OPEN LETTERS

To the United States "Patron"—No. 4

To My Dear Mr. Business Man—The rapid growth of business, the great increase of personal wealth, and the importance of the conditions of society during the present time have given rise to a new era in the development of capitalist economies in the United States, which is characterized by a new degree of freedom, not only in the distribution of wealth, but also in the distribution of labor.

The new economy is based upon the principle of the equality of wealth and the freedom of labor. It recognizes the right of every man to own as much property as he can, and to work as much as he wants to, without interference from any other person.

This principle is not new, but it is being applied in a new way, and with great success. The new economy is not the same as the old economy, but it is very much more democratic, and the people are not only better off, but they are also much happier.

The new economy is not perfect, but it is much better than the old economy. It is not a democracy, but it is a much more democratic society, and it is much better for the people.

THE DAILY PEOPLE

$50,000 FUND

Amount Pledged down to March 17th, 1897.

$4,160.

At the meeting of the Daily People Committee, held Sunday, the 20th of December, 1896, an important step was taken which is all possible within a reasonable time. The People's committee adopted the following resolution:

WHEREAS, A DAILY PEOPLE has been established as a means of disseminating the sentiments of the working classes, and to enable the working classes to unite and resist wrongs, and to prepare it to deal intelligently with the social revolution that is now on foot.

WHEREAS, The urgency of such a weapon of political and economic war, requires the immediate preparation of the organization, and to furnish with increasing force, and to be the demand hereby becomes stronger by the year, we cannot fail to arrive at such a point that our enemies will be put through.

WHEREAS, To make success certain, the paper must be able to survive two competitive organs, that is, to be made upon during the period of competition with other unimportant journals.

WHEREAS, The sum of not less than $50,000 is in hand to necessary to launch such a paper.

WHEREAS, The general sense of the necessity of a daily English and to make of it a prop to the working classes has been the subject of this council for the last eight years.

WHEREAS, It is evident that, so long as the formation of such a paper is left to the hands of the people, it will be the cause of the failure, and the contrary, if it is conducted properly, and it is likely that such a paper could be made to flourish.

RESOLVED, That a call be made upon the friends, and sympathizers of the People's committee, to contribute, in order to make the People's organ a success.

RESOLVED, That the sum of $50,000 is to be paid in two years, or as soon as the money can be disposed of.

Are there in the total $3,000 already equal to the emergency? Is it so, and would it mean that socially and industrially.
