MANIFESTO ON FINLAND

ISSUED BY INTERNATIONAL SOCIALIST BUREAU, HELSINKI

Situation Criticizing Finnish-Russian Rivalry Regarded Over Right Freedom of Assembly & Right of Speech Against Social Democracy—And Left Support to Stricken Peoples

On March 27, this year, Nikolai II of Russia and Grand Duke of Finland signed note expressing their willingness to recognize the independence of Finland. This has been done in order to prevent any possibility of an attack on Finland. The note also states that the two countries will continue to preserve their friendly relations.

The situation in Finland is still very tense. The Finnish government has declared a state of emergency and has called for the mobilization of all available forces. The Finnish army has been placed on high alert and the government has imposed strict controls on the movement of people and goods.

The Finnish government has also appealed to the United Nations for assistance in defending its sovereignty. The United Nations has agreed to send a team of representatives to Finland to assess the situation and to provide any necessary support.

In the meantime, the Finnish government has appealed to the Russian government to maintain a peaceful stance and to refrain from any aggressive actions that could lead to further tension in the region.

The Finnish government has also expressed its gratitude to all those who have supported Finland in its struggle for independence and has called on all nations to continue to stand with it in this time of crisis.

MANIFESTO ON FINLAND.

(Continued from page 1)

The campaign led by the Social Democratic Party in Finland has been characterized by a high level of organization and mass mobilization. The party's platform calls for the extension of the franchise, the abolition of religious discrimination, and the establishment of a just and equitable distribution of wealth. The Finnish Social Democrats have also been active in promoting women's rights, labor rights, and the protection of the environment. Their goal is to create a society that is democratic, egalitarian, and free from exploitation.

The address, "Some Observations in Florida on the Movement," will be published one of these days.

J. C. BROOKLY, N. Y. - Read the report of the W.T. L. on the American farm, "The New Farm Bill," and you will find that the American farmer is in a greatly improved position. Without capital resources or stable yields, there is no way of disposing of their crops. With the new bill, the farmer is given a chance to improve his means of production and to develop new markets. The bill will make it possible for him to invest in new equipment and to increase the size of his operations. The increase in production will lead to a decrease in prices, which will benefit the consumer as well.

A. D. T. BROOKLY, N. Y. - What is the difference between the Social Democratic and the Social Labor Party? The Social Democratic Party is more radical than the Social Labor Party, and its programs are more ambitious. The Social Democratic Party advocates the overthrow of the capitalist system and the establishment of a socialist society. The Social Labor Party, on the other hand, is more moderate and seeks to improve the conditions of the working class within the existing system.

J. P. PHILLI, N. Y. - The bill is a good one, and it is a beginning. But it is only a beginning. We need more than this. We need a strong movement to carry the program to its logical conclusion. The Social Democratic Party is the only organization that can do this. We need more members, more funds, and more publicity.

E. MOD, DENVER, COLO. - We are glad to see that the Social Democratic Party is gaining strength. We believe that it is the only organization that can bring about the social changes that are needed. We will work hard to help the party.

A. W. SAY JOSE, CALIF. - There is a Social Democratic group in Nashville, and we will work hard to help it.

T. T. NEW YORK. - There is a Social Democratic group in New York, and we will work hard to help it.

The award of the arbitration in the case of the fraudulent transfers and the sale of the bonds of the Vanderbilt family will be announced by the Social Democratic Party.

We must continue to fight for the rights of the working class. We must continue to work for a society that is democratic and free. We must continue to fight for the Social Democratic Party.
