

SLAYS HER FATHER

Wallace, 960 Lafayette avenue, Brooklyn, was shot and killed by his daughter last night near his home. When asked why she had killed her father she said it was because of the way he had treated his children and that he was responsible for the death of a brother through cruelty.

BOMB DESTROYS HOTEL

Fire Follows Explosion and Flames Consume Two Buildings. Oyster Bay had the greatest scare in years yesterday when an explosion supposed to be due to a bomb caused the destruction by fire of the hotel of Thomas O'Keefe and the grocery of Sidney McOune.

TERRORIZES YOUNG GIRL

Police Think Lydia Makgown is Insane-Taken to Hospital. Lydia Makgown, who is twenty-two years old, was taken to the Harlem Hospital yesterday to be examined as to her sanity, after she had, it is alleged, terrorized an eighteen-year-old girl for more than an hour in order to get to the woman, the police say they were compelled to break down the door of the room in which the women were.

FISH NEEDS A SHAVE

AVALON, Cal., April 20.—A fish five inches long, with a beard upon its mouth not unlike that of a goat, blue eyes, and a "countenance" similar to that of a sheephead fish, has been caught near a sea man. So far nobody has been able to classify this strange specimen of the deep. The species is widespread.

DEFENSE IS INSANITY

Hains' Lawyer Reveals Intent in Questioning Talesmen. Insanity at the time of the killing of William E. Annis and since was expected to be the chief point in the defense of Captain Peter C. Hains, Jr., at the trial beginning in Flushing, L. I., yesterday. Whether Mrs. Claudia L. Hains, wife of the defendant, would be called as a witness had been announced. Fifty witnesses had been summoned for the prosecution, including three alienists. The captain's lawyer said that, if the strain was too great, the defendant probably would testify. His brother, T. Jenkins Hains, who was acquitted of participation in the shooting, also is likely to be a witness.

BEGIN BUCKS APPEAL

Judge Parker Opens Case for Gompers, Mitchell and Morrison. WASHINGTON, April 20.—Another chapter in the famous case, involving the Bucks Store and the Buck's Store and Range Company of St. Louis by the American Federation of Labor, was begun yesterday when the appeal from the supreme court decision which sentenced Samuel Gompers, John Mitchell and Frank Morrison to jail for contempt of court, came up in the Court of Appeals of the District of Columbia.

WOULD SCARE MINERS

Coal Baron Threatens Them With All Kinds of Trouble. "If the mine workers know their best interests they will sign our agreement. If they don't they face a ten-hour work-day, a reduction of 10 per cent. in wages and the abolition of the sliding scale. It also means a loss to them of all they gained through the creation of the Anthracite Coal Commission," declared a member of the committee of eleven "Christian gentlemen" who met yesterday at 143 Liberty street to decide what stand the mine owners should take in view of the fact that the miners refuse to sign the old agreement unless their union is recognized.

WANT WARRANT FOR COPS

Ex-Prize Fighter Says They Completely Wrecked His Saloon. Senator W. J. A. Caffrey, representing Jack Lee, the ex-prize fighter, whose real name is Fatura, asked Magistrate House in the Jefferson Market Court yesterday to issue warrants for Captain Dominic Henry, of the Mercer street station, and two of his policemen, Keller and Gallagher, saying that Fatura's saloon at 151 Bleeker street was completely wrecked by Captain Henry and his men with axes on Sunday.

RAISING "SPITE SKUNKS"

TRENTON, N. J., April 20.—Because Oscar Neidt refused to move his horse rendering plant on the White Horse road upon the request of a neighbor, Ephraim Rockhill, the latter has started a skunk farm for spite, and the combination of odors in the vicinity is likely to result in the closing of a public road which passes the properties.

GARFIELD'S GRANDNIECE DIES

SEATTLE, April 20.—Mrs. Lucy Palmer Whiard, a grandniece of President James A. Garfield, and who, prior to her residence in Seattle, which began two years ago, was prominent in Cleveland and Bedford, Ohio, is dead at her West Seattle home.

PATTEN DEFIES PRESS AND PUBLIC

Doesn't Care What Others Think and Sure of Him—Admits He Is Money Mad. CHICAGO, April 20.—James A. Patten, the man who is alleged to have cornered wheat and who is responsible for the rise in bread, declared yesterday that he does not care what the people think and say of him, and admitted that he is in the "game" to make money. He said: "I don't care what the newspapers say, there is no corner. I don't care what a lot of sensation seeking preachers say. I don't care what the State Legislature does. I don't fear any action of Congress. I am in this deal to make money. I have never denied it. It is not my fault that the crop is short and the demand high. Those are the things that make the price, not what I say or do. I am the scapegoat in this thing; let it go at that. Because a man is in the pulpit it does not follow he has common sense."

TALKS ON MILITARISM

Senator Daniel Thinks It Expensive—Laughs at Jap Scare. WASHINGTON, April 20.—Advocates of a big navy and increased appropriations for the army are extremely provoked by the fact that yesterday, during the discussion on the Payne tariff bill, Senator Daniel, the ranking minority member of the Finance Committee, in commenting upon the increased expenditures of the Government, said that militarism had been responsible for a large part of the excess appropriations, and quoted Mr. Tawney's remarks in the House of Representatives respecting the part of military expenditures in causing a deficit in the financial affairs of the Government.

SCORES LUNACY BOARD

Senator Hubbs Calls for Investigation. ALBANY, April 20.—Senator Hubbs, who represents former President Roosevelt's home district yesterday notified his colleagues that he intends to offer a resolution within a day or two, to turn the searchlight on the State Lunacy Board for insisting upon the setting aside of \$8,000,000 to meet its expenses for the coming year.

RAILROADS DEFY LAW

Refuse to Pay Their Employees Semi-Monthly—Laugh at State. ALBANY, April 20.—Arguments on the constitutionality of the law enacted last year providing for the semi-monthly payment of railroad employees were heard yesterday before Supreme Court Justice Betts. The test cases were brought by the New York Central and Erie railroads against Labor Commissioner Williams to restrain him from enforcing the law on the ground of its unconstitutionality.

BAKER WALKS OFF PIER

WASHINGTON, April 20.—The conference report on the Census bill prepared by the Senate committee was taken up for consideration on Thursday next. Helm, Kentucky, desired unanimous consent yesterday to have the clerk read to the House his resolution which provides for the annexation of Cuba should the people of the island at any time vote in favor of annexation to the United States. Payne, New York, objected and, at 12:05 o'clock, the House adjourned.

SOLON FLAYS FARLEY

Bill Passed to Regulate Employ of Strikebreakers. ALBANY, April 20.—The Senate last night, by a vote of 3 to 2, passed the bill sponsored by Senator McManus, of Manhattan, and designed to amend the Penal Code relative to the appointment of special peace officers in times of emergency. The bill provides that men employed as special peace officers in times of a strike must be residents and voters in New York City when engaged in that municipality, while in up-state counties they must have the same qualifications in the specific county in which they are engaged for service.

ARRESTED FOR PAWNING GOODS

The Rev. C. W. Briggs Refuses to Tell Where He Secured Collection of Articles. The alleged attempt of the Rev. George Waverly Briggs, who lives with his wife and children at 1028 Simpson street, the Bronx, to pawn a queer collection of cheap articles was responsible for his arrest and arraignment in court to-day as a suspicious person. The preacher's family insisted a terrible mistake had been made in arresting him. It was said his mind had become unbalanced by overstudy.

PREFERS DEATH

Woman Takes Poison When Sentenced to Penitentiary. ATLANTA, April 20.—Shortly after being sentenced to two years in the Federal Penitentiary for sending improper and threatening letters, and while in the custody of a deputy marshal, Mrs. Rosa F. Monnish, the leading woman physician of Atlanta and proprietor of a sanitarium in the fashionable residence district, committed suicide yesterday by drinking prussic acid.

WON'T ANNEX CUBA YET

WASHINGTON, April 20.—The conference report on the Census bill prepared by the Senate committee was taken up for consideration on Thursday next. Helm, Kentucky, desired unanimous consent yesterday to have the clerk read to the House his resolution which provides for the annexation of Cuba should the people of the island at any time vote in favor of annexation to the United States. Payne, New York, objected and, at 12:05 o'clock, the House adjourned.

POOR WAGES BLAMED

Consumers' League Declares Poverty Drives Girls to Prostitution. The Consumers' League of New York City, at a meeting called at the Charities Building yesterday to consider the welfare of girls working in shops, was addressed by Miss Mary R. Sanford, who has been investigating hours, wages, etc., on behalf of the league. "We can't be surprised," she said, "when these girls are found on the street. A girl can't live on \$4, \$5 or \$6 a week. These evils can best be remedied by the consumer—the customer. The thing to do is to stir public sentiment."

CZAR ACTIVE IN U. S.

His Spies Cause Arrest of "Political" in Philadelphia. PHILADELPHIA, April 20.—Felicia Bekier, a Russian woman forty-three years old, was arrested here yesterday on the charge of killing a sergeant of the Russian Army six months ago in St. Petersburg. A Russian, who is believed to be a spy in the employ of the Russian government, named Theodore Ruzicki, came into the office of Captain of Detectives Gallagher, in the City Hall yesterday, and said: "There is a woman in this city who is wanted by the Czar."

ACTORS ARE STRANDED

Stamford Mayor Threatens to Revoke License. STAMFORD, Conn., April 20.—Because of repeated cases where players have been left stranded here, Mayor Tuppr announced yesterday that he would revoke the license of Adolph Mueller, manager of a Stamford theater, if the law would allow him to. The Mayor has become tired of the complaints that have been made by unpaid actors and actresses and board house keepers. The climax came Saturday night when a troupe of twelve women and six men were given 35 cents apiece for salary and carfare back to New York.

The two lawyers representing unnamed clients who offered Harrison Osborne, solicitor to Collector Loeb, \$100,000 if the custom authorities would turn over the recently seized goods and laces and guarantee not to prosecute have put up a still stronger proposition.

FAILS TO DODGE DEATH

Old Man Hedged on All Sides Killed by Bicycle. Seventy-year-old Frank J. Mara, of White Plains, was hedged in by death yesterday, no matter in which way he turned. The old man was crossing Railroad avenue in that village. The street was crowded with vehicles. He jumped out of the way of a carriage only to land in front of a trolley car. Then having made a dash to escape the car, he had to make a flying leap to avoid an automobile, which was close upon him, he passed the auto in safety only to be run over by a bicycle.

ABDUL HAMID TO ADVOCATE TO-DAY

Thirty Thousand Young Turks Will Advance on Constantinople to Force Sultan Out. CONSTANTINOPLE, April 20.—There is every reason to believe that the Young Turks will enter the city to-day and overthrow the reactionary regime re-established by the Sultan a week ago. More than 30,000 constitutional troops are camped around the capital and they may move at any moment. Constantinople lies at the mercy of the Young Turk forces and no organized resistance will be made to the re-establishment of the regime of the Committee of Union and Progress. There is every indication that this second revolution within a week will be almost bloodless.

MILITARY PLANS EXCELLENT

The military plans of those who within a few hours will seize the city are business like and admirable. The military force will winter Samsoun and the other ports of the Bosphorus. The center will probably devote its attention to maintaining order and preventing any attempts at rioting and pillage on the part of the turbulent elements in the capital and also to re-enforcing the wings if necessary. The army is supplied with several batteries of quickfiring guns and also with heavy artillery.

WILL REVENGE THEIR COMRADES

LONDON, April 20.—The Times' dispatches from Constantinople and Vienna point out that the alleged demand of the Committee of Union and Progress for the punishment of the authors of the outbreak may acquire grim significance. The activity of the reactionaries during the first three days of the revolution was of a shocking character. Several murders were committed at their instigation and they undoubtedly predisposed large sections of the

public, even those opposed to the committee, to assume that the Yildiz Palace played a large part in kindling the outbreak.

PARISIANS IN A PANIC

Clericals Would Overthrow Republic. Citizens Prepare for Siege. PARIS, April 20.—Considerable amusement has been caused here among the Socialists and Radicals by the assertions of many Royalist and Clerical newspapers that the beautification of Joan of Arc, which occurred at Rome Sunday, marks the beginning of a movement which will overthrow the republic.

In the course of his flight he charged on a woman who wore a red waist, knocked her down and trampled her; ran over two school children, drove a couple of hundred children back into a school building, wrecked a fish store and a tailor shop and was finally killed after a squad of policemen had fired fifteen revolver shots at him from the safe vantage of a patrol wagon.

WOMEN SOCIALISTS CALL FOR ACTION

Women's Agitation Committee to Investigate Details of Suffrage Movement.

The Women's Agitation Committee of the Socialist party of Kings County at a meeting held last Sunday arranged to send speakers to the districts that had set aside special meetings for agitation among women.

The delegates reported that their respective districts had decided to hold the time for transaction of business only to their meetings.

Whereas, in the recent municipal elections in Milwaukee a local newspaper reports: "The participation of the male voters in the election was remarkably weak."

Whereas, the fact that women do not participate in the elections which are open to them is used frequently as an argument to prove the futility of a more extended suffrage.

Whereas, the women of the Socialist party strive to obtain the ballot not only because of its benefit to the female sex, but as a means of awakening the interest of women in public affairs.

Resolved, That the Central Committee of Local Kings County request the National Women's Committee.

Resolved, That to draw up a tabulated statement of the cities and states in which women have secured the right to either a full or restricted franchise in local, state or national affairs.

Resolved, That organizers be sent out and that appropriate leaflets be widely distributed in these states with a view of influencing the elections and pointing out the importance of the use of the ballot.

JUDGE PALMERI TELLS BROOKLYN AUDIENCE ABOUT JUDICIAL "IMPARTIALITY"

Ex-Judge Palmeri delivered a highly interesting lecture to a large audience at Hart's Hall, Gates avenue and Broadway, Brooklyn, last Sunday afternoon.

His subject was "The Evolution of the Criminal Law; Its Modern Abuses and Inequalities." He started in by explaining the origin of the old laws among the early Romans, ancient Hebrews and Greeks.

He traced the progress of English law, mentioning the many humane ways of treating criminals, such as hanging a man for three minutes, then cutting him down and gently slitting open what to our modern aldermen is the most important part of the body.

Coming down to modern times, Mr. Palmeri said that in this state up to the year 1849 the defendant was never permitted to go on the stand in his own behalf.

He pointed out that the system of the judge as arbiter is a particularly efficient one. As an improvement in our judicial system he cited the laws enacted against trusts, such as against illegal rebating.

UNFORTUNATELY IT'S TRUE. "Dear Comrades: In soliciting subscriptions it is no uncommon thing to find Socialists who do not subscribe to a Socialist paper."

"A Still greater number, who expend twenty-five to fifty cents a year, think it quite a sacrifice and feel their duty done toward the cause which they say they have at heart.

"If we could only get them to realize that the five cents daily amounts to \$18.25 for the year—more than enough to bring every Socialist publication in the country to their door—our papers would be well supported.

and further, that Comrade Emil Simon did not specifically repudiate the placing of his name upon the Republican ticket.

In response to a letter from Hubert Langerock, of Portland, Ore., the National Secretary was instructed to inform Mr. Langerock that while the committee believed his suggestion for an international news service to be timely, it was primarily a matter to be taken up by the editors of the party press.

DOINGS IN THE WORLD OF SPORTS

Runners Who Took Part in Boston Marathon Run Yesterday

FOUR NEW YORKERS AMONG FIRST FIVE

Henri Renaud, a nineteen-year-old French-Canadian youth of Nashua, N. H., won the thirteenth annual Boston Athletic Association Marathon race this afternoon. He finished in almost perfect condition. His time was 2 hours, 3 minutes and 56 4-5 seconds.

The honor of winning was about the only one that the squad of thirty New York runners competing did not gain, for they finished second, third, fourth, fifth and eighth, thus winning more than half of the trophies at stake.

Harry Jensen of the Pastime Athletic Club, finished second, a good half-mile in the rear of the stout-hearted French boy, and Pat Grant was third. Jim Crowley, the sturdy distance-runner of the Irish-American Athletic Association, who was strongly fancied as the winner previous to the race, finished fourth. His great strength and courage stood him in good stead, and while his adversaries withered beneath the broiling sun of the last half of the course, he eventually waded through the tired and worn-out men ahead of him and landed fourth prize.

The veteran of them all, little Sammy McEllor, of Yonkers, winner of the same race in 1902, romped in fifth. After McEllor came the first Boston lad, Joseph P. McHugh, of South Boston, and after him was Eddie Ryder of the Oakland Athletic Association, of Jamaica Plain, Boston. Next and the last man to receive one of the handsome cups was Carl Schloppm, of Yonkers.

SCHOOLBOYS TO HOLD BIG ATHLETIC MEET. The fifth annual indoor meet of Public School 77 will be held at the Eighth Regiment armory next Saturday evening. Seventeen events have been arranged for the meeting, including several open events, which will be contested by some of the best athletes. The closed events of the meet will bring together grown-up boys down to forty-pound midgets. The open events are: One-half mile walk, novice, open to members of Amateur Athletic Union; two-mile bicycle race, handicap, for members of the Military Athletic League; 880-yard run, open to graduates; 440-yard run, closed to the Harlem Evening High School; 440-yard run, open to High Schools; Public School Athletic League; 440-yard elementary relay, 85-pound class, Public School Athletic League. Entries close with W. M. Mohr, Public School 77, 400 East 84th street.

HARD LUCK YANKS STILL WINNING GAMES

Table with columns: Standing of the Clubs, Won, Lost, Per C. Lists Detroit, New York, Boston, Philadelphia, Cleveland, St. Louis, Washington, Chicago.

Yesterday's Results. New York, 4; Philadelphia, 2. Boston, 5; Washington, 4. The St. Louis-Chicago game and Detroit-Cleveland games were postponed on account of rain.

A little baseball generalship on the part of Tullings won the game for the Highlanders yesterday. In the seventh inning he sent in two substitute batsmen for his battery, and the trick helped the Yankees to victory. With two men out, Laporte tripled. He scored on Knight's single. The substitute batsmen, Demmitt and McIlwain, secured passes, and then Cree did the rest. Rube Vickers had pitched good ball up to this inning, but Laporte's terrific drive to the left field fence sent him ballooning, and before he got on his feet again the Athletics were beaten.

The Yankees really should have made their victory more emphatic, as they lost several runs by poor base running. Collins, Murphy and Davis were practically the whole show for the Athletics. Davis scored the first run for his side in the second inning on the single. O'Drings' sacrifice, Barry's hit and Thomas' force, which really should have been a double play, kept the Yankees from scoring in the second to spoil it.

TAME BOUTS AT MARATHON. The boxing show at the Marathon Athletic Club in Brooklyn was held last night without any interference from the police. Early in the afternoon the managers of the club procured an order from Justice Carr in the Supreme Court of the State restraining the coppers from forbidding entering the clubhouse or interfering with the bouts. Notwithstanding the order, Captain Cullen and several of his men were present as spectators, having been invited to attend the show as guests of the club officials. The final bout brought together Sonny Smith and Eddie Morris. Sonny boxed very cleverly and completely outpointed his opponent in three rounds.

TO TRY NIGHT BASEBALL. As a result of the new system of lighting to be used Saturday night when Alfred Shrubbs meets Henri St. Yves, the Marathon Derby winner, it is likely that local baseball fans will have a chance to witness the national game played at night. The system was tried out again last night for the edification of Frank Farrell, president of the Yankees, and it worked with such perfection that the magnate thinks favorable of arranging a series of night ball games.

QUAKERS GET ONE FROM THE GIANTS

Philadelphia broke the ice yesterday, winning their first game of the season from New York by the score of 2 to 2.

The Quakers got to Otis Crandall for an early start. After that their brilliant defence, in which Osborne, Maffee and Doolin played star parts, repelled the Giants when runs looked sure.

Through suffering severely from a badly injured finger, Manager John McGraw was on the bench directing the team. He yanked Crandall out of the box and sent "Bull" Durham to the firing line. He held the Quakers to one hit, a double by Titus in the fourth inning. Durham was taken out to let Big Chief Meyers go to bat, and Russ Raymond finished the game.

Neither Bull nor Bugs was ever in danger of a run being scored on them, but the damage had been done.

IN THE MAGAZINES

The International Socialist Review for April opens with a timely and sensational article on "The Private Prison of Diaz."

The second article in this issue is by Robert Hunter, who argues in support of the tactics adopted by the British Labor party.

There are two errors concerning marriage deeply rooted in the popular mind and feeling: that monogamy is itself something which is consistently practiced will settle all the troubles attaching to the state of matrimony.

Edwin Markham is the subject of the leading article in Human Life for April. He is characterized by Bailey Millard as "a poet who lives on poetry."

The "Poems of a Super Tramp" are described by Amy Wellington in the St. Louis Mirror of April 8. The super tramp in question is William H. Davis, a young West Virginian.

OUR DAILY POEM

IDEALIA. By Charles H. Marsden. In a zone of quiet waters in the Sargasso Sea, is an island undiscovered. Known to not a soul but me.

There the mine are unexploited. While the hills are forest crowned, and the rivers, unpolluted, irrigate the harvest ground.

Oh, I love thee! fairest island; I, an exile on the shore; Voice aloud my protestations, While the angry breakers roar.

MASKING THEIR TREACHERY. A number of "labor" journals that have accepted the advertisement of the W. L. Douglas Shoe Company are endeavoring to justify their treason by questioning the methods of President Tobin of the Boot and Shoe Workers' Union.

Jack London has a story, "Aloha Oe," in the May Smart Set. He also writes in the Contemporary Review "The Spers of Moikoi." This last article is one of the fruits of his trip across the Pacific on board the Snark.

THE MODERN DOCTOR. Professor Eulenberg is credited with the authorship of "The Aphorisms of a Nerve Specialist," recently published in Germany.

OUR DAILY PUZZLE. Our Daily Puzzle. A word puzzle with a picture of a man and a dog.

MONUMENT TO A DOG. Near the Hospice of St. Bernard, Switzerland, is a monument to Barry, one of the dogs which always interests tourists.
