A BOUNDLESS NATION.

CAPITALISM WIPES OUT ALL DISTINCTIONS BETWEEN COUNTRIES.

The Socialist Republic.

The Socialist Republic.

The first and most important production for use by man, was and is the production of food. The socialist state is not merely a mechanism for the distribution of food, but is the very basis of the production of all other products. The socialist state is the basis of all production. It is the socialist state that dominates and controls all the means of production.

WE WEEKLY PEOPLE, SATURDAY, MARCH 1, 1902.

GOV. TAFT A FORBIDDEN TRAVELLER.

Washington, D.C. — The Senate recently refused to stand by the Senate Committee on Commerce in any case where the Secretary of Commerce and Labor had taken a position before the Senate Committee on Commerce and Labor.

The move is regarded as a serious blow to the Senate Committee on Commerce, and it is feared that the Senate Committee on Commerce may lose its independence.

The Senate Committee on Commerce has been a powerful force in the Senate, and it is feared that if the Senate Committee on Commerce is weakened, the Senate may lose its independence.

The Senate Committee on Commerce is regarded as a progressive body, and it is feared that if the Senate Committee on Commerce is weakened, the Senate may lose its independence.
