WORKERS' PROSPERITY

What Capitalism Has Given Us For the Last Two Years and Will Continue to Give Us

Fifty-two large firms and corporations, representing a value in the hands of their employees of $4,965,000,000, have signed the "Wage-Hikes and Prosperity" pledge, promising to raise their employees' wages. This is the most impressive endorsement of the welfare capitalism observed in the history of the labor movement. It means that the workers have gained since last election.

Last year, the average wage was $3.50 per week. This year, it is $4.00 per week. Next year, it is expected to be $4.50 per week. Thus, the wages of working people have increased by 42.86% in the last two years.

The signing of the pledge is a clear indication that capital is in a strong position to continue to raise wages. It is a victory for the workers, and a defeat for the employers. The workers have shown that they are not satisfied with the status quo, and are determined to fight for a better future.

"CAPITOL UP-STATE"

S. L. P. Organizer Has Lively Times At Glens Ferry.

Glenferre, N. Y., May 14. — "Twenty-fourbit" speaking and the "inventing" of the Socialist Labor Party were the hallmarks of the meeting here today, held in the First Street Hall, and attended by a strong and enthusiastic crowd.

"Twenty-fourbit" speaking was the only order of the day and the S. L. P. organizer, who was the principal speaker, succeeded in getting the attention of the audience.
