WHITE SLAVERY

[From Daily People, October 28. During the late Municipal Campaign in New York.]

Richard Henry Noyes, the editor of the Daily People, published the following letter in his paper:

"Dear Sir: I am writing to express my concern regarding the issue of slavery. As a resident of the United States, I feel compelled to speak out against the inhumane treatment of African Americans. The issue of slavery is not just a concern of the South, but it affects all Americans. We must come together to demand the abolition of this cruel practice.

I have been reading about the conditions in the South, where enslaved people are forced to work under deplorable conditions. The government has ignored the cries for help from the enslaved people. We must not remain silent.

I urge you to continue to support the abolitionist movement and to demand the immediate end of slavery. Together, we can make a difference.

Sincerely,

Richard Henry Noyes"
OUR INDUSTRIAL GOVERNMENT

UNDER SHELL OF THE POLITICAL IT ALWAYS EXISTS, ONLY IT IS RUN BY THE CAPITALISTS.

Senators and Congressmen, Posing as Representatives of the People or that They Speak for Those Without, Who Own, Son, or Control Those They Call ‘Ours,’ Have Indeed Sold Out, Taken Money and Other Benefits From the Capitalists, Who Own Them, and Act as Representatives of the Big Business Companies That They Are Owned By Those They Call ‘Ours,’ and Do Not Represent anyone Else.

That Has Taken Place—All Ready Now for the Working Class to Stand Up and Run the Industrial Government to Its Own Benefit.

At this late date of the Socialist Movement the perspective is unequivocal, the course is determined, the way is cleared, and the Socialists will re-form the government, and a new government, whose representatives in the states will be the people, in the cities as well as the countryside, and who will run the business of the country, not as the Capitalists do, but as the people will. The way is clear for the Socialists to form a true, socialist government, free from all the class strata, free from all the capitalistic domination of business, free from all the capitalist domination of the government.

The Atlantic Seaboard.

"The most important thing about Washington in much the same way that the most important thing about the stockyards is the fact that they exist, is the fact that a director of the stockyards is the most important thing about it, that a stockyard is the principal industry of the United States."

"The Atlantic Seaboard is, at present, the second largest in the country, and in the last few years has been increasing in size and importance."

Sinn Gogginhas Close Social.

A close second to "Sinn Gogginhas Close," a social group of the Sinn Fein party in the United States, is the Sinn Fein party in the United States. The group is composed of men and women who are opposed to the policy of the Sinn Fein party in the United States. "Sinn Gogginhas Close Social, a group of the Sinn Fein party in the United States, is the second largest in the country, and in the last few years has been increasing in size and importance."

Up in New England.

"A jumping new England, to be sure, but a lot of it's just like a lot of the other parts of the country."

"In New England, as in the rest of the country, the situation is the same. The people are working hard, and the government is doing its best to help them."

AT THE GOLDEN GATE

Lett Loring (Medical Workers’ International News) for The People by L. E. Harlow

San Francisco is literally in the same position as any other city in the world. The skill of its people is as great as any. The city is as much a part of the world as any other. But San Francisco has something unique, something that distinguishes it from other cities. It is the birthplace of the great labor movement. The people of San Francisco have always been willing to fight for their rights. They have stood up against oppression and exploitation. They have fought for a better world. And San Francisco is a city that has never been afraid to take a stand. It is a city that has always been on the cutting edge of progress. And San Francisco is a city that will always stand up for what is right. For the people of San Francisco, the struggle for social justice is not just a matter of principle. It is a matter of survival. And San Francisco is a city that will continue to fight until the war is won.

THE DUTIES OF THE CAPITALIST

By L. E. Harlow

We have the following leaflets ready. Replenish your stock on hand at $1.00 per hundred, postage paid.

1. THE CAPITALIST SYSTEM
   A few observations on it from a socialist point of view.

2. THE WORKING CLASS
   Capitalism is the exclusive province of the working classes.

3. THE GOVERNMENT
   The working classes are not only driven out of work, but are also not permitted to express their true needs.

4. CAPITALISM JUSTIFIED
   It grinds, but then grinds the wages. Workers. Workers.

5. SOCIAL JUSTICE
   That is not the principle of the Socialists, but the principle of the Socialists.

6. PATRIOTISM
   Only the principle of the Socialists, not the principle of the Socialists.

Ancient Society

By Lewis M. Harris

This is a work furnishing a study of the society, the geographical, social, and economic conditions which existed in the ancient world. The work is divided into two parts: Part I, dealing with the geography and history of the ancient world; Part II, with the social, economic, and political conditions.

While the work in some cases almost entirely repeats that which is already available, it is hoped that it will be of great value in the study of the society.

The writer has lived in the ancient world and has written the work himself, but is not a professional student of the subject. The writer has tried to make the work as much as possible a work of reference, but has not tried to make it as a work of fiction.

The work is divided into two parts: Part I, dealing with the geography and history of the ancient world; Part II, with the social, economic, and political conditions.

I also must wonder why the people of San Francisco are so concerned about a tax on sugar. It seems to me that the tax is just a way to raise money for the city government. Why does everyone want to pay more taxes?

GAYNOR WINS
Tammey's Local Ticket Probably Defeated

Fellow Professional Bureaus Go to Work on Fellow Professional Team

W. Gaynor has been elected mayor of New York.

His victory was a personal victory for the judge whose name is quite familiar to New Yorkers. He has been on the bench for many years and has always been considered a fair and impartial officer of the court. His election to the mayorship is therefore not surprising, as many believe that he has the ability and the experience to make New York a better city.

Tammey's local ticket is probably defeated in the race for mayor. The fellow professional bureaus have gone to work on Tammey's ticket, and their efforts have been successful in this instance. The result of this election will have a marked effect on the political situation in the city, as it is expected that the political parties will make more use of the fellow professional bureaus in the future.

BETTER TALK
On Matters Pertaining to the Party

A STRAIGHT TALK
Brings Better Results, as a Matter of Course.

It is a question whether a Socialist daily paper, in the English language, should make such a pretty and wonderful effort to say what it has to say, as the 'New York Free Thinker' does. It is far better to say what it has to say, as the 'New York Free Thinker' does.

The June issue of the 'New York Free Thinker' is a remarkable number. It contains an article by a prominent lawyer, in which he discusses the question of the right of a person to be tried by a jury of his peers. The article is full of sound and practical advice, and is well worth reading.

The issue also contains an article by a prominent editor, in which he talks about the importance of the free press and the necessity of a free and independent press. These articles are most valuable, and are of great importance in the development of public opinion.

The 'New York Free Thinker' is a paper of which we can be proud. It is doing a great work in the cause of freedom and justice.
