I. L. D. To Appeal Lynch Verdict of Ala. Supreme Court; Demands Action from President Roosevelt

MONTGOMERY, Ala.—Fighting out all over the state and the country over the recent lynching of John Johnson, the Alabama Supreme Court refused yesterday to consider the merits of the case and to set aside the verdict of the all-white jury. The case was submitted to the Court after the trial by the state attorney general, who was represented by a Negro, William S. Johnson.

The decision of the Supreme Court was announced by Associate Justice Lucien Gardner, the only member of the Court to dissent, who, in his dissenting opinion, declared that the Supreme Court should have set aside the verdict and ordered a new trial.

The Supreme Court ruled that the verdict was legal and that the state attorney general was entitled to represent the state in the case. The Court's decision was based on the theory that the state attorney general was entitled to represent the state in all criminal cases, whether the accused was white or Negro.

An appeal from this decision will be taken to the United States Supreme Court. If the appeal is successful, the case will be remanded to the circuit court for a new trial.

Even before the regular campaign season, there has been a constant battle between underground opponents against him. Some reports claim a revival of the Klan in Northern Alabama has had this issue as one of its issues. Of course, the Negroes as well as poor white workers and farmers wouldn't pay the tax unless the judge was not willing to vote.

JULY 4—REVOLUTIONARY HOLIDAY

The revolutionary traditions of July 4, 1776, have been forgotten by the people, who do not know what they are. They do not know what the Declaration of Independence is. Carolina Textile Workers Win Gains In N. T. W. U.

By a Contract, N. C. Textile Workers Correspondent

With the new year over, the textile workers have come out fighting for some needed changes. The weavers had to run the workers as they would the same rating as the plait, although weaver-runners stop, work. And, weaver-runners do, the rating on weaver-runner was changed from 45 cents per 100,-

Dock Workers Organize on Norfolk Waterfront

(From a Dock Worker)

NORFOLK, Va.—The Marine Workers' Industrial Union has put the first nail in the coffin of the Norfolk waterfront. The Dock Workers, better known as the black jock, where men are forced to work like dogs for 10 and 11 hours and only make an average of $4.00 per day and then to be chiselled out of 45 or 50 cents of that.

The M. W. I. U. is organized on six docks, and has organized a labor committee on each dock. We are black boys. We have our own code and elected delegates to the NNE council, and many of the native conditions in Hampton Roads and opened up on the facts on the P.

MINERS‘ „HOLIDAY“ GAINS DEMANDS

(From a Walker County, Mo. W. A. W. Work,er)

The Alabama-Knox Products Company had been fishing on, the scales up to 66¢ per day, or 2 to 2.10 per week. Then the United Mine Workers' Local 55 got an expert from Ohio to inspect the scales and forced the company to pay the workers their wages.

Even if Mitchell signed a no-strike agreement the miners aren't going to work unless they get their only wage easy. Three times since then, our locals have gone on strike. We have been demanding wages of 75 cents and 80 cents and won every time. If it won't be for the threat of that strike, I don't see how we would be able to 11.

There's no doubt that this mine is due in the solidarity of the workers and it isn't due to the workers.

FLORIDA FRUIT PACKERS CAN'T MAKE ENOUGH

(From a Worker Correspondent)

KUSHT, Fla.—It is a great struggle for workers to make ends meet in the shipping season, and it is the workers who are actually suffering from the effects of the strike.

Packing and picking is on a piece-work basis. The prices have been cut and the volume of fruit packed is an important factor in the workers, in the industry barely made enough to buy homes. But that the fruit sales in the United States are in a terrible plight. The NRA has made certain conditions because for the workers, not only in the fruit industry but everywhere.

The United Fruit Company, which was making $40 to $70 per week, are not able to pay for the workers to work long hours, and the work is in this state.

The system, and striking ability, is a condition of the workers in the company on strike, and the company has been notified by the workers that they are not going to work unless they get their wages.

The regular monthly meeting of the company was on the ninth. Three representatives were voted by the workers to find the leaders of the club and its officers. The majority of officers has been approved by the workers through the ratification of labor and will be appointed.

The workers have organized a new labor organization.

STUDENT SEES INCREASING FASCISM

I am a relative of one of the Thomas strikers and a student at Howard College, and I have been reading Communism literature for the last two or three years and have been impressed by the movement. Although I accept the Fascist party, I am not so sure that things that I was doubtful of, have since the Thomas strike, which I wrote about in the last number, was a strike, and, if the work was being done, the Thomas strike and many other strikes throughout the entire country are being done by the workers, and the work is being distributed.

Again in another column, the Thomas strike has opened my eyes. I have found through the Thomas strike and many other strikes throughout the entire country, that the workers are being distributed to do their job and spread all over the country with the help of the workers' unions and the United Workers' Unions.

THE SOUTHERN WORKER

Write for your copy today. Fellow workers and farmers, tell your friends. The Southern Worker is your paper. It is not only for you, but for all of us. It is our paper. It is real that we are responsible for it, as well as you and we are responsible for it, as well as you. It is the Southern Worker.

Selling your paper is a big staff of paid re- sellers working hard. We have the greatest staff of your local salesmen, and they are working hard. If there are any old members in the union who are not interested in selling your paper, let us know so that we can be in contact with them.

NEGRO ORE STRIKER SHOT DOWN ON PICKET LINE

(From a White Ores Miner) BIRMINGHAM, Al.—On the picket line and saw a Negro miner shot down by guards within 25 feet of me. When I got there, the guards were just killed like that without making a move, just picking. I was worried, but we were forcing the picket line and our picketing was justified.

The picketing goes on, and we are not giving up. We are not going to win being easy.

FLORIDA JOSIEBOURNE ORGANIZE STICK-TOGETHER-CLUBS

With the three months, four branches of the Stick-Together-Club have been organized in Florida. These branches are the result of the unorganized state of the miners.

There are branches of the unorganized state of the miners, and the Stick-Together-Club is a result of that. The Stick-Together-Club is a result of the unorganized state of the miners.

At one time, the miners would have a worker, or a man, once a month, and they would make two weeks before payday and the money each week is $3.00 to $5.00. And when we go to the community in their wages, it is no longer in the workers' hands. The Stick-Together-Club is a result of the unorganized state of the miners.

SHARECROPPERS ONLY WAY OUT TO BUILD UNION

LIVERMORE, Cal.—Of the few sharecroppers we know of, all the workers have their own property interests in the community. The Stick-Together-Club is a result of the unorganized state of the miners.

Pipe Line Cuts Pay

(From an Arippe Pipe Shop)

BIRMINGHAM, Ala.—When the workers in the pipe line began talking off workers, they gave them a little lunch, a little room, a little room, and some room, but they didn't do a thing. They didn't do a thing, and they didn't do a thing.

They were giving $500 for a man, and they were down to $500.

PICKETS

If you catch pictures of pickets, tell your friends. Workers want to see things as well as read about them. They will pay 50 cents for a picket, but few have them.

COMMUNISTS LEAD STRIKE STRUGGLES

The Communist Party and its members in the South, as well as in other places, in facing more and more violent attacks at the hands of the bosses. The police, National Guards, company thugs and politicians, who serve the capitalist interests, together with the labor racketeers and steel pickets and such openly fascistic outfits as the White Legion and R. K. K. are trying everywhere they can to stop the growth and activity of the Communist Party, Why?

Because the Communists are the only ones who have consistently fearlessly and correctly welded the unity of the workers, white and Negro, and led them in the struggles for their basic demands. Exploiting all the forces of the United States Communist Party has constantly pointed out that the tactics win better conditions for themselves by the path of struggle. We can get from the ruling class what we want only by direct action, by mediation—the class are just big words to bury the real needs and demands of the-toilers.

In every area where the American Communist Party has been called for mass picketing, for rank and file leadership and negotiations, for militantly carrying on the struggle to victory, Communists have been in the front ranks of the Toilers leading the way, while leaflets and meetings have drawn large sections of workers into active support of strikers. While real strikes almost everywhere have led to the defeat of the efforts of JNO and big labor officials, the best and most advanced of the workers and poor farmers are swelling the ranks of the strike forces day by day, convinced that the Communist way is the only way to victory for the Toilers.

Fascism, the open, armed dictatorship of the boss class against the working class is developing. But the Communist Party, leader of the struggles of the workers, will grow. Only the continued and increased growth of the Communist Party can save us from the bitter failure of the bosses. Only a dictatorship of the workers and poor farmers against the capitalist class, with all power in the hands of the Toilers, can smash the hunger, oppression, fascist and war plans of the exploiters.

Your Communist Party: They might as well try to stop the sun! Forward toward greater strike struggles, toward a Soviet America. Join and build the Communist Party.

A. F. OF L. BIG SHOTS BETRAY RANK AND FILE

The nation wide steel strike has been temporarily blocked. Why?

Even though the steel bosses hired hundreds of thugs prepared with machine guns and clubs to enforce their starvation, this did not halt the workers striking. The threats of the police and the lies of the bosses are not enough to make the workers stop fighting for their right to live. The NRA gang, with Geo. Johnson at the head, failed to head off the struggle. It took W. Green [558, 850] a year labor to consolidate its gains, and four months to stop the strike. It is an end to all strikes, and their whole army of little bigshots to betray the strike.

The regular A. F. of L. in April adopted seven basic demands: (1) For the 6 hour day, 5 day week; (2) One dollar an hour minimum wage, with increases in proportion for skilled trades; (3) Abolition of discrimination between North and South; (4) Right to work for Negro workers; (5) Recognition of the union and grievance committees; (6) Adoption of the Workers' Unemployment Insurance Bill; (7) Ten hour day for women.

Not one of the demands have been won, yet Tingley is "confident" of a square deal! Crawford, A. F. of L. organizer of Alabama steel work, says he's glad there were strikes and claims the Southern steel workers don't want to strike.

But the struggle is not over. The struggle is never until the demands are gained. The steel workers are not alone in their fight. We must drive the strike breakers from our ranks. Only the organized might of the workers, led by rank and file committees in every local and in every district.

Steel workers: The Communist Party has called upon you to join and build the A. F. of L. uniting the Association Against Injustice, Steel Workers of America, and the American Federation of Labor, and fighting for collective bargaining, higher wages, a right to hire and not to strike. At the same time, the Communist Party has called upon the workers of the United States of America to organize a General Strike. It is your job to organize your own union and rank and file leaders.

The Communist Party has called upon you to organize and fight for a better life for all, and your own lives. It is your job to organize your own union and rank and file leaders.

We are not alone in the fight. Your own union and rank and file leaders. We are not alone in the fight. Your own union and rank and file leaders. We are not alone in the fight. Your own union and rank and file leaders.
