SHOEWORKERS of America, Turn Down Your Traitor Leaders!

STATEN ISLAND, Sept. 2. — John P. Tobin's, local secretary of the International Shoe Workers' Union, is about to address his local in a meeting tonight. In a circular letter, which came out of a meeting of the general council of the union last Sunday, the secretary repeated the claim that the present strike was caused by the action of the local leaders. The letter states that the local leaders have been acting in a manner that is not consistent with the interests of the members, and that the present strike is the result of the actions of the local leaders.

The letter also claims that the union has a large membership throughout the United States, and that it is not possible for the local leaders to control the union. The letter concludes by calling on the members to support the union and to turn down the local leaders' demands.

Mr. Tobin's has been a member of the union for many years, and has been active in the local. He is a well-respected member of the community, and his speech is expected to draw a large crowd.
