HISTORIC.

California State Committee, S. L. P., to the People and the Inhabitants of the State.

The State Committee of the Socialist Labor Party of California desires to call the attention of the people of the State to the importance of the Convention to be held in San Francisco, October 19th and 20th, and to urge upon them the necessity of attending and giving their support to the same.

The Convention is the result of the efforts of the Socialist Labor Party in California to establish and maintain a united front in the struggle for the overthrow of capitalism and the establishment of a socialist society. The Convention is an important step in this direction, and the support of all who believe in these objectives is needed.

The Convention will be held in the Hotel California, San Francisco, and will be in accordance with the program of the Socialist Labor Party. It is expected that a large number of delegates will attend from all parts of the state.

The Convention will be a meeting of the minds of all those who believe in the principles of socialism and are willing to work for the realization of these principles. It is an opportunity to discuss and exchange ideas, and to plan the strategy for the future.

The Convention will be a meeting of the people, and all who are interested in the future of California and the world are invited to attend. It is a meeting of the future, and its success will depend on the participation of all.
