A DUTY OF UNIONISM

A WORD IN TIME

The interesting features of the Eighteenth Amendment, as exhibited in this issue, are like the features of the whole series of Express-Telegram cartoons, for which the artist is responsible. Some comment must be made upon the idea that the reformation of the Chicago Tribune, which appears to be the concluding clause of the amendment as precisely as the constitutional amendment is, is a necessary evil. It is a necessary evil because it is the only way to prevent the spread of the amendment. It is a necessary evil because the amendment is a necessary evil. It is a necessary evil because it is the only way to prevent the spread of the amendment. It is a necessary evil because the amendment is a necessary evil.

CHICAGO, TAKE NOTICE.

Owing to the decision of the Chicago Board of Trade, the Chicago, the Socialist Labor Party ticket will not appear on the ballot in any of the wards in Chicago. Therefore, those who desire to vote for the Socialist Labor Party in this election, must write the name of the Socialist Labor Party in the blank.

On the Chicago Manifesto

[Three columns are open for the discussion of 1st, 2nd Party members and 3rd Party members alike.]

Daily People (of the Socialists and the Labor Alliance), the only news that is given to the public, which, through neglect by the press, and the want of any public opinion, has already fallen upon the people in the same way that a puff of dust on the face of the politician, will not prevent the people from being killed by the same man.

The people are not against revolution or the labor movement, but against the power that is at the head of it, which is the power of the capitalist class, which is the class that has kept the people in ignorance.

The only way to stop it is to organize the people in the cities and the towns, and to make them understand the dangers that they are in.

The people are not against the work of the Labor Alliance, but against the way in which it is done.

The people are not against the Socialists, but against the fact that they are not doing enough to organize the working class.

The people are not against the revolution, but against the way in which it is done.

The people are not against the power of the capitalist class, but against the fact that it is being used to keep the people in ignorance.

The people are not against the labor movement, but against the way in which it is done.

The people are not against the Socialists, but against the fact that they are not doing enough to organize the working class.

LABOR CENSUS:

A list of the laborers in the United States for the year 1893

BROTHER JONATHAN—Is it at all true to comprehend what you Socialists are saying, that there is no one? Do you not understand that there are many different classes of people? If you only understood what you are trying to do, you would see that there are many different classes of people. The committee of one thousand, and the committee of a thousand, who are in the American Federation of Labor, were not formed to do anything except to say that there is only one class of people. The committee of ten thousand, who are in the American Federation of Labor, were not formed to do anything except to say that there is only one class of people. The committee of a hundred thousand, who are in the American Federation of Labor, were not formed to do anything except to say that there is only one class of people. The committee of a million, who are in the American Federation of Labor, were not formed to do anything except to say that there is only one class of people.

M. W. BRIGHT'S BRILLIANT STATE.

When information reached St. Petersburg that the negotiations for a Russian loan were making progress, M. W. Bright, a member of the Russian government, was instructed to prepare a report. He accordingly prepared a report, which he sent to the Russian government, and which was published in the Russian government's official gazette. The report was received with great interest in Russia, and was eagerly studied by the Russian people. MRS. ROCKEFELLER HEADED OFF.

Among the bereaved workingmen of St. Petersburg, those who lost the most were the children of Mrs. Rockefeller, who died in a coal mine a few days ago. The children were left without a father, and were grief-stricken.

INVESTIGATING THE POOR.

The Poor Investigating Board of St. Petersburg, now investigating the conditions of the poor in the city, has heard testimony from many of the poor. The testimony was given in a spirit of sympathy and justice. A PARADE.

For will forget the memorable day when the great parade of St. Petersburg, the parade of the poor, was held in the city. The parade was a great success, and was attended by thousands of people.

New York, March 6, 1893.

The report from Utah, to the effect that a half-dozen noted capitalists and owners of coal mines in Utah, and those who are interested, have been found guilty of the most flagrant frauds, has been accepted by the Republican Party. The report was accepted by the Republican Party, and was considered as evidence of the need for a thorough investigation of the coal mines in Utah.

ARMS AND AMMUNITION.

The arms and ammunition bills have been introduced in Congress. The bills are designed to provide for the purchase of arms and ammunition for the army and navy.

STAY AWAY FROM NEW ORLEANS

To the Daily and Weekly People —
The street cleaner is soon to go on strike again in New Orleans, and the strike arbitration is one of the most highly publicized of this nature that has ever taken place in the country, and the local folks have conspired to give the strike a wideranging public,

The carpenters are also likely to go on strike soon, for the reason that the strike may take place in a local union of the carpenters, etc., that can work with any kind of a gang, and the strike will be a very important one.

This is the first time that the League of American Workers has ever had the opportunity of working with the carpenters, etc., that can work with any kind of a gang, and the strike will be a very important one.

If the strike takes place, a large number of carmen and other workers will be unemployed.

OFF-HAND ANSWERS TO QUESTIONS

(See preceding page.)

H. S. M. NEW YORK—There is no strike in the Socialist Labor Party in the subject of a press strike. The organization has the right to conduct a press strike in the hands of a private corporation, as it is a voluntary organization, and it has the right to conduct any kind of a strike that it desires.

W. F. MINNEAPOLIS—You may always keep the office posted with the latest news and information.

THOS. BALLANTINE ST. CHARLES, MICH.—Your address is on file here. The Socialist Labor Party is always ready to assist you in any way possible.

S. B. SACRAMENTO—There are two words in the phrase “socialism” and “socialist,” and they are not words of the same meaning. Any dictionary will define them clearly. An understanding of what is meant by either term is necessary in order to participate in any social work, the same as a mechanic understands his tools in the case of a workman.

E. H. B. SAN FRANCISCO—Why does the Labor Party not strike some of the local unions? The Labor Party is a national organization, and it has the right to conduct any kind of a strike that it desires, and it has the right to conduct any kind of a strike that it desires, and it has the right to conduct any kind of a strike that it desires.

J. A. S. PHILADELPHIA—Why does the Labor Party not strike some of the local unions? The Labor Party is a national organization, and it has the right to conduct any kind of a strike that it desires, and it has the right to conduct any kind of a strike that it desires.

C. G. P. BURGOMASTER, BALTIMORE—What is the effect of the Socialist Labor Party and the Socialist Labor Party in local affairs? The effect of the Socialist Labor Party and the Socialist Labor Party in local affairs is the same as the effect of any other political body in local affairs.

J. E. B., NEW HAVEN—How do you think the Socialist Labor Party is going to affect the course of events? The Socialist Labor Party is going to affect the course of events, and it will affect the course of events.

OUT OF WORK

The naval strike is "no work."

That seems a contradiction, but it's
not.

This is an unusual week in which
no pay is anything but bad news for
men on the naval station. The long-
march of the strike, with little hope of
immediate settlement, has left the
men in a state of gloom. The loss of
pay is a severe blow to a group of
men who are used to living on a tight
budget. They are beginning to feel the
pressure of the financial strain.

The naval strike is "no work." It
may be that the men will have to
find other work in the meantime. It
remains to be seen how long the strike
will last.
