The Board of the Illinois Central Telephone Company met in Chicago this week and determined that there will be a general increase in rates effective January 1, 1950. The action was taken following a study of operations and expenses for the past year, and the board found that current rates did not fully cover the cost of providing service. The new rates will apply to all residential and business customers and will result in an increase of approximately 10% for most services. The board stated that the increase was necessary to ensure the continued operation and expansion of the company's services.

MONETARY SUNK FROM THE STATE OF IDAHO SPENT IN CONFRONTATION AGAINST HAYWARD.

Boise, Idaho, July 31 (Edith until re-labeled by William D. Haywood) — The Senator today released the account of his expenses incurred in the attempted judicial murder of Senator Hays who was taken from the hands of the court and returned to his home before the court could consider the matter. In other words, representing several thousand dollars' expenditure will come between the hands of the court and the Senator's expenses.

The total of the prosecutions' tabulated accounts amounts to $684,650.00, $344,650.00 of which is the cost of the Pinkerton National Detective Agency's effort to trace Senator Hays, leaving the rest of $344,650 to be distributed among the several other expenses. It is stated that a part of what Hays is spending money on is to trace Senator Hays. ONE LIVE ORGANIZATION

Section Seattle's work should put some larger sec- tion into the picture, and if the S. P. L., through the medium of the M. I. U., should give some further indication of the fact that it is not a fortnightly concern, but a steady working proposition, it will be able to make a much better appeal to the people.

The undervalued were cleared by the S. P. L. from the minds of the people, and the workers themselves, as a result of the changes in the conditions of work which it brought about. The results were so marked that the S. P. L. has been able to make a steady appeal to the people, and to show them the benefits which it has brought about.

The S. P. L. has been able to show the people that it is not a fortnightly concern, but a steady working proposition, and that it is not only a fortnightly concern, but a steady working proposition. The S. P. L. has been able to show the people that it is not only a fortnightly concern, but a steady working proposition.

CHILDREN'S HOUR

By dear little Cunidee—Children are very seldom cruel because they have never been taught to be so. There are some boys or girls who are very cruel and will do anything to hurt others. Some are even cruel to their own pets. They do not understand what makes them cruel, but they just seem to like to be cruel, and they enjoy doing it. The cruelty is not always against other children, but it is often against animals, too. The pet that is most likely to be cruel is the cat, because they have a natural instinct to hunt and kill. The dog is the closest relative of the cat, and it is also very prone to cruelty.
