THREE CHEERS FOR THE S. L. P.!

General Benjamin F. Butler, at the Democratic National Convention, recently stated the following:

"I am told that the S. L. P. is dying. But I believe it is the duty of every man of courage and resolution to stand by it, and to continue it, if possible, to the end."

The people of the S. L. P. are deeply grateful for this expression of public opinion, and are prepared to make every effort to carry out the work of the party.
