MANIFESTO OF THE LEAGUE OF STRUGGLE FOR NEGRO RIGHTS
ON CASE OF SCOTTSDALE BOY CUSTODIAL CASE

February 24, 1932

The League of Struggle for Negro Rights, in order to give the Negro people a clear understanding of the acute and growing class struggle in Scottsdale, Arizona, and to place the case before the public as a family, thus making it abundantly clear that the workers of all races and nationalities are fighting for a better life for all, has decided to issue a manifesto on the Scottsdale Boy Custodial Case.

We believe that the Scottsdale Boy Custodial Case is one of the most significant issues of our time. It is a struggle between the working class and the ruling class, between the masses and the bourgeoisie. It is a struggle for the right to live, to work, to love, to be free.

The case involves the deprivation of the Scottsdale Boy Custodial Case, a child of the working class, by a representative of the ruling class, the judge of Scottsdale.

We are convinced that the Scottsdale Boy Custodial Case is not an isolated incident. It is part of a larger struggle, a struggle that is being fought all over the country, a struggle that is being fought by the poor and the working class against the rich and the bourgeoisie.

We demand the immediate release of the Scottsdale Boy Custodial Case, and we call upon all workers, regardless of race or nationality, to join the struggle for the rights of all children.

We believe that the Scottsdale Boy Custodial Case is not just a local issue, but a national issue. It is a struggle for the right to live, to work, to love, to be free. It is a struggle for justice.

We call upon all workers, regardless of race or nationality, to join the struggle for the rights of all children.
