ORGANIZED LABOUR GAINS ON MILWAUKEE CENTRE

Movement Started to Tear Up Pure and Simple—Trades Unions to Be Sent Their Own Gouges

Milwaukee, November 8.—Public strikes of the L. R. P. P. and the State and District Councils of the A. F. of L., under the leadership of C. F. Keating, the council president, have been of such an extent and in such a direction as to be considered as a distinct menace to the industrial peace of the state. The movement started at the far end of the state, in the northwestern counties, and has spread in a general direction to the south. It is the first time in the history of the state that such a movement has been attempted on a large scale.

The movements have been characterized by a desire to secure the abolition of all forms of labor exploitation, and to give the workingman a voice in the management of the factories.

The labor movement has made great strides in the northwestern counties, and has been especially successful in the counties of Ozaukee and Washington. The L. R. P. P. has secured the support of a large number of the farmers in these counties, and has been able to carry on a vigorous campaign of education among the farmers.

The L. R. P. P. has also secured the support of a number of the citizens of the state, who are in favor of the movement.

The state authorities have been opposed to the movement, and have taken steps to suppress it. The state government has also issued a proclamation ordering the state militia to be called out to maintain order.

The labor movement is likely to continue, and the state authorities are likely to take steps to suppress it.
ORGANIZED SCABBERY

The Iron Pincers—By EUGENE S. GRIFF

Translated from the Original French by DANIEL DE LEON

A Tale of the Thirteenth Century, the period that, with Music and Poetry, softened the rudeness and coarseness of previous times and prepared the way for the Age of Chivalry.

Religious bigotry still reigns supreme, and though more "refined" persists as of old.

The story has all the fascination of a drama, as it unfolds the tragedy and the laughable, giving always a true picture of the times.

PRESENT CONDITIONS AND REMEDY

PRIVATE CONTROL OF MACHINEY OF PRODUCTION ENLARGES AND DEPRIVES RACE—SOCIALISM NEEDED.

By Emil F. Worpner, College Point, N.Y.

Present economic conditions are deter-

ritorial and to the shipping and transportation of the Working Class, and it is this time clear that an end to a system should be set up to produce the whole of the output of the Working Class. However, this is not as simple as it looks, and we must be prepared for a long struggle before all our efforts are crowned with success.

We Socialists cannot agree with those who say that the trade union movement is only a means to an end, and that the trade union movement is only a means to an end, and that the trade union movement is only a means to an end. We Socialists are in favor of the trade union movement as a means to an end, and we believe that the trade union movement is only a means to an end.

Instead of using the trade union movement as a means to an end, we believe that it is only a means to an end, and we believe that it is only a means to an end.

Socialism is necessary because it is the only means to an end. The only means to an end is to establish a socialist society, and this can only be done through the trade union movement as a means to an end, and we believe that it is only a means to an end.

The trade union movement is not only a means to an end, but it is also the only means to an end. The only means to an end is to establish a socialist society, and this can only be done through the trade union movement as a means to an end, and we believe that it is only a means to an end.

Socialism is necessary because it is the only means to an end. The only means to an end is to establish a socialist society, and this can only be done through the trade union movement as a means to an end, and we believe that it is only a means to an end.

THE MYSTERIES OF THE PEOPLE

A FASCINATING: work, thrilling as a
story, yet embracing a comprehensive
history of the oppressed and op
pressed peoples from the commencement
of the present era.

Glimpse into a world where we have
donned a blindfold to see that the
story of a Galilean family through the ages, is told in words of fire.

The French edition has been approved by the
most illustrious and powerful beneficiaries of the
people, and the French Labor Party, which
emancipates the worker to a greater extent, has
pronounced it a masterpiece.

THE SMART SET

Our Re-Called "Dead" People Are
Dressy  Up Good for The Time

There is a close of people in New York city of recent interest to the
social philosopher and to the philanthropist, known as our "smart
set." Among the leading men of this set, we find a number of
individuals who have a very different moral fiber from the normal
crowd. They are very much more interesting. They appear so at first
sight, but upon closer inspection, they are seen to be nothing more
than a mass of empty words and empty promises.

In this community, the wealth which carries with it the most
notable accomplishments, it is also true that the wealth which
is possessed by a few individuals is more strikingly noticeable than
the wealth which is possessed by a large number of people. This is
true, and the result of this is that the wealth which is possessed by
these few individuals is more noticeably noticeable than the wealth
which is possessed by a large number of people.

We are knocking out these and other
injustices, and every time we knock
out these and other injustices, we
are making the world a better
place for everyone.

SOCIAL CAUSES OF HOMELESSNESS

In the Literary Magazine, published
in New York, there is an article by
C. S. P. on "The Social Causes of
Homelessness." The author
comments on the various factors
which contribute to the problem of
homelessness and discusses the
measures that can be taken to
combat it.

Resolution

Whereas, Comrade Henry Waldman, the chairman of the Socialist Labor Party of Los Angeles, was suddenly taken down by death from a heart attack.

Whereas, Comrade Waldman was always a loyal member of the party, and as such had contributed to the work of the party, he was a true socialist and a true social revolutionist.

Resolutely, therefore, the Socialist Labor Party of Los Angeles, in memory of Comrade Waldman, requests that the Socialists and all workers everywhere, contribute to the fund established for the benefit of Comrade Waldman.
