Quincy's speech is a gem of oratory.

For myself, I do not believe

The only question is whether

The Delegates of the Lone Star State Voted to Find Out Where It Is.

The Texas contingent of the Demo- cratic National Committee met at the O'Connor Hotel, Dallas, the headquarters of the state committee, yesterday afternoon for the first sessions of the 10-day state and national convention. It was at the end of the street car line, but there was no lack of railroad money to get there.

A three-inch pile of reports, resolutions and party platforms was quizzed over by the delegates, one of whom was a member of the House of Representatives.

The convention was held in the auditorium of the Hotel Texas, a large building.

The purpose of the convention was to discuss the platform of the party of the "Socialist" candidates, as it was the only one which received the vote of the majority of the citizens.

They proceeded to make out a platform, which included a statement of the duties of the state committee, the rights and privileges of the state party, and the duties of the state party. The platform also included a statement of the duties of the state party, and the duties of the state party.

The Social Democratic Socialist (SDS) is a new political party that was established in 1901. It was founded by a group of socialists who were dissatisfied with the existing political parties. The SDS advocates for a socialist revolution and the establishment of a classless society.

The SDS has been labeled as a radical party, and has faced opposition from the mainstream political parties. Despite this, the SDS has gained a following among workers and intellectuals.

In the next issue, we will continue to cover the activities of the SDS and their impact on the political landscape.
