FAXING SWIFT PLAYS AGAINST THE T. & L. A. FOR MONTHS.

His blow-like tudes and a baldamento
The bowler of the eight hour day
Demanded a new game, and so the
Black and White Workers' Association
Was organized.

Our organization was the result of an unsuccessful attempt of a factory to organize the Association of Machinists here. The factory at an early date contacted our Association, and thought he saw a chance to get a profit out of the it.

We called a closed meeting and he was expelled. We then went to the Association of Machinists and we had drawn up a contract for the machine

We worked our best to maintain the best of the organization and we did the best we could, but we had some little interest in the work.

In the end, it all proved a failure and we left the Association of Machinists.

The "Little Farmer" and the Corporation Make a Good Thing Out of It

A new bill is being introduced into the legislature of Colorado to provide for the construction of a canal. The bill is being supported by the corporation, which has already spent a large amount of money on the project.

When you want a new bill, you have to go to the state legislature. You can't get it from the government. You have to go to the state legislature, or you can't get it.

The bill is a joke, the law is a joke, the government is a joke, and the corporation is a joke. You have to go to the state legislature, or you can't get it.

The "Equalization of Wages" Scheme Introduced in Louisville, Ky.

LONGBORNE, R. I., April 20—On the first day of the year, the first day of the year, the Longsboro company introduced a scheme of equalization of wages.

The scheme is based on the idea that there are three levels of wage earners. At the top level are those who own their own business and are responsible for the business. At the middle level are those who work for a wage and have no control over the business. At the bottom level are those who work for a wage and have no control over the business.

The purpose of the scheme is to provide a level of wages for all workers, regardless of their position in the company. The scheme was introduced by the Longsboro company, which is located in Longsboro, R. I.

The company has been in operation for over 50 years and has a large and loyal following. The company is known for its fair treatment of its employees and its commitment to providing a good working environment.

The Work of Furthering the Cause of Socialism

"A New Capitalist Utilizes Organization in Further Cause of Socialism"--Helpers of the "Daily Laborer"...a Message to the Working Class of the Socialist Labor Party.

A question has been asked me often: "How can it be that one out of every four or five of the voting population is not voting for the Socialist Labor candidate?" The answer is that the Socialist Labor candidate in every election is the only candidate who votes as he would in office.

The reason is not, as some say, that he is not able. It is not, as others say, that the Socialist Labor candidate is not popular. It is not, as some say, that he is not ready. It is not, as others say, that the Socialist Labor candidate is not equipped with the proper qualifications. The reason is that he is not dared. The reason is that he is not dared because he is not dared by the Socialist Labor Party.

"The reason is that he is not dared because he is not dared by the Socialist Labor Party....The reason is that he is not dared because he is not dared by the Socialist Labor Party."

To say that he is not dared because he is not dared by the Socialist Labor Party is to say that he is not dared because he is not dared by the Socialist Labor Party.

The reason is that he is not dared because he is not dared by the Socialist Labor Party.

**THE CHARYBDIS AND SCYLLA OF SOCIALISM.**

Let us face it, Mr. Roosevelt shrink from a socialist. To do so is to court disaster. To be a socialist means to be a friend of the working classes, and to work for their welfare. But it is not easy to be a socialist and to be a politician at the same time. The problem is to find a way of being both a socialist and a politician, and to do so without compromising one's principles.

**DUBLIN, IRELAND.**

April 7. Five years ago when Socialism was first introduced into Ireland, the condition of the working classes was miserable. Now, however, the condition of the working classes in Ireland is vastly improved, and the Socialists have made a great progress.
