SOCIETY VOTE IN THE UNITED STATES

The poll, on this page, shows the
society vote in the United States as of
the present day. The line of the poll is
accurately drawn, and the information
is taken from the best authorities.

What's going on in the world? The
interests of the whole world are in
the balance. The nations are divided
on this great question: Who will rule
the world? Are we to have a
world government or not? The
people of the world are divided on
this question, and they are
struggling to decide it. The
motions are given, and the
ballot is cast. The election is
over, and the world is
in the hands of the
victors. The
world government has
been
voted in, and
the United
States
is
in
the
hands
of
its
people.

"Society lends the nations' fortune in a
world government."

the nations' fortune in a world
government. This sentiment
is very relevant to the
