A POLITICAL STUDY.

A. Labor Council That Can Be Used.

The All-Party Labor Council has attained a new and significant altitude of the Socialist Party—

Counsling Men Out.

In London, Ontario, there has been a rapid growth of the labor movement. The All-Party Labor Council has become an important feature of the political life of the city. It has been able to unite all sections of the labor movement, and to give a clear and united voice to the demands of the workers.

The Council has been successful in obtaining better wages and working conditions for the laboring class. It has also been able to influence public opinion in favor of the causes it represents.

TREASON

THE MACONNAKH'S APPRENTICE

TO DAY

The Socialist Democratic party, as it is seen from its weekly line Chicago Daily State, is on the defensive. The party's socialistic platform, not only in the abstract, but in its concrete and practical application, is in the air. The party is prepared to meet the crisis of the hour. The Socialist Labor Party, having been the only one of the radical parties to hold to its principles, is in a majority. Its members are determined to hold the ground they have gained. The Socialist Labor Party is not only a political party, but a movement. It is a movement, not for revolution, but for social justice. It is a movement, not for immediate changes, but for long-term goals. It is a movement, not for the overthrow of the present system, but for the creation of a new one.
