

MAN'S SECRET SERVICE ACTIVE

They Were Not Interborough Counterfeits, However, but Men and Woman Are Held.

A enormous swindle by which, it is said, 1,000,000 counterfeit subway and elevated railway tickets were to have been put in circulation is believed to have been nipped in the bud by the arrest of three men and a woman on suspicion and the seizure by the police of presses, dies, plates and about 15,000 of the spurious slips.

The woman arrested is young and pretty, and is the wife of the man the police believe to be the ringleader in the scheme. He is Henry T. Torrens, who says he is a ticket broker, and who was also arrested. The Torrenses live at 156 West 44th street, where the counterfeit tickets were found by detectives after the arrest.

The secret service men of the Interborough Rapid Transit Company discovered that bogus tickets were being sold at reduced prices. About ten days ago numerous counterfeit tickets were found in the chopped up tickets from the 149th street station of both the subway and the elevated roads.

Torrens, the detective says, was in charge of the "club" and he evidently had no suspicion that his scheme would ever be discovered, for he immediately became very confidential.

The tickets found in the Torrenses' rooms in West 44th street were marked "The Interurban Rapid Transit Company" and not "The Interborough," and there were 10,000 subway and 5,000 elevated tickets. Torrens said, according to the detective, that he hadn't sold any of these because the ink was too light on them to take.

The tickets were stamped as having been made by the Eastern Bank Note Company, which is not the institution that makes the Interborough tickets. This difference attracted the attention of the officials to the bogus slips.

Michael and Samuel Rubenski were the next arrested, the first at 139 Powell street, Brooklyn, and the latter at 115 William street, where he works.

The die bore the stamp of the Union Photo and Engraving Company, of 111 Nassau street. Samuel Rubenski told the secret service men that he had printed the tickets, but didn't understand the nature of the work he was engaged in. It was done, he said, in Michael's home. The prisoners spent last night in Police Headquarters and were arraigned to-day.

MET. RESTAURANT MAKES 200 SICK

Girl Employees Seized with Peculiar Ailment at Last Thursday's Luncheon.

A new secret of the Metropolitan Insurance Company leaked out last night when it became known that on Thursday last nearly two hundred girls in the employ of that company were seized with a peculiar illness during the midday luncheon served in the company's restaurant.

Twenty-eight hundred employees of the insurance company eat luncheon every day in the company's restaurant in two relays, the first at noon and the other at 1 o'clock. It was not long after the first detachment had begun their meals when a young woman rose from her chair with a scream and then fell, writhing in pain, to the floor.

In an instant the room was in an uproar, and first from one table and then another came a scream or a groan. The girls could not have collapsed more quickly had the room been suddenly filled with a deadly gas.

Somebody remained cool enough to inform the executive officers of the company that something serious had happened in the restaurant, and all the physicians on the insurance staff and from the nearby private offices were rushed to the relief of the women.

At the same time messengers were hurried to the cabs. There were no ambulance calls, because that would have meant a police record and publicity, something which the company has tried to avoid.

P. S. C. POWERLESS

Governor's Pet Board Does Nothing About Eleventh Avenue Tracks.

The Public Service Commission, replying Monday to the resolution passed by the Legislature asking why the board had taken no steps to do away with the New York Central Railroad tracks on Eleventh avenue, declared that it had no power to condemn the tracks.

It was pointed out that in March, 1908, the old Rapid Transit Commission was empowered by the Legislature to agree with the company on a plan for removing the tracks and that in the failure of this commission, an undertaking was made by the Legislature within a year after the passage of the act the commission should have the right to condemn the tracks.

CINCINNATI BREAKS A FORTY CENTS LAW

Wife and Children of Prisoner Allowed to Starve—County Won't Pay Them a \$12 Bill.

CINCINNATI, Ohio, March 9.—The County Commissioners are agitated over a bill of \$12 that, according to the law, is due to the family of Joseph Schadinger, a prisoner of the Workhouse.

A law passed by the last Legislature provides that 40 cents a day be paid from county funds to the family of a Workhouse prisoner for every day the man is imprisoned. The County Commissioners do not like this law, and taking the powder of a Supreme Court have decided that it is unconstitutional.

Now comes the question—what is the family of Schadinger to live on while its main support is in prison? The Schadingers, mother and seven children, live in the most wretched two rooms in the West End, at 1355 Harrison avenue, a wooden shack over a machine shop, where the throbbing machinery threatens to shake to pieces the flimsy structure overhead.

For these two rooms Mrs. Schadinger pays \$4 a month. Schadinger was sent to the Workhouse January 29 to serve three months for failure to provide. The wife says she cannot see the justice of sending a father of seven children to the Workhouse for failing to provide for his family.

"Suppose they take them away for good?" she said. "I'd rather die."

MANY DAMAGE SUITS

Said to Have Been Brought by Young Girl—Conspiracy Alleged.

Herbert Noble, representing the Standard Fashion Company, asked Justice Giegerich in the Supreme Court yesterday to set aside as the result of a conspiracy a judgment for \$7,639 obtained by Cora D. Thompson, a year ago in a suit she brought against the company for damages through the falling on her head of a sign hung outside the company's store on May 29, 1905.

The main allegation in the new affidavit is that Miss Thompson's suit against the company was only one of eighteen which she had instituted against various corporations and in most of which she was supported by the same lawyer, Meyer Greenberg, and the same doctor, Israel E. Pasternak. John T. Scanlon makes affidavit that Greenberg has been Miss Thompson's counsel in at least seventeen of her accident suits and that Dr. Pasternak has supported her in a dozen or so of them.

CHARTER COMMISSION COMPLETES LABORS

If Legislature Approves Its Plan City Fathers Will Serve for Honor Alone—Many Changes.

ALBANY, N. Y., March 9.—William M. Ivins, chairman of the New York Charter Revision Commission, presented the final report of that body to the Legislature at last night's session. The report was received in both Houses. In the Senate it was referred to the Cities Committee. In the Assembly it was merely ordered printed with the understanding that when this has been done it will be referred to the committee having charge of the affairs of cities.

The Legislative leaders decline to make any comment on the report until they shall have familiarized themselves with its contents. Senator Raines said that everything in his power would be done to expedite its progress. Speaker Wideman, on the other hand, was looking for less opposition to the proposed charter from purely political quarters than from civic bodies in New York City.

The proposed charter may be summarized as follows: The Board of Estimate and Apportionment is to be the business executive committee for the city and to have complete control of the city's finances. It is to consist of eight members, elected by the city, by the Borough Presidents are to be elected solely for service in the Board of Estimate, and will have no administrative functions.

The Board of Estimate is to have several important bureaus, as follows: Bureau of Public Improvements and Engineering, Bureau of Supplies, Bureau of Real Estate, Bureau of Chimes, Bureau of Salaries and Bureau of Franchises.

The Board of Estimate is to be obliged to prepare a budget of receipts, as well as of expenditures, and hereafter to be identical with the sinking fund commission.

The Board of Estimate is to be abolished and in its place a Council of thirty-nine members to serve without pay. It will exercise the ordinance making power, will make the tax levy, and will exercise a veto power over specific appropriations in the budget.

ANOTHER JACK BINNS

Towerman Stops Washington Express—Saves Many Lives.

BALTIMORE, March 9.—By a quick sprint over the ties into Fulton tunnel William C. Davis, operator at the tower, yesterday held up the Washington express on the Pennsylvania Railroad barely in time to prevent it crashing into the wreck of a Western Maryland freight train which had run away and gone to smash at the Fulton station mouth of the tunnel.

\$50,000,000 NEW SUBWAYS

Shonts Says Interborough is Prepared to Carry Out Big Plan of Improvements.

Theodore P. Shonts declared yesterday at a hearing of the Public Service Commission on the application of the Hudson-Manhattan Tunnel Company for right to continue the Sixth avenue tunnel to the Grand Central Station that the Interborough was prepared to carry out elaborate extensions of the present subway with their own money to the extent of \$49,000,000, demanding of the city only \$1,000,000 to help the mon their way.

Mr. Shonts, asked for particulars of his project, declined to give any details whatever until his company is ready to lay its completed plan before the Commission. This, it is expected, will be done on Wednesday or Thursday, or at the latest on Friday of this week.

It is pretty generally understood, however, in transportation circles, as well as in the financial district, political circles and the Public Service Commission's office, that the Shonts plan comprehends primarily three things: the extension of the present subway easterly from the Grand Central station and northward under Lexington avenue, either to unite above 110th street with the present Lenox avenue branch or to continue as an independent division under the Harlem River and northward in the section served by Jerome avenue; the extension of the present subway southward from 44th street under Seventh avenue and Varick street to the Battery; and third, the operation of shuttle trains across 42d street, connecting these East and West Side trunk lines.

In a general way this is a plan proposed some time ago by the Belmont interests, but at the time they wanted to have the building done by the city; now the plan is to do the work with their own money.

According to further information the Shonts plan also contemplates a new cross-town subway connecting the East Side and West Side lines downtown by way of Canal street and certain sections of the subway loop which the city is constructing to connect the terminals of the Brooklyn, the Williamsburg and the Manhattan bridges. This is the loop which Comptroller Metz says is an elephant on the city's hands, because nobody but the B. R. T. is permitted to operate it and the B. R. T. has declined to have anything to do with it and the city cannot compel the B. R. T. to use it.

BANKERS IN SING SING

Justice Gives Them Very Light Sentences for Stealing Money.

Colonel Edward E. Britton and Quinine Commissioner Fred H. Schroeder, who were convicted last week in the Supreme Court in Brooklyn of grand larceny in the first degree through appropriating the funds of the Eagle Savings and Loan Company, which they were president and second vice president respectively, were arraigned yesterday for sentence before Justice Jaycox.

Justice Jaycox then sentenced Britton to a term in Sing Sing for not less than fourteen months and not more than four years and six months, and Schroeder to not less than one year or more than four years and six months. The Justice told the prisoners that he felt deeply for them, but that his duty as a public officer required that he should impose a sentence sufficiently adequate to meet the offense which was committed.

CYCLONE DESTROYS BRINKLEY, ARKANSAS—MANY KILLED

Town Was Blown to Atoms—Ruins Take Fire. Doctors and Nurses Rushed to the Scene—Telegraph Wires Down.

EDMONDSON, Ark., March 9.—A cyclone travelling northeast struck Brinkley, Ark., at 7 o'clock last night, completely destroying the entire town. Rock Island and Cotton Belt Railroad depots destroyed and telegraph offices, rendering it impossible to get a complete report. Telegraph Operator Kimmel, of Brinkley, went to Wheatley, Ark., two miles east, and got a wire. This was the first report that was received. Operator Robert B. Cary, of Edmondson, gives the following report:

"Town struck by cyclone at 7:10 P. M., completely destroying same. Six lives known to be lost. Names could not be learned of all. The following are killed: Mr. Starrett, Mr. Foote, merchant, and a daughter of Mr. T. W. Bunch, and several others whose names cannot be learned account no wires. All killed reported to be white. Many are reported hurt, some seriously. Storm lasted only ten minutes, completing its work in full in that time. Help goes from Forrest City on night Rock Island train. All tracks are blocked by the remains of the depot and other buildings blown there by the cyclone. Several fires reported have broken out which will have serious results. Further particulars cannot be learned at present."

FORREST CITY, March 9.—Brinkley, Ark., twenty miles west of here on the Choctaw Railroad, was completely wiped out by a cyclone at 7:20 o'clock last night, and every house in the community demolished. Eight persons are known to be dead and several hundred seriously or mortally injured. The debris of the demolished houses is an fire, and it is estimated that \$100,000 worth of property was destroyed. Wires are down in all directions from Brinkley and information is hard to get.

Every doctor in Forrest City, the companies and all the fire fighting apparatus in the hands of the firemen and helpers left here at 12:30 o'clock last night for Brinkley to render all the assistance possible to the homesick and suffering ones. Other towns along the Choctaw have been called on to help and are rushing assistance to the scene.

HELENA, Ark., March 9.—"I have just talked with a party of operators who left Brinkley at 8 P. M. on an engine, seeking point from where telegraph communication could be had with outside world when they left fires had started in many quarters of the city," they state as follows: "Brinkley, Ark., was completely demolished at 7 o'clock last night by a most fearful cyclone. At least seven were killed and hundreds injured. The Rock Island, the Arkansas, Midland and Cotton Belt Railroad depots were among the destroyed buildings. Telegraph Operator T. N. Kinnel and the Rock Island Lineman Richard extruded themselves from the debris of the Cotton Belt depot and walked to the Choctaw telegraph station. Wheatley, and gave the following: "The town is blown to atoms; all telegraph and telegraph wires down and tracks blocked. Those known to be dead are Mr. Foote, merchant; Mr. Starrett and a young lady, daughter of T. W. Bunch, a confectioner. "Fire had started in four places in the city and when I left at 9 o'clock was not under control." "J. A. WARD."

CHICAGO, March 9.—Investigation of the special discounts which the Chicago City Railways Company has received on its purchases of rehabilitation material yesterday brought to the fore the relations between the railway company and the city board of engineers, which have not been amicable from the first. Charles and countercharges few fast between the board's rooms and those of the railway company. Blon J. Arnold, chairman of the board, declared that it had constantly been forced to compel the company to follow the ordinance in the rehabilitation work.

Henry A. Blair, chairman of the directors of the company, retorted that the board was the talk of the country in forcing fancy work of ruined figures. An assertion that Thomas E. Mitten, president of the Chicago City Railways, received \$270,000 for his part in pushing the reconstruction through two years ago was made in a formal statement sent out by the officials of the Chicago Railways Company. The statement came from James B. Hogarth, former auditor for the Chicago City Railways Company, who unexpectedly has jumped to a conspicuous position in the present investigation.

BREWERS MAY SETTLE

Employers and Men. After Conference, Declare a Truce.

A truce for a week was declared between the Lager Beer Brewers' Association and the Engineers' Union as a result of a conference held yesterday by the labor committee of the Central Federated Union and the Brooklyn Central Labor Union. An effort will be made to settle the trouble and avert the threatened lockout.

The issue between the employers and the men is the question of a joint contract with the brewery workers. The engineers are pledged by the American Federation of Labor to support the brewery workers, while the boss brewers want to deal with the unions singly.

Another conference of the committee of the employers and the unions will be held next Monday afternoon.

POLICE CAUSE SUICIDE

Dead Man Leaves Note Saying He Was Hounded to Death.

Thomas Murphy, of 224 West 140th street, killed himself with a revolver in Morningside Park last night. Murphy was a fairly well known bookmaker at local tracks before the game was outlawed by Mayor Hughes.

In a note found in his pocket he said: "I have been hounded to this by detectives. There was no refuge in their persecutions except in death." On Saturday Murphy went to the undertaking establishment of E. F. Dillon, at 254 Eighth avenue, and paid a cremation fee of \$50, saying it was for a friend who might die unexpectedly.

WAGNER FLAYS BOARD. ALBANY, N. Y., March 9.—Chairman Wilcox and his associates of the Public Service Commission in New York City were held up to public execration by Senator Wagner last night for their failure to decrease a five cent fare to Coney Island. The Senate listened in silence, but with evident approval, while Wagner denounced the commission as a costly humbug to which the stragglers of New York had looked in vain for relief.

CONVICTS FIND GRAFT

Discover Discrepancy of \$27,000 in Riverside Penitentiary.

PITTSBURGH, March 9.—Three noted bank defaulters, Henry Reiber, William Montgomery and J. B. F. Rinehart, now in Riverside Penitentiary at Allegheny, laid before the Board of Prison Inspectors yesterday the facts in a discrepancy of \$27,000 in the first book of the prison examined by them, as experts, on orders. There was a rumor last night that the discrepancy may be four times that amount.

The board met yesterday and, after a hot session, decided to call on Warner William McC. Johnston, recently granted leave of absence, to return and explain the muddled books of the institution. Johnston is supposed to be somewhere in Ohio. The inspectors assert they cannot hope to straighten out the books without his assistance. Friends of the warden decline other books of the prison will show over accounts that will more than offset the seeming shortage of \$27,000 in the main ledger. Reiber, Montgomery and Rinehart, the prison experts, do not appear to be sanguine as to this outlook.

THESE WERE NOT BANKERS.

Two Men Who Robbed B. R. T. Get a Lifetime in Prison.

Joseph Pirinich, twenty-six years old, and Alfonso Jachetti, nineteen years old, who were convicted of holding up and robbing Miss Grace West, the ticket agent at the 20th street station of the Fifth avenue elevated line in Brooklyn, on the night of February 10, were sentenced yesterday to nineteen years and fifteen years respectively in the Sing Sing by Judge Dike in the County Court.

There was a third man engaged in the crime, but he has not yet been arrested.

MAXWELL PREFERS BOYS. Girls Must Go to Annexes When Boys Crowd High Schools.

Dr. William H. Maxwell, City Superintendent of Schools, has at last announced his stand on the question of co-education of high school pupils. Maxwell permitted the inference that boys were to be given the preference in the high schools despite the fact that overcrowding by boys might necessitate the sending of girls to annexes.

COAL MINERS RALLY

Hold Mass Meetings and Secure Many New Members.

WILKES-BARRE, Pa., March 9.—Mass meetings of the mine workers were held in various places in the anthracite region yesterday and were addressed by the organizers and directed officers, who have been directed by President T. L. Lewis to increase the membership of the union as much as possible before April 1, when the existing agreement expires.

These meetings were well attended and enthusiastic. A large number made application for membership at the reduced initiation fee of \$4. President Lewis is to leave Indianapolis to-day and reach Philadelphia on Wednesday afternoon. Then he will meet the officials from this region, who will hold a consultation before meeting the operators on Thursday.

ASK CZAR TO STOP BLOODSHED. ST. PETERSBURG, March 9.—President Khomyakoff, of the Duma, strongly urged the Czar at a recent audience to stop the widespread inflicting of capital punishment and abolish martial law.

It is strongly intimated that the Premier, M. Stolypin, is not displeased at the condemnation of martial law and police abuses, which has been expressed by practically all parties in the Duma. Pending the debate on the budget of the Ministry of the Interior, the Premier hopes, with the Duma's assistance, to make rapid progress in withdrawing the various forms of martial law now in force in various parts of the empire.

SHOE WORKERS WIN

Lynn Strikers Gain Partial Victory—Wage Increase Granted.

LYNN, Mass., March 9.—The 124 striking McKay slitchers who went out of thirty-five shoe factories last yesterday morning in order to force a demand for a slight increase in wages have already won a partial victory, as the bosses in seven factories have signed contracts granting the strikers' demands, and many more have returned to work. If the others do not reach an agreement with the firms soon, more than 3,500 workers will be affected by the strike.

HADLEY'S LAW BEATEN. U. S. Judge Decides Passenger and Freight Measure is Invalid.

KANSAS CITY, March 9.—Judge Smith McPherson of the Federal Court, handed down a decision last night that completely knocked out Attorney General Hadley's Missouri two-cent passenger law and the maximum freight law. In substance he held that the reduction made by the law did not permit an adequate return to the railroad and had been made without proper investigation of conditions. The railroads have been operating under the two-cent fare law but the freight rates were suspended by injunction. The railroads will immediately put into force three-cent passenger rates on intra-state business, but must file a tariff with the Interstate Commerce Commission before raising the interstate rates.

LABOR CANDIDATE MAKES GOOD FIGHT

English Workers Show Up Well in Initial Battle—I. L. P. Convention Will Be Warm.

(Correspondence to The Call.) LONDON, March 2.—At the recent election at Taunton to fill the Parliamentary vacancy caused by the retirement of Sir Edward Boyle (Conservative) owing to ill health, the result was declared as follows: William Peel (C.), 1,974; Frank Smith (Labor), 1,085. Conservative majority, 889.

This was the first occasion on which a Labor candidate had contested the borough of Taunton since 1885, and when Sir Edward Boyle resolved to retire, the Liberals decided not to force a contest, but to await the general election.

Speaking after the declaration of the results, Mr. Smith thanked the thousands of workers who, in the face of the standards and misrepresentations, had been faithful to the people's cause, and had set an example which would win over that part of the country to that cause in the near future.

LABOR PARTY'S CONFERENCE. The agenda for the seventeenth annual conference of the Independent Labor Party, to be held in Edinburgh on April 16 to 19, has just been issued.

Among those who have declined to accept nominations are Messrs. G. N. Barnes, Pete Curran, Victor Grayson, Keir Hardie, A. Henderson, J. R. MacDonald, D. J. Shackleton, P. Snowden, J. Parker and G. Lansbury.

Notice has been given of 340 resolutions, and among the subjects covered are unemployment and the right to work, afforestation, old age pensions, education, taxation of land values, an eight hour day, and the abolition of capital punishment.

The House of Commons have reference to Mr. Victor Grayson. The Aberdeen Labor party propose that the salary of Mr. Grayson be stopped unless he pledges himself to work in harmony with the Labor party, and the Cardiff Labor party propose that the salary of Mr. Grayson be stopped unless he pledges himself to work in harmony with the Labor party.

WATCH FOR BULLETIN No. 8. ITALIAN SOCIALISTS MAKE GREAT GAINS. Many Working Class Candidates Elected to Chamber of Deputies, and More Will Follow.

ROME, March 9.—As the results of Sunday's election to the Chamber of Deputies become more fully known it is seen that the government has no reason to be satisfied with the same. The losses sustained by the government candidates are more numerous than the gains.

Up to last night it is known that nineteen Socialist Deputies have been elected, with twenty-six to go to the second ballot; twenty Republicans, with five on the second ballot and sixteen Radicals, with six on the second ballot. The Constitutionalists have lost sixteen seats and gained seven.

Dr. Bissolati, director of the Socialist Party, was elected in four different places. All the newspapers comment on the notable triumph of the Socialist and Republican parties, declaring that the extreme Left will be greatly increased in numbers and in fighting strength. The Socialists expect to win in most of the second turns.

The Clericals, who participated in the election for the first time since 1876, gained several seats, but they did not show the strength and the organization with which they had been credited.

BROWNSVILLE CELEBRATION. Socialists Will Honor Memory of Marx by Grand Entertainment. Judging from the program arranged by Branch 3 of the 23d A. D. of the Socialist party, in Kings County, for the Karl Marx celebration in Metropolitan Senger Hall, Fifth Avenue and Watkins Street, Brooklyn, next Friday evening, it will be one of the best affairs ever seen in Brownsville.

George R. Kirkpatrick will lecture on "The Commune" and I. Shipman on "The Life of Karl Marx." Then the following musical numbers and sketches will be given: Miss P. Solen, a solo; Miss Annie Puske, piano solo; S. Osteln, vocal solo; Miss M. Blaustein and E. Rubin, piano duet; Perry E. Spino and Rosa Kotcher, a one act play, "Rings of the Changes"; Schubert's Serenade, a vocal solo, by Miss A. Levinsky; "Zingarella," a recitation by Theresa Kotcher, scene from Shakespeare, to be rendered by F. R. Spilo.

Spending your money with people who do not advertise in The Call is a mistake—that is, if you are really desirous of helping your paper. Don't make that mistake.

The Pure Food and Drug Act has exposed many dangerous cure-all medicines to contain Opium, Morphine, Chloroform, Heroin, Codeine and other poisonous drugs. But we are highly pleased to inform the worthy public that it made absolutely no change in the manufacturing of Moltosone, as this highly esteemed remedy for coughs, colds, catarrhs and bronchial troubles never contained one atom of any drug injurious to the human system, and may now be given to a new-born babe. Following is an unsolicited testimonial from one of the thousands which Moltosone has cured:

The Carnot Drug Co. Gentlemen: I have used your Moltosone for the past two years in all practice, for coughs, colds, and bronchial troubles. The results have been excellent. I would highly recommend for all the above ailments, DR. ENRICO D'AMBROSIO, 533 Morris Avenue, New York.

Order from your druggist. He can obtain it from any wholesale house. Or sent postpaid to any address on receipt of 50c. or \$1.00.

FAIR NEWS Is YOUR Book Busy? Have you secured any donations for The Call Fair? If not, you should secure a few at once. Don't put it off with the thought that you can't get a long list. Every one will help. You can get ONE anyway; don't put it off again, get it to-day.

Remember that it will take an enormous amount of prizes, of all kinds, to keep all our booths supplied during the nine days of the Fair. Remember that if YOU do not secure your share of donations, we will have to BUY material—and the profits of the Fair will be decreased just that much.

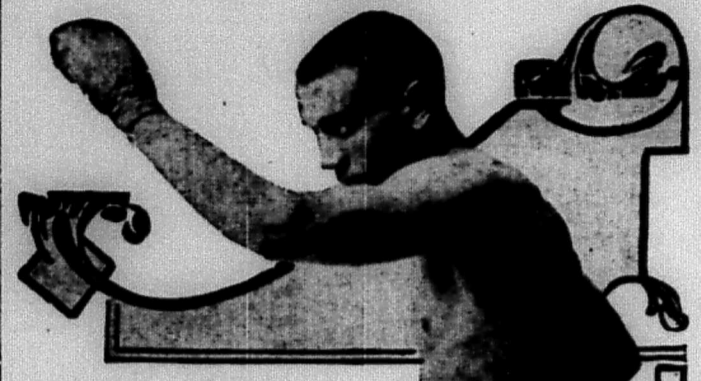

EVERY DONATION MEANS 100 PER CENT PROFIT. Don't forget that. Get a book to-day—if you haven't one already—get all the prizes you can, and pass it on to another worker. We will COLLECT all the prizes—all you have to do is to get the name and address of the giver in your Donation Book. Books may be secured from Call office, or address below. Don't put it off. Comrade; do YOUR share to make the Fair a big success. Fair Manager's Office, Room 504, 132 Nassau St., N. Y.

SCHOOL REPORTS MUST IMPROVE; PRESENT ONES ARE IMPERFECT

That school reports are very imperfect and unsatisfactory, and that better ones are necessary to progressive work in education is the editorial comment of a Brooklyn daily paper which criticizes Superintendent Maxwell's reports as follows:

everybody which causes even children quite young to take an interest in these experiments. Dr. Schickow, principal P. S. 169, says that he is studying it from a scientific point of view. His system takes the modern view that this paper is an illustration of a plan like New York is very difficult. The Board of Education here has never had it put up to them properly.

On being asked why citizens should take the lead in a movement that should naturally begin with the educators, Mr. McAneny replied that many boards of education in small villages have introduced it, but that a plan like New York is very difficult. The Board of Education here has never had it put up to them properly.

BLIND BABIES IN KINDERGARTEN.

A kindergarten for blind babies has recently been started in P. S. 127, Brooklyn. Thousands of children are born blind in New York every year, and this is an attempt to care for them.

CITIZENS ORGANIZE TO PROMOTE SELF-GOVERNMENT IN PUBLIC SCHOOLS

Plan to Teach Reverence for the Constitution. The majority of modern educators believe in the principle of self-government by the pupils of public schools as the most satisfactory method of maintaining discipline.

On Thursday afternoon, March 4, the pupils of the Horace Mann Elementary School gave an entertainment commemorating the three hundredth anniversary of the arrival of Hendrick Hudson at Manhattan Island.

ON EDUCATION.

Has it ever occurred to you why the nation spends millions a year in education and nothing in feeding?

A SUCCESS IN SELF-GOVERNMENT.

P. S. 3 a Model of Order and Effective Work. "Yes, we have had self-government of our pupils for several years," said Mr. Bernard Cronson, principal of P. S. 3.

COMMITTEE EXPLAINS PLAN.

Mr. Leonard G. McAneny, secretary of the committee, told a representative of The Evening Call that the simple idea of the organization was to back the plan of self-government in the public schools in such a way as to produce good results, and also to get the authorities so interested that they would introduce it in all schools.

ual training in woodworking was going on, and where the next issue of the school publication, the Junior Citizen for March, was being printed. This little paper is an excellent example of amateur work as to typographical work, as well as make-up and contents. Very few errors were discoverable, and much credit is due to the boys and their teachers.

ON EDUCATION.

Has it ever occurred to you why the nation spends millions a year in education and nothing in feeding? Oh, because feeding can be left to parents, but not education.
