PITTSBURGH LABOR FAIRS.

Graduated Sketches of Deep Interest to All.

FEBRUARY 18—Our readers have frequently demanded information concerning the labor fairs in Pittsburgh this year. We therefore venture to present a graduated sketch of the same, which will be found instructive to all workers in this industrial metropolis. We have the pleasure of saying that we have had access to all the labor fairs and have had the opportunity of observing the condition of affairs at each of them, and have come to the conclusion that the labor fairs are destined to become an important factor in the industrial history of the city.

Mr. M. P. CARRIE.

Carricarte, the organizer of the Labor Fair, was born in 1845 at Plymouth, Mass. He was educated in the public schools and was a blacksmith by trade. He was a Democrat and was an active worker in the Labor Fair. He was a member of the Executive Committee and was very active in the work. He was a good speaker and was respected by all who knew him. He was a man of strong character and was a friend of the workers. He was a man of great ability and was a man of great kindness.
