NEW ORLEANS' PROTEST
AGAINST MOTHER-SAYWOOD OUT- RAGE IN NEW ORLEANS.

Twenty-two organizations Represented at a meeting held last Friday night to protest against the beating of a Negro last week in New Orleans, publicly condemned the incident. The meeting was a joint one of the American Labor Organs, the American Federation of Labor and the Catholic Labor League.

As reported in this journal last week, the beating of a Negro by a white man in New Orleans, has given rise to an outburst of indignation among the Negroes in many parts of the country. The incident was one of the many that have occurred in recent years, and which have caused much alarm among the Negroes.

The meeting was held in the Union Hall of the American Labor Organs, and was attended by representatives of the various organizations that had been formed to protest against such incidents. The meeting was called to order by the President of the American Labor Organs, who read a statement in which he condemned the beating of the Negro and expressed the hope that it would be followed by the conviction of the white man responsible for it.

The other speakers at the meeting included representatives of the American Federation of Labor and the Catholic Labor League, who also condemned the incident and expressed the hope that it would be followed by the conviction of the white man responsible for it.

The meeting adjourned after a brief discussion, and the participants left the Union Hall to carry on their work of protest against such incidents.

WEEKLY PEOPLE

BRITISH CONGRESS.

The British Congress of the Labor party this week passed a resolution calling for the overthrow of the Liberal government and the establishment of a socialistic republic. The resolution was adopted by a vote of 300 to 200, and was supported by most of the labor leaders in the country.

The resolution stated that the British government was not only unable to meet the demands of the working class, but was also responsible for the condition of the country. It called for the immediate overthrow of the Liberal government and the establishment of a socialistic republic, and for the establishment of a labor government in place of the present one.

The resolution was adopted by a vote of 300 to 200, and was supported by most of the labor leaders in the country. It was then referred to the executive committee for further action.

The British Congress has been meeting for the past week, and has been considering various questions relating to the labor movement in the United Kingdom. It has been particularly concerned with the condition of the working class, and has been calling for the establishment of a labor government to meet the demands of the working class.

**R** ANDICAL AND RATIONAL, A PEARLESS THUNDER OF THE WORKING CLASS: THE PROFESSIONAL UNIONS AND THE CRITICAL UNITY OF ALL WORKING MEN

"The great mass, upon whose shoulders rest the burdens of the world, do not have leisure to study the principles of political economy, or to be interested in the legislative developments of their times. They have been told, and they listen, but they do not think. They have been promised, and they believe, but they do not question. They are the victims of the delusions of the hour, the dupes of the hour, the dupes of the hour."

The Miners’ Magazine, published weekly by the Western Federation of Miners, is one of the few publications that succeed in reaching these great masses of working men and women in the struggle to drive wage slavery from the face of our planet.
