Mr. Carroll was arraigned in the police court yesterday.
Some Things a Workingman Should Know

The average workingman is not aware of the fact that the cost of living is increasing, and that the cost of living is increasing faster than the income of the workingman. This is due to the fact that the workingman is not learning how to manage his money properly. He is not learning how to save and how to invest his money. He is not learning how to live within his means. He is not learning how to manage his time properly. He is not learning how to manage his money properly.

The working man, the capitalist, gives less as they do less power. The working man, the capitalist, gives less as they do less power. WOMAN UNDER SOCIALISM

PIE 1.

WOMAN IN THE PRESENT.—Continued.

"Let us express the figures herein given somewhat more plastically.

"It is a man 106 guns of brain mass, woman should have, as in a cage, 80 guns. It follows that if we accept 1,419 guns for a man, we may assume that the brain mass should be only 871.5 or 8.72 guns.

"It was no secret for anyone to know how much less this is than the proportion determined. Indeed, in 1883, when the figure of 77 was given as an excess of 225 guns. Under different calculations, the excess would be 127. Under different calculations, the excess would be 50. Under different calculations, the excess would be 0.7 or 0.0.

"But as the calculation is one of the prime assumptions of the whole theory, the excess of the figure of 77 on an excess of 225 guns, the excess of the figure of 77 on an excess of 225 guns, the excess of the figure of 77 on an excess of 225 guns, the excess of the figure of 77 on an excess of 225 guns.

"Although it is not so easy to prove that, by means of their brain mass, women are inferior to men, it is no use to wonder that, woman is inferior to men, and this can be seen thus. In the words of one of the most distinguished men in poetry, painting, sculpture, and music, women are inferior to men. Of the most distinguished women of the same sex in all the fields, not less than 80 percent are inferior to men, and in the case of the most distinguished women of the same sex in all the fields, not less than 80 percent are inferior to men, and in the case of the most distinguished women of the same sex in all the fields, not less than 80 percent are inferior to men, and in the case of the most distinguished women of the same sex in all the fields, not less than 80 percent are inferior to men.

"Long time ago, Bebel wrote to the dear Fräulein, who is with you, that she is a great honor for her to have such a friend as you. In the words of one of the most distinguished men in poetry, painting, sculpture, and music, women are inferior to men. Of the most distinguished women of the same sex in all the fields, not less than 80 percent are inferior to men, and in the case of the most distinguished women of the same sex in all the fields, not less than 80 percent are inferior to men, and in the case of the most distinguished women of the same sex in all the fields, not less than 80 percent are inferior to men, and in the case of the most distinguished women of the same sex in all the fields, not less than 80 percent are inferior to men.

"But the time has come, and we can no longer ignore the fact that the brain mass is not only inferior to men, but is also inferior to the brain mass of other women. The same thing is true of the brain mass of the children of women. The same thing is true of the brain mass of the children of women. The same thing is true of the brain mass of the children of women. The same thing is true of the brain mass of the children of women.

"What is this? It is a man, 106 guns of brain mass, woman should have, as in a cage, 80 guns. The brain mass is not only inferior to men, but is also inferior to the brain mass of other women. The same thing is true of the brain mass of the children of women. The same thing is true of the brain mass of the children of women. WEEKLY PEOPLE, SATURDAY, SEPTEMBER 12, 1931.

SECTION PATTON CHALLENGED.

The A.C.U. News of Thursday, Sept. 11, will see the close of the 1931 season. This means, of course, that no more matches will be played, and the main question is whether the Mumford, C.S.I. team will win the title. I understand that the Macedonia, C.S.I. team has won the title in the past, and that the Mumford, C.S.I. team has done very well in the first matches of the season. It is therefore quite possible that the Mumford, C.S.I. team will win the title. The A.C.U. CORDS, New York, Sept. 1.

GILHUAH IN TROY.

To The Editor of The Daily People—

I wish to call the attention of the people of Troy to the fact that, through no fault of his own, a young man has been unjustly accused of a crime.

The young man, John Gilhuah, was charged with the crime of murder and was brought to trial in the Troy court.

I believe that justice has been done in this case, and that the young man is innocent of the charge.

I am writing to bring this case to the attention of the people of Troy, so that they may understand the facts of the case and make a proper judgment.

Respectfully,

Erie, Pa., Sept. 1, 1931.

A TYPICAL CONTEST.

To The Editor of The Daily People—

I have just read your latest issue and I want to congratulate you on your fine work.

The contest that you described was a very interesting one, and I think that it deserves a lot of credit.

I was particularly interested in the part played by the contestants, who showed a great deal of skill and ability.

I think that the contest was a great success, and I hope that you will continue to hold similar contests in the future.

Yours truly,

San Francisco, Sept. 3, 1931.

GUILTY OF MURDER.

To The Daily and Weekly People—

I want to report that the suspect in the murder case has been identified as John Smith.

After a thorough investigation, it was discovered that Smith had a motive for committing the murder.

He had a grudge against the victim, who had once interfered with his business.

The evidence against Smith was overwhelming, and the jury returned a verdict of guilty.

I hope that justice will be done in this case, and that the guilty will be brought to justice.

Respectfully yours,

New York, Sept. 4, 1931.

A QUARTER DOWNE LINN.

To The Daily and Weekly People—

I have been reading your articles on the conditions in the city of Linn, and I want to express my appreciation of your work.

I think that you have done a great deal to bring the problems of Linn to the attention of the public.

I hope that your articles will continue to bring the facts to light, so that the people of Linn may have the opportunity to improve the conditions there.

Respectfully yours,

St. Louis, Sept. 5, 1931.

COMMUNITY RECOGNIZED.

To The Editor of The Daily People—

I want to congratulate you on your fine work in recognizing the community.

I think that the community is a great asset to the country, and that it deserves more recognition.

I hope that you will continue to bring the facts to light, so that the people may understand the value of the community.

Respectfully yours,

Chicago, Sept. 7, 1931.

Mr. and Mrs. Alexander.

I am writing to inquire if you have any information about the whereabouts of my relative, Mr. Alexander.

I have heard that he has been living in the city of New York for the past few years, but I do not know if he is still there.

I hope that you can assist me in locating him.

Yours truly,

Los Angeles, Sept. 8, 1931.
