The Second Annual Convention of the S. T. L. A. A. will be held in New York on Sunday, Nov. 13. As we go to press it is in the midst of its sessions, and the report of its transactions will be published in next week's number. We are printing the report of the General Executive Board:

To the People Associated in the Annual National Convention of the Socialist Trade and Labor Alliance of the United States:

The second annual convention of the S. T. L. A. is the result of an earnest endeavor on the part of the first annual convention to perfect the organization of a national labor body. The Alliance was formed at the first annual convention, and has since been at work among the working classes of the United States, endeavoring to establish the S. T. L. A. branch offices in nearly all the large cities of the country. The Alliance is now the result of the work of the S. T. L. A. branch offices in the cities of the country, and the Alliance is now the result of the work of the S. T. L. A. branch offices in the country.

The S. T. L. A. is not, after all, but a part of the whole work of the Socialist movement in the United States, it is a part of the work of the Socialist movement in the United States, and it is a part of the work of the Socialist movement in the United States.
