DE LONI SPOKES FROM I. W. W., B. S., AND A. L. P. PLATFORMS

All the Socialist elements in the City of Los Angeles, Persecuted Agitators and Dissident Sections Discontinue the Situation of the I. W. W.

Los Angeles, April 4.—Daniel De Loni arrived here from St. Louis, Thursday afternoon. De Loni is secretary of the I. W. W. and his friends were impressed by his appearance. His eyes were fixed on the exasperated masses, and his intelligence and tact were evident in his expression of happiness at having joined the march. His argument against the sit-down strike was met with applause from the crowd.

De Loni has been an active member of the Socialist party for many years. He has been a strong advocate of labor legislation and has worked hard to improve the working conditions of the workers. In his speech, he emphasized the need for unity among the workers and the importance of working class solidarity.

De Loni's speech was well received by the crowd, and his message was echoed by many of the leaders of the Socialist party. The meeting was a success and the Socialist party gained support from the workers.

BIG SLAUGHTER

Drown Damaging Figures for its Own Purposes By an Insurance Company

The figures compiled by the Insurance Company were based on the assumption that the dams would not collapse. However, it was later found that the dams were not adequately supported by the underlying rock and soil. The collapse of the dams caused a large number of deaths and injuries. The Insurance Company was aware of the risks involved, but chose to ignore them in order to maximize profits.

The Insurance Company was also aware of the potential for large losses in the event of a dam failure. However, in order to avoid paying large sums of money to the victims of the accident, the Insurance Company deliberately understated the figures. The company was able to avoid paying the full compensation that was due to the victims by using a formula that reduced the actual losses.

The Insurance Company's actions were considered to be unethical and were criticized by many. The company faced a number of lawsuits as a result of its actions. The company ultimately paid out a large sum of money to the victims of the accident, but the damage had already been done.

WOMAN'S FIELD

SOMETHING DONE IN BUFFALO I. W. W. THAT SHOULD INTEREST PROTESTANT WIVES.

The secret order, the Woman's Order of the Industrial Workers of the World, is conducting a campaign for the betterment of the working woman and the establishment of labor standards. They are working to improve the conditions of women workers, and to secure equal pay for equal work.

In Buffalo, the women members have undertaken a task that should command the interest of Protestant wives. They are involved in the fight for the eight-hour day and against sweatshops. They are demanding better working conditions and fair treatment for women in the workplace.

This is not just a local issue. The Woman's Order of the Industrial Workers of the World is a national organization that is active in many cities across the country. They are working to empower women and promote social justice.

In the struggle for women's rights, we stand united as sisters. Let us support the efforts of these brave women who are fighting for a better future.

SOCIALIST WOMEN

Of Greater New York (CN) Thanks to Socialist Press and Committee of Awards.

The Socialist Women of Greater New York desire to express their heartfelt thanks to the Socialist Press and the Committee of Awards for the publication of their call for a price increase of 10c on all publications of the United States Socialists. This increase, the necessary cost of living increase, has not been a subject of discussion in the circles of the English-speaking socialists.

The hearty response with which this call was endorsed by the socialists in all parts of the country is a cause for great satisfaction. The fact that the price increase was not met by a similar response in the circles of the English socialists is, however, of some concern.

The Socialist Women of Greater New York hope that the price increase will be met by the English socialists in a similar manner. They are confident that the Socialist movement in this country will continue to grow and develop.

STAY COOL TOWARDS ESTIMATED AMOUNT ADDED, BRING THE TOTAL NEAR $2,500 MARK.

The Moving Fund went up another good week last week—$99 were added, bringing the total amount over $2,500. This will leave $1,000 to be collected before the estimated amount of $2,500 is reached. The committee is working hard to meet this final goal.

Los Angeles, April 29—The current financial situation of the Moving Fund organization was discussed at a meeting of the Board of Directors held here yesterday. The committee reported that the total amount collected from the various sources is now over $2,300, and that the goal of $2,500 is within reach.
