Action

Unable to ignore the fierce wage-cutting campaign being carried out by the capitalists against workers in the Vancouver convention declared a rejection of wage cuts—in words. But in practice, it has nothing to do with a "stagger" system, which means that the workers are in competition with the workers and the best business men are in the convention to prevent the Congress of Industrial Organizations from taking any action in the metal and steel industries, the machinery industries, etc.

Negroes Escaped; Dies of Shock Eff

LIVINGSTON, Ala.—The death of Negroes. Excluding the 33 Negro prisoners escaped at the Tennessee prison, when he went to "feed" them an escaped draftee. S. H. Selby, clerk of the prison, was killed by a bomb. The death was caused by excitement which realized that Alabamians Negroes are determined to fight against the law.

Find's Job; Dies of Hunger and Old Age

BURLINGTON, N. C.—Hundreds of workers met today to pass the ten per cent wage cut and in working conditions. It is the first foot for organized resistance to the workers of joining the National Workers' Union, after which the principal speaker was Mr. Holden and I. W. W. Blenko.

Bishop Indicted On Election Fraud

Bishop James Cannon, Jr., the former Bishop of the Methodist Church, and a woman whom he calls his "fiancée," have been indicted by a grand jury at Winton, D. C., for violation of the election laws. The work has continued.

The indictment of Cannon, the most rabid fundamentalist of the South, is another blow at the Southern millionaires of the State of Alabama, and the State of Alabama, for violation of the election laws. Cannon, a bishop of the Methodist church, plays an important part in the church movement, and his office was next after the Bishop of the Methodist Church. Cannon, bishop, plays an important part in the church movement, and his office was next after the Bishop of the Methodist Church. His connection with the anti-panic shows that a considerable fraction of his income is derived from bootleggers, because it places a strain on the South and the North so that the enforcement of a great many laws, that the bootlegger foolishly went on the campaign of national depression and the law.
