What We Stand For

JANE SPEED OF MONTGOMERY

JANE Speed, young white girl of Montgomery, was arrested by Birmingham police when she attempted to speak to the thousands gathered in Linn Park on May 1. Jane Speed was active in the defense of the Scottsboro boys. She says: "I am tired of the protection they are giving South Carolina. I am in danger of my life if I try to stir up the ignorant people in the South, who don't know what they are doing!"

NEW ORLEANS, La.—After a struggle in which more than 25,000 workers, striking for relief jobs, showed the most inspired fight for spirit and solidarity, the workers were forced back to work at lower pay by the selling-out of the leaders of the strike.

The workers in that city are forced to work at reduced jobs in order to get any work at all. As that relief is given to only a quarter of the unemployed, young and single workers are doing all the work. Two months ago it was not to $2 a day, and then a new cut of another 10 cents was announced for May 1.

The workers of New Orleans desire to make their chief local stand on May Day, the withstanding of the new relief rates. Rene Ravel, labor leader and self-styled leader of the relief workers, is present to speak in the defense of the action. On May 1, thousands of relief workers struck their jobs.

STRENGTHEN AND EXTEND SHARE CROPPERS UNION AS ANSWER TO DADEVILLE SENTENCES

Here is the history of our struggle to stand four square and pay our dues. The sharecroppers of Alabama, the outswimmer of their labor, have been fighting for many years. Our struggle has been long and hard, but we have never given up. We have been willing to work for a just wage and decent living conditions. We have been determined to stand up for our rights and to fight for our freedom.

PLANT TO RECRUIT 2500 NEW MEMBERS BY AUGUST 1. PREPARE STRUGGLE FOR RIGHT TO SELL OWN COTTON THIS FALL

The struggle is far from over. The plantation owners and their agents are still trying to force the sharecroppers to sell their cotton to them. They want to control the sharecroppers' lives and keep them in debt. The sharecroppers must continue to fight for their rights.

WHAT WE STAND FOR

(continued from p. 1)

There has never been a richer country than the United States. It is a free country, where the people rule. The sharecroppers of Alabama have been fighting for their rights for many years. They have been willing to work for a just wage and decent living conditions. They have been determined to stand up for their freedom.

WAGES NOT GOING UP

In a few cases wage rates have been increased. In others, however, there has been a slight decrease. This is because the wages are still below the cost of living. The workers are being forced to live on an inadequate wage, and this is causing them to suffer. The workers are being forced to work long hours, and this is causing them to suffer. The workers are being forced to live in slums, and this is causing them to suffer. The workers are being forced to pay high rents, and this is causing them to suffer.

The Southern Worker

TO THE FARM LAWS

The farm laws are not effective. They are not enforced. They are not applied fairly. The workers are still being forced to work long hours, and this is causing them to suffer. The workers are still being forced to live in slums, and this is causing them to suffer. The workers are still being forced to pay high rents, and this is causing them to suffer.

The Southern Worker

Here are the chief demands for which the Communist Party struggles:

1. A right to organize, to form labor unions and to bargain collectively through representatives of their own choosing.

2. Medical care, through a national system of health insurance.

3. A law to protect the farmers, prohibiting the use of injunctions to prevent the formation of farm labor unions.

4. The right of every citizen to vote, without interference from the courts.

5. The right of every citizen to receive a fair and impartial trial by a jury of his peers.

6. The right of every citizen to receive a fair and impartial trial by a jury of his peers.

UNEMPLOYED IN ATLANTA WORK LIKE CHAINGANG, BUT HAVE LESS FOOD

FARMERS FOR 2 MONTHS: NO PAY

(RELIEF CHECKS ARE SO SMALL THAT WORKERS ARE FORCED TO PEDDLING; NEGRO FAMILIES GET LESS)

(By a Worker Correspondent)

ATLANTA, Ga. — The least paid laborers in the country are the Negroes. The men who work two days a week for food and supplies. They are at least three times as many as those who work for wages. They are not paid, get their food and supplies from the agents of the company and they get food. They work without pay for two days a week and get the rest of the time off. They are supposed to work for the entire season but they are not supposed to work for the company. The company works in the county public and private work for private individuals and corporations.

We called a conference on relief for the city but the company will not come. We also called a conference on the company but they worked for the company. We asked the company to come but they said they were too busy to come. We are working for the company and we are working for the city. We are working for the company and we are working for the city. We are working for the company and we are working for the city.

No Cash for Picket's Mill Workers

(By a Worker Correspondent)

ROCKINGHAM, N. C. — Mr. Col. C. C. Cope, the owner of the Hanes Pickett Mill, who had a worker murdered in cold blood, has decided to flee the country. Mr. Cope has decided that killing workers with nothing to lose is the best way to go. He is planning to kill off his mill hand. He works them 65 hours a week and they have no complaints. They don't work for the company and they don't work for the city. They are working for the company and they are working for the city. They are working for the company and they are working for the city.

Last year there was a strike here. Mr. Col. Cope can't afford to pay the workers to work. He has decided that killing workers is the best way to go. He is planning to kill off his mill hand. He works them 65 hours a week and they have no complaints. They don't work for the company and they don't work for the city. They are working for the company and they are working for the city.

Arrest Workers for Walking

The last two weeks we began something new. It's called "Walking." We've had two of our members arrested for trespassing. They were walking on the highway and the company came and arrested them. They were walking for 30 days. The workers have decided that walking is the best way to go. They are working for the company and they are working for the city.

I don't believe that the company's actions are fair. I believe that the company should have treated us fairly. They have never treated us fairly. They have never treated us fairly. They have never treated us fairly.

Write as You Fight

This is an invitation to all workers, all workers, all workers, to join in the struggle for a better life. We are working for a better life. We are working for the company and we are working for the city. We are working for the company and we are working for the city. We are working for the company and we are working for the city.

WHAT TO WRITE ABOUT

Give the details about wages, hours, working conditions, and other issues. Write about the conditions in your factory. Write about the struggle against these conditions. Write about the big bosses, the little bosses, the labor剥

BE EXACT:

Be accurate. The Southern Workers and Tilling Farmers want to read the truth in our paper. Leave exaggerations, misstatements, and untruths out of your letter.

Never send your letter unnumbered. We will not read it. Send your letter and we will read it.

The prices of the same goods, with or without the railroad, on April 21, 1944, range from 2.5 to 4.25. It is all right to pay for your goods. It is all right to sell for less on the railroad. It is all right to sell for more on the railroad. It is all right to sell for less on the railroad. It is all right to sell for more on the railroad.

Why We Need a Paper of Our Own

The Southern Worker, paper of the toiling masses, seeks the Southern working class.

When, more than a year ago, the SOUTHERN WORKER was started and published for a time because of lack of funds, the big bosses were glad. They thought they had put out of commission one of their most dangerous enemies. But the bosses were wrong. The SOUTHERN WORKER is back in the field—and it is going to stay.

In our part of the country, great struggles are about to take place. The bosses are demanding more work, more wages, and more discipline. The miners, metal workers, textile workers, and other workers are preparing for the struggle. The workers are readjusting the balance of power, and the SOUTHERN WORKER will be with the workers. The SOUTHERN WORKER will be a paper of the working class. The struggle is not just for the workers, but for the working class.

The SOUTHERN WORKER is published by the Southern Workers Congress and the Southern Workers Alliance.

Here We Differ

With Mr. Liebowitz

THE SOUTHERN WORKER, like all papers genuinely struggling for the liberation of the working class, is in a constant struggle to fight back the attacks of the enemies of the working class. The Southern Worker, under the leadership of the Southern Workers Congress, is fighting for the liberation of the working class. The Southern Worker is not the property of any individual or group. It is the property of the working class. The Southern Worker is independent of all political parties and organizations.

The Southern Worker is the voice of the working class. It is the voice of the workers. It speaks for the workers. It is the voice of the workers.
