SHIPPY IN TROUBLE

Killing of a Russian in Chicago.

Police Rebuff to Do It. But Jewish Residents of Chicago Put Lawyers on the Case and Are Easing Pressure on the Mayor.

Chicago, III., March 10.—The death of a Russian in Chicago has again brought to the fore the question of racial discrimination.

The body of a Russian, aged 35, was found in an alley in the south side of the city yesterday. The cause of death was stated to be interference with the administration of justice.

The death of the Russian has caused much disturbance in the city, and has brought about a great deal of trouble. The police have been accused of neglecting to investigate the case properly, and of allowing the body to remain unexamined for several days. The police have also been accused of allowing the body to be removed from the scene of the crime without taking any steps to prevent it.

THE WORKING CLASS
AND WHY TRUE SOCIALISM CONTINUES ITS PROPAGANDA TO THAT CLAS.

It is a formal conclusion that no West Indian is a manufacturer, the small farmer
is his own employer, and the small merchant
a small merchant, as long as he is the owner of
his own store, or of his own shop. But when he
is employed by the capitalist, his is a job, and
in either case he is no longer a master of his
own store, or of his own shop. Thus, the small
merchant is the employee of the capitalist,
and the small farmer is employed by the capi-
talist, who owns the farm.

The news of the Spanish towns that many an American settle-
ment is being abandoned to the Spaniards is not new. It is
often heard at the table when a group of old-time residents
of the country are gathered together. They have heard it before,
and they know that it is nothing new. It is just another example of
the way things are going in the world today.

THE PROPHET'S PROPHECY

John B. Walsh, on the other hand, is more optimistic about
the future. He believes that the situation will improve in time,
and that the people will begin to understand the value of
their property. He says that the government is doing its best
to help them, and that they should not lose heart.

THE CONCLUSION

As we look back on the events of the past year,
we can see that there were many changes that took place.
Some of these changes were for the better, while others were
for the worse. But one thing is certain: the future will bring
many more changes. We can only hope that the people will be
able to adapt themselves to these changes, and that they will
be able to find a way to make the best of them.

T. O. F. M., MUNDEO, N.J.—Now to the point. To be brief, as I have no time to write more at this moment. It is a matter of fact that the "New Order" is coming true. The Commune will be realized, and the race will end. It is not possible for me to answer all questions, as I have no time. But I can tell you this much: the "New Order" is coming true, and the race will end. The "New Order" is coming true, and the race will end.

R. W. SACRAMENTO, CAL.—"Can't you tell me if there is any possibility of my planting a private line of property needed to exercise his inheritance, heredity, etc.?"

PRIVATELY OWNED indispensable property of the French workers must be collectivized. Society will make these indispensable things for production COLLECTIVELY. Every man, so we say, will have a share in society, that is, collect the system of private ownership. "Capital" is not the plant of production. Next question next week.
