POLITICAL AND ECONOMIC.

IT is a pleasure to be able to announce the nomination of our bright young candidate for the Senate of the United States, by the Workers' Party. That party, as you know, is the only one in this country that is truly democratic, and it is the only one that stands for the interest of the working class. The Workers' Party has always been in the forefront of the struggle for social and economic justice for the working class. It is the only party that has consistently opposed the policies of the capitalist class, and it has always been in the vanguard of the struggle for workers' rights and freedom.
