Bankhead Bill Is Death Warrant For Small Growers

By A. M. Secretary of the "Copper" January 1

Not satisfied with a certain crop program that is throwing thousands of Negroes and the crop payments through the windows, the landowners are now considering the Bankhead Bill, which was supposed to help the small growers. But the small growers are now threatened by the large owners, who are threatening to sell their land to the government for a song.

Landlords Have Say-No

The government is trying to force the small growers to accept a program that is beneficial to the landlords. The landlords are now threatening to sell their land to the government for a song. The government is also threatening to take over the land of the small growers and give it to the landlords.

I. L. D. Delegation Carries Fight To Governor Miller

A delegation of white and Negro workers and intellectuals from the South will appear before Gov. B. M. Miller in Montgomery, Ala., on Feb. 16, to present the case for conditional freedom for William Peterson, the Negro coal miner and organizer of the Southern Labor Union. The delegation will be led by I. L. D. officials, who have been organizing in the South since last year.

Betrayed by NAACP

The NAACP, which is supposed to be fighting for the rights of the Negro, has been working with the government to betray the workers. The NAACP has been helping the government take over the land of the small growers and giving it to the landlords.

More Insurers Than Ever

"I want to appeal to every white person, Negro, white worker, and every Negro, white worker, to protest against the killing of another innocent human being," said Mrs. Harriet Peterson, the wife of the deceased. "We must protest against the murder of another innocent human being."}

LETTERS FROM THE WORKERS AND FARMERS

PIEDMONT MILL CUTS PAY AGAIN

ATLANTA, Ga.—We workers in the Piedmont mill are getting still another wage cut. Throughout the mill, with the exception of the weaving room, we are being put on a five-hour shift, only one shift a day. The pay for five days work is the same as for six. The result will be a reduction in our monthly pay of about $1. In the weaving room, the mill is running on three shifts, paid for six days work. We are thus getting $2.50 less per day for the same work.

We have been warned to cease talking about a strike or a wage demand. If we do, we can lose our jobs. We are living in fear and anxiety, and are in a state of depression.

BIRMINGHAM, Ala.—I am writing to tell you how the SOUTHERN WORKER helped us in our struggle to get better conditions in the mill.

In the last issue there was an article about how our wages were cut to $2.50 and how we are working too many hours. We were not paid for the extra hours worked. We are working 10 hours a day and not getting paid for the extra hours. We are working in the weaving room and are not getting paid for the extra hours.

Despite our efforts to organize and stand together, we are being punished and faced with the threat of dismissal. We demand better working conditions and fair wages.

The Southern Worker is doing a great service by informing the workers of their rights and giving them courage to fight for better conditions.

MILL COMMITTEE MAKES BOSSES PUT UP TIME-SHEETS

CONCORD, N. C.—I work in the Locke mill and have been paid $2.50 for my work all the time I've been employed. The mill boss has now started to keep time-sheets. I have been working 10 hours a day and the boss is now deducting time for meals and breaks. The bosses are trying to get us to work longer hours for the same pay.

The strikers at the Piedmont mill have inspired us to stand up for our rights. We demand fair wages and the right to organize without interference.

Tax The Rich, Take The War Funds And Keep The Schools Open!

A sixteen billion dollar war bond has been sold out in one day and there are no more bonds left for anyone to buy. Meanwhile, the schools are closed and the teachers are idle. All over the country, schools are shutting down. To save money, the teachers are being held down by the state and federal officials. But this is not about money; this is about the education of our children.

The Southern Worker, an official organ of the Communist Party of the United States, has been shut down. The editors have been arrested. Their presses have been seized. The office has been looted. The papers have been destroyed. The editors have been beaten. The workers have been fired. The schools have been closed.

The only way to save the schools is to tax the rich. The only way to save the teachers is to tax the rich. The only way to save the children is to tax the rich. The only way to save the Southern Worker is to tax the rich.
