Sharpe, Okla., June 1, 1906.

Incensed over the recent decision of the Socialist Party to issue a statement which, it is said, will find acceptance nowhere in the interest of the party, the leading clergy in this state have issued the following statement: 

Resolved, That the Socialist Party of Oklahoma is not to be made the tool of any individual or clique that may arise within its ranks, that the party must be under the control of the general membership, that all members who cannot be made to conform to the rules and discipline of the party must be expelled.

In this issue of "Socialist Vote" beautiful, high quality writing is the order of the day. Our contributors, whether socialists or non-socialists, are all agreed that this is the best time in our history to vote socialist. The capitalist system is on the wane, and the socialist system is on the march. The world is moving towards socialism, and we have a duty to help bring about this change.

THE SOCIALIST VOTE

Socialist vote in the United States

The Socialist party is committed to fighting for the rights of workers and the poor. We believe that the capitalist system is oppressive and unfair, and that we need a new system that puts the needs of the people first. The Socialist party is dedicated to educating people about socialist ideas and policies, and to building a strong movement for a better society.

THE DANGERS OF THE CAPITALIST SYSTEM

The capitalist system is based on the exploitation of workers. This means that the rich get richer while the poor get poorer. We see this clearly in the current economic crisis. The banks and corporations are bailed out with taxpayer money, while working people are struggling to pay their bills. This is not a system that is working for us, and we need to change it.

THE BENEFACTOR

One of the most important things about the Socialist party is that we believe in the power of the people. We believe that when people come together and work for a common goal, they can achieve anything. This is why we are so committed to building a strong movement for a better society. We believe that the time is right for socialism, and we are dedicated to making it a reality.

AGITATION SEASON

New Year's Time in Which G Reach the Workers In Ruins

The season for agitator agitation is in the midst of us, and the open air is open and talk to our followers on the streets, on the highways and byways. When we meet them in the streets, the agitator is your especial enemy because he is not only a man, but a woman, a youth, a child, and a girl, too. They are not temporary conditions, not to be interfered with, but to be resisted to the last. We must not give in to our enemies. We must not yield. We must not yield to any pressure. We must stand firm and resist. We must resist to the last.

H. Richter, Acting Secretary.
