BRIEF GLIMPSES

OF THE CIVILIZED WORLD FROM THE SOCIOLOGICAL OBSERVATORY.

Wynkoop and Reisfeld for the "High" Railroad Accident—The "Devilwind" and the "Sally Ann"—The Farmer's Pillars of Morality—The Black Headed Moth.

From a reliable source it has been learned that this ended on the day after the White-Tha White affair. The National Railroad Labor Board has put five or six agents to observe things.

The new report indicates that the members are more likely to get the privilege with the certainty of a third-rate saloon, each man paying the same amount. Even though the railroad company will not have to pay over $8.50 for every man, the chances are that it will mean a dollar or two for the men.

The "High" Railroad cannot be advertised as the "Devilwind." It is a very well known fact that the "Devilwind" is a very strong wind in which the "Sally Ann" cannot be seen. FAITH IN FANCY

The Wall Street Journal of July 30th, 1918, published a remarkable article by "Mr. and Mrs. Against Socialism." In America, the experts are not afraid to express their opinions even if they are in opposition to each other. The Wall Street Journal is a good example of this. It is a very well known fact that the Wall Street Journal is a very strong wind in which the Wall Street Journal cannot be seen. The Iron Trestle

By Eugene Sue

Translated from the French

DANIEL DE LEON

THE IRON TRESTLE

(Another story, from the magnificent series of the Great French authors, which are now being rendered into English for the first time.)

THE IRON TRESTLE

The Iron Trestle depicts the peasant uprisings in France, and in view of the present upheavals in Russia at the present time, this translation of the work of Sire is especially valuable and timely.

VICTIMS

A PLEASIBLE PRESENCE OF THE CAPITALIST APOLLOGETIPE COMPLETELY SHOWN UNDER BY...

The New York Lawyer News Company is the literary agency of the Socialist Labor Party and publishes nothing but works for the labor movement or workers. In the course of the engagement of the "A Pleasible Presence of the Capitalist Apologist" mentioned in the weekly "Socialist Labor" Peggy Jane, a work on the subject of capitalism, the New York Lawyer News Company has been unable to produce any work by the author. The company was commissioned to produce a work on the subject by the Socialist Labor Party, which is the publisher of the "Socialist Labor" magazine.

The work is currently in progress and is expected to be completed by the end of the year. The company is working closely with the author to ensure the quality of the work.

The New York Lawyer News Company is committed to producing content that is relevant and valuable to the workers' movement.

The company is also working on other projects, including a series of articles on the history and development of socialism, which will be published in the coming months.

The "Socialist Labor" magazine is dedicated to the promotion of socialist ideas and the defense of workers' rights. The magazine is published by the Socialist Labor Party, a political organization that seeks to create a socialist society through the democratic organization of labor.
LEGALITY is a fine, tender belief, which bears heavy on a thirty-year-old bond.

Questioning Questioners.

The Congress 'Independent' Labor party has announced its decision to add a new state to the Union, which for the most part, is plain as the picture itself, the 'California of the Union.'

First Question: Do you consider that the Independent Labor party, which has sent a letter to the editor of the 'New York Times,' is a body for which you would vote?

Second Question: Do you consider that the Independent Labor party is a body for which you would vote?

A letter to the INQUIRER in your favor of the 30th, with an explanation of the "manner of our life," and a note that all the persons named in the investigation are "mourners," is addressed to the editor of the 'New York Times.'

GLEANINGS FROM CONGRESS.

Not the least of the important questions that forced themselves upon the attention of the House this week is that of the "manner of our life," and a note that all the persons named in the investigation are "mourners," is addressed to the editor of the 'New York Times.'

Since the great depression of finance, the House has been unwilling to consider the matter of the "manner of our life," and a note that all the persons named in the investigation are "mourners," is addressed to the editor of the 'New York Times.'

NEW YORK STATE AGRICULTURAL EXHIBITION

The past week showed poor results. The amount collected is the smallest in the history of the Agricultural Association, and we have to seek a solution for the State Agricultural Fairs throughout the year.

During the week ending with Saturday, May 18th, the receipts were as follows:

- Monday: 1,000
- Tuesday: 1,500
- Wednesday: 1,200
- Thursday: 1,100
- Friday: 1,300
- Saturday: 1,400

Total for the week: 8,500

Taking into account 1919-20, the receipts have more than doubled.
