SLAVES IN THE ANGEL CITY

By One of His Slaves, San Pedro, Calif.

In the city of San Pedro, Los Angeles Railway, otherwise called Los Angeles' "City of Angels," is going to present civic pageant, entitled by the native sons of the Anglo-Saxon race. This will be the first pageant of its kind in the world.

The price of gold has gone down 7.40 for each and that of silver 0.90.

The rise in the price of commodities is greatly affecting the workers, who are not getting full wages for their labor. The prices of raw materials and fabrics, and other industrial products have also risen, and this is a matter that should be checked before the production of goods is increased.

The price of gold has increased 23.50 and that of silver 13.60 for each.

THE WORKERS’ REVOLT

They have to come against oppression, and be ready for self-protection.

The work of the proletariat has been hard and long, and the extended use of machinery and the工厂 owners’ demands for labor is not comfort for the worker. The struggle for the worker has been fought by the working class, and the factory owners, of whom only the simplest, are struck and easily duped by the workers’ agitation. The cost of living has increased, and the prices of commodities have gone up. The raw materials of industry have increased in cost, and the prices of labor have increased, either by prolongation of the workday or by reduction of wages.

In proportion as labor increases, the division of labor decreases. The class struggle and the class struggle of the proletariat begin in the factory. The laborer is no longer a man, but a machine.

The proletariat begins with the factory, and the factory is the source of all the other classes. The working class has the responsibility of the working class, and the working class must be the group that directly exploits them. They are the factory owners who make the machines, and they are the factory workers who work them.

THE CAMPAIGN HUMMING IN THE SUNSHINE.

To the Daily and Weekly People:

The campaign is humming in the sunshine. The Socialist and labor forces are all out in force. The meetings are being held in the parks and streets, and the halls are filled to capacity. The candidates are meeting with much success. The elections are looking bright, and the victory is sure.

The campaign is expected to be a close one, and the Socialists are working hard to secure the victory. The workers are enthusiastic, and the labor movement is gaining strength daily.

LETTER-BOX.

To the Daily and Weekly People:

I am a strong supporter of the Socialist cause, and I am writing to express my deep concern about the current political situation. The government is corrupt, and the rich are using their power to suppress the voice of the people.

I urge all Socialists to stand firm and work towards a better future. We must not compromise on our principles, and we must continue to fight for justice and equality.

Sincerely yours,

J. Smith, Toronto, Aug. 15.

THE R.P. AND THE PRESTON NOMINATION.

To the Daily and Weekly People:

The R.P. and the Preston nomination are causing quite a stir in the political world. The R.P. is a new party that has emerged recently, and it is gaining popularity among the working class.

The Preston nomination is an old party that has been in existence for many years. It is a conservative party that is opposed to the Socialists and the working class.

The R.P. and the Preston nomination are in a close race, and it is difficult to predict the outcome. The Socialists are working hard to secure victory, and they are confident of winning.

E. B. Fordhead, Mississauga, Aug. 15.

OUTLOOK VERY BAD IN PROVINCE.

To the Daily and Weekly People:

The outlook in the province is very bad. The economy is in a state of depression, and the unemployment rate is high. The government is not doing enough to address the situation, and the workers are suffering.

The Socialists are calling for immediate action to address the crisis. They are demanding that the government provide employment opportunities and social security for the workers.

E. B. Fordhead, Mississauga, Aug. 15.

CORRESPONDENCE.

[Correspondence submitted to the editor of the Daily and Weekly People]

REPLY TO PETER SMITH.

To the Editor of the Daily and Weekly People:

I appreciate your letter expressing your support for the Socialist cause. I agree with you that the government is corrupt and that the rich are using their power to suppress the voice of the people.

I urge all Socialists to stand firm and work towards a better future. We must not compromise on our principles, and we must continue to fight for justice and equality.

Sincerely yours,

J. Smith, Toronto, Aug. 15.

THE BRYANT MOVEMENT.

To the Daily and Weekly People:

The Bryant movement is gaining momentum. The Bryant movement is a group of workers who are demanding better working conditions and higher wages.

The Bryant movement is a threat to the government, and the government is trying to suppress it. The Socialists are supporting the Bryant movement and are calling for its protection.

E. B. Fordhead, Mississauga, Aug. 15.

THE CAPITOL PAPER DARK.

To the Daily and Weekly People:

I am writing to express my concern about the Capitol paper. The Capitol paper is a conservative newspaper that is opposed to the Socialists and the working class.

The Capitol paper has been censoring articles and suppressing information that is harmful to the government. This is a threat to the freedom of the press and to the right to information.

I urge all Socialists to support independent newspapers and to demand the freedom of the press.

Sincerely yours,

J. Smith, Toronto, Aug. 15.

THE S. L. P. CIVIL RIGHTS BILL IS HEARD IN LIVELY SESSION

Gilmore Holds Big Meeting—Things Seen and Heard at a Socialist Party Convention at Seattle—A Little Politic History at an Opportunity Time

Seattle, Wash., August 15—the S. L. P. has a big meeting here. The convention of the Socialist Labor Party is in session for the purpose of having a big meeting of the party. Following the meeting of the party, the S. L. P. starts down the road and closes the eyes of the party. The S. L. P. will not be a party, but they will not be able to sell a newspaper. The convention of the day is a little too much for them. A small police force will be enough to carry on their work.

"At that time, through the People, The Socialist Party was a little more than a party.

The People are looking for a leader, a leader who will stand up for the rights of the working classes."
