SIXTH YEAR

EUGENE V. DEBS OPENS CAMPAIGN!

At Masonic Hall, in Indianapolis, last night, Eugene V. Debs, the Socialist candidate for president, delivered his first speech in this campaign to an audience that packed the hall to overflowing. National Committeeman Reynolds presided, a Terre Haute quartette sang a song by Terre Haute authors and composers. A synopsis of the speech follows:

MR. CHAIRMAN, CITIZENS AND COMRADES:

There has never been a free people, a civilized nation, a real republic on this earth. Human society has always consisted of masters and slaves, and the slaves have always been, and are today, the foundation stones of the social fabric.

Wage-labor is but a name; wage-slavery is the fact. The twenty-five millions of wage-workers in the United States are twenty-five millions of twentieth century slaves.

THE LABOR MARKET.

And the labor market follows the capitalist flag. The most barbarous fact in all Christendom is the labor market. The mere term sufficiently expresses the animalism of commercial civilization.

They who buy and they who sell in the labor market are alike dehumanized by the inhumanized traffic in the brains and blood and bones of human beings.

The labor market is the foundation of so-called civilized society. Without these shambles, without this commerce in human life, this sacrifice of manhood and womanhood, this barter of babes, this sale of souls, the capitalist civilizations of all lands and all climes would crumble to ruin and perish from the earth.

Twenty-five millions of wage-slaves are bought and sold daily as prevailing prices in the American Labor Market. This is the

PARAMOUNT ISSUE

in the present national campaign. Let me say at the very threshold of this discussion that the workers have but the one issue in this campaign, the overthrow of the capitalist system and the emancipation of the working class from wage-slavery.

The capitalists may have the tariff, finance, imperialism and other dust-covered and moth-eaten issues entirely to themselves.

The rattle of these relics no longer deceives workingmen whose heads are on their own shoulders.

They know by experience and observation that the gold standard, free silver, fiat money, protective tariff, free trade, imperialism and anti-imperialism all mean capitalist rule and wage-slavery.

Their eyes are open and they can see; their brains are in operation and they can think.

The very moment a workingman begins to do his own thinking he understands the paramount issue, parts company with the capitalist politician and falls in line with his own class on the political battlefield.

The political solidarity of the working class means the death of despotism, the birth of freedom, the sunrise of civilization.

Having said this much by way of introduction I will now enter upon the actualities of my theme.

THE CLASS STRUGGLE.

We are entering tonight upon a momentous campaign. The struggle for political supremacy is not between political parties merely, as appears upon the surface, but at bottom it is a life and death struggle between two hostile economic classes, the one the capitalist and the other the working class.

The capitalist class is represented by the republican, the democratic, populist and prohibition parties, all of which stand for private ownership of the means of production and the triumph of any

one of which will mean continued wage-slavery to the working class.

As the populist and prohibition sections of the capitalist party represent minority elements which propose to reform the capitalist system without disturbing wage-slavery, a vain and impossible task, they will be omitted from this discussion with all the credit due the rank and file for their good intentions.

The republican and democratic parties, or, to be more exact, the republican-democratic party represents the capitalist class in the class struggle. They are the political wings of the capitalist system and such differences as arise between them relate to spoils and not to principles.

With either of these parties in power one thing is always certain, and that is that the capitalist class are in the saddle and the working class under the saddle.

Under the administration of both these parties the means of production are private property; production is carried forward for capitalist profit purely, markets are glutted and industry paralyzed, workingmen become tramps and criminals while injunctions, soldiers and riot guns are brought into action to preserve "law and order" in the chaotic carnival of capitalistic anarchy.

Deny it as may the cunning capitalists who are clear-sighted enough to perceive it, or ignore it as may the torpid workers who are too blind and unthinking to see it, the struggle in which we are engaged today is a class struggle, and as the toiling millions come to see and understand it and rally to the political standard of their class, they will drive all capitalist parties of whatever name into the same party, and the class struggle will then be so clearly revealed that the hosts of labor will find their true place in the conflict and strike the united and decisive blow that will destroy slavery and achieve their full and final emancipation.

In this struggle the workingmen and women and children are represented by the socialist party, and it is my privilege to address you in the name of that revolutionary and uncompromising party of the working class.

ATTITUDE OF THE WORKERS.

What shall be the attitude of the workers of the United States in the present campaign? What part shall they take in it? What party and what principles shall they support by their ballots? And why?

These are questions the importance of which are not sufficiently recognized by workingmen or they would not be the prey of parasites and the servile tools of scheming politicians who use them only at election time to renew their master's lease of power and perpetuate their own ignorance, poverty and shame.

In answering these questions I propose to be as frank and candid as plain-meaning words will allow, for I have but one object in this discussion, and that object is not office, but the truth, and I shall state it as I see it if I have to stand alone.

But I shall not stand alone, for the party that has my allegiance and may have my life, the socialist party, the party of the working class, the party of emancipation is made up of men and women who know their rights and scorn to compromise with their oppressors; who want no votes that can be bought and no support under any false pretense whatsoever.

The socialist party stands squarely upon its proletarian principles and relies

wholly upon the forces of industrial progress and the education of the working-class.

The socialist party buys no votes and promises no offices. Not a farthing is spent for whisky or cigars. Every penny in the campaign fund is the voluntary offering of workers and their sympathizers and every penny is used for education.

What other parties can say the same? Ignorance alone stands in the way of socialist success. The capitalist parties understand this and use their resources to prevent the workers from seeing the light.

Intellectual darkness is essential to industrial slavery.

Capitalist parties stand for Slavery and Night.

The socialist party is the herald of Freedom and Light.

Capitalist parties cunningly contrive to divide the workers upon dead issues.

The socialist party is uniting them upon the living issue!

Death to Wage Slavery!

When industrial slavery is as dead as the issues of the Siamese capitalist parties the socialist party will have fulfilled its mission and enriched history. And now to our questions:

First, every workingman and woman owe it to themselves, their class and their country to take an active and intelligent interest in political affairs.

THE BALLOT.

The ballot of united labor expresses the people's will and the people's will is the supreme law of a free nation.

The ballot means that labor is no longer dumb, that at last it has a voice, that it may be heard and it united must be heeded.

Centuries of struggle and sacrifice were required to wrest this symbol of freedom from the mailed clutch of tyranny and place it in the hand of labor as the shield and lance of attack and defense.

The abuse and not the use of it is responsible for its evils. The divided vote of labor is the abuse of the ballot and the penalty is slavery and death.

The united vote of those who toil and have not will vanquish those who have and toil not and solve forever the problem of democracy.

THE HISTORIC STRUGGLE OF CLASSES.

Since the race was young there have been class struggles. In every state of society, ancient and modern, labor has been exploited, degraded and in subjection.

Civilization has done little for labor except to modify its forms of exploitation. Labor has always been the muddill of the social fabric—is so now and will be until the class struggle ends in class extinction and free society.

Society has always been and is now built upon exploitation—the exploitation of a class—the working class, whether slaves, serfs or wage-laborers, and the exploited working class in subjection have always been, instinctively or consciously, in revolt against their oppressors.

Through all the centuries the enslaved toilers have moved slowly but surely toward their final freedom.

The call of the socialist party is to the exploited class, the workers in all useful trades and professions, all honest occupations, from the most menial service to the highest skill, to rally beneath their own standard and put an end to the last of the barbarous class struggles by conquering the capitalist government, taking possession of the means of production and making them the property of all, abolishing wage-slavery and establishing the co-operative commonwealth.

The first step in this direction is to sever all relations with

CAPITALIST PARTIES.

They are precisely alike, and I challenge their most discriminating partisans to tell them apart in relation to labor.

The republican and democratic parties are alike capitalist parties—differing only in being committed to different sets of capitalist interests—they have the same

principles under varying colors, are equally corrupt and are one in their subservience to capital and their hostility to labor.

The ignorant workingman who supports either of these parties forges his own fetters and is the unconscious author of his own misery. He can and must be made to see and think and act with his fellows in supporting the party of his class, and this work of education is the crowning virtue of the socialist movement.

THE SOCIALIST PARTY.

In what has been said of other parties I have tried to show why they should not be supported by the common people, least of all by workingmen, and I think I have shown clearly enough that such workers as do support them are guilty, consciously or unconsciously, of treason to their class. They are voting into power the enemies of labor and are morally responsible for the crimes thus perpetrated upon their fellow-workers, and sooner or later they will have to suffer the consequences of their miserable acts.

The socialist party is not, and does not pretend to be, a capitalist party. It does not ask, nor does it expect the votes of the capitalist class. Such capitalists as do support it do so seeing the approaching doom of the capitalist system and with a full understanding that the socialist party is not a capitalist party, nor a middle class party, but a revolutionary working class party, whose historic mission it is to conquer capitalism on the political battle-field, take control of government and through the public powers take possession of the means of wealth production, abolish wage-slavery and emancipate all workers and all humanity.

The people are as capable of achieving their industrial freedom as they were to secure their political liberty, and both are necessary to a free nation.

The capitalist system is no longer adapted to the needs of modern society. It is outgrown and fetters the forces of progress. Industrial and commercial competition are largely of the past. The handwriting blazes on the wall. Centralization and combination are the modern forces in industrial and commercial life. Competition is breaking down and co-operation is supplanting it.

The hard tools of early times are used no more. Mammoth machines have taken their places. A few thousand capitalists own them and many millions of workingmen use them.

All the wealth the vast army of labor produces above its subsistence is taken by the machine owning capitalists, who also own the land and the mills, the factories, railroads and mines, the forests and fields and all other means of production and transportation.

Hence wealth and poverty, millionaires and beggars, castles and caves, luxury and squalor, painted parasites on the boulevard and painted poverty among the red lights.

Hence strikes, boycotts, riots, murder, suicide, insanity, prostitution on a fearful and increasing scale.

The capitalist parties can do nothing. They are a part, an iniquitous part of the foul and decaying system.

There is no remedy for the ravages of death.

Capitalism is dying and its extremities are already decomposing. The blotches upon the surface show that the blood no longer circulates. The time is near when the cadaver will have to be removed and the atmosphere purified.

In contrast with the republican and democratic conventions, where politicians were the puppets of plutocrats, the convention of the socialist party consisted of working men and women fresh from their labors, strong, clean, wholesome, self-reliant, ready to do and dare for the cause of labor, the cause of humanity.

Proud indeed am I to have been chosen by such a body of men and women to bear aloft the proletarian standard in this campaign, and heartily do I endorse the clear and cogent platform of the party which appeals with increasing force and

eloquence to the whole working class of the country.

To my associate upon the national ticket I give my hand with all my heart. Ben Hanford typifies the working class and fitly represents the historic mission and revolutionary character of the socialist party.

CLOSING WORDS.

These are stirring days for living men. The day of crisis is drawing near and socialists are exerting all their power to prepare the people for it.

The old order of society can survive but little longer. Socialism is next in order. The swelling minority sounds warning of the impending change. Soon that minority will be the majority and then will come the co-operative commonwealth.

Every workingman should rally to the standard of his class and hasten the full-orbed day of freedom.

Every progressive democrat must find his way in our direction, and if he will but free himself from prejudice and study the principles of socialism, he will soon be a sturdy supporter of our party.

Every sympathizer with labor, every friend of justice, every lover of humanity, should support the socialist party as the only party that is organized to abolish industrial slavery, the prolific source of the giant evils that afflict the people.

Who with a heart in his breast can look upon Colorado without keenly feeling the cruelties and crimes of capitalism! Repression will not help her. Brutality will only brutalize her. Private ownership and wage-slavery are the curse of Colorado. Only socialism will save Colorado and the nation.

The overthrow of capitalism is the object of the socialist party. It will not fuse with any other party and it would rather die than compromise.

The socialist party comprehends the magnitude of its task and has the patience of preliminary defeat and the faith of ultimate victory.

The working class must be emancipated by the working class.

Woman must be given her true place in society by the working class.

Child labor must be abolished by the working class.

Society must be reconstructed by the working class.

The working class must be employed by the working class.

The fruits of labor must be enjoyed by the working class.

War, bloody war, must be ended by the working class.

These are the principles and objects of the socialist party, and we fearlessly proclaim them to our fellowmen.

We know our cause is just and that it must prevail.

With faith and hope and courage we hold our heads erect and with dauntless spirit marshal the working class for the march from capitalism to socialism, from Slavery to Freedom, from Barbarism to Civilization.

There was a time when the capitalist was a necessary being. That was in the rise and during the growth of the present capitalist society. Now that capitalism is fully developed there is no longer any useful place for the capitalist, unless it be a useful and necessary thing for him to live upon the labor of the working class. Wonder what the working class think about it?

Contractor P. S. Kintz and Joe Freeman narrowly escaped severe injuries in falling from a scaffold at Forest park Monday. They had just started to nail the first course of shingles on the roof of a building, which they were erecting for the Forest Park Coal company, when the scaffolding gave way, letting the two men fall to the ground, a distance of about twenty feet. Kintz was not hurt aside from a few bruises, but Freeman had to be taken to his home on north Thirteenth street. Archie Collins, who was on the scaffold with the two men, saved himself from falling and escaped without injury.

A TRIBUTE TO TOIL

THE workingman is the only man in whose presence I take off my hat. As I salute him I honor myself.

The workingman—and this is the day to write him in capital letters—has given me what I have, made me what I am, and will make me what I hope to be; and I thank him for all, and above all for giving me an eye to see, a heart to feel and a voice to speak for the workingman.

Like the rough-hewn stone from which the noble statue is chiseled by the hand of man, the toiler is the rough-hewn human from which the perfect man is being chiseled by the hand of God.

All the workmen of the earth are necessary to the whole workingman—and he alone will survive of the whole human race.

Labor Day is a good day to rest the hands and give the brain a chance—to think about what has been, and is, and is yet to be.

The way has been long and weary and full of pain, and many have fallen by the wayside, but the unconquerable army of labor is still on the march and as it rests on its arms today and casts a look ahead, it beholds upon the horizon the first glowing rays of the social sunrise.

Courage, comrades! The struggle must be won, for peace will only come when she comes hand in hand with freedom.

The right is with the labor movement and the gods of battle are with the working class. The Socialist Party and the trade union movement must be one today in celebration of Labor Day and pledge each other their mutual fidelity and support in every battle, economic and political, until the field is won and the workingman is free.

Forget not the past on Labor Day! Think of Homestead! Think of Latimer! Think of Cœur d'Alene! Think of Buffalo! Think of Croton Dam! Think of Chicago! Think of Pana! Think of Virden! Think of Leadville! Think of Cripple Creek! Think of Victor! Think of Telluride!

These are some of the bloody battles fought in the past in the war of the workers for industrial freedom and social justice.

How many and how fierce and bloody shall be the battles of the future?

Comrades, this is the day for workmen to think of the class struggle and the ballot—the day for labor to clasp the hand of labor and girdle the globe with the international solidarity of the working class.

We are all one—all workers of all lands and climes. We know not color, nor creed, nor sex in the labor movement. We know only that our hearts throb with the same proletarian stroke, that we are keeping step with our class in the march to the goal and that the solidarity of labor will vanquish slavery and humanize the world.

MINES AND MINERS.

At the Big Four headquarters in Cincinnati it was asserted this week that the embargo on Indiana coal had ceased last week, when the Southern Indiana returned to its old rate for hauling coal from the coal fields along its line to Westport, Ind., from where it is carried to the gas belt by the Big Four. The high rate charged by the Big Four for hauling this coal, it was said, was made on account of the fact that the Southern Indiana had raised its rate to 60 cents a ton for coal hauled to Westport alone. The officials declare that they were in no wise responsible, and deny positively that there was any attempt to force West Virginia coal on the Indiana market.

William Wilson, ex-president of the block coal miners' organization, now one of the national organizers of the United Mine Workers of America, with headquarters in Pennsylvania, is visiting his family at Perth. Mr. Wilson was in Terre Haute Monday. He says that seven out of every ten miners are in favor of electing the state mine inspector instead of having him appointed by the governor, as he now is. He says that the mines of Pennsylvania are being filled constantly with foreigners. He will return to his duties in a few days. His organizing ability is recognized in mining circles, and he is given credit for being one of the most valuable men in the service.

Two forces of men, both en route to the Zeigler colliery of Joseph Leiter, and who were being taken by way of the St. Louis Valley were turned back at Ferdyce and induced to return to St. Louis, says a press dispatch. Despite the statement of Joseph Leiter that his output is normal there is no evidence of it. It does not pass

over the only two railroads that lead out from his town. Every day large numbers are deserting his plant and laborers generally will not go to Zeigler. They claim that they were deceived by his agents in going to Zeigler.

John Mitchell, president of the United Mine Workers of America, and William Dodds, secretary of the Pittsburg district, who went abroad to attend the International Mining Congress in Paris, returned on the steamship St. Paul, landing at New York last Saturday. They were met by T. D. Nichols of Scranton, John Fahy of Shamokin, and William Destrey of Hazleton, district presidents of the union.

Joseph Crozetto filed suit in the Clay Circuit last week against Zeller, McClellan & Co., for \$15,000 damages for personal injuries. Crozetto was permanently disabled from injuries in No. 1 mine at Perth.

District President John Boyle was at Ebermendale last Saturday where he succeeded in effecting a settlement of the trouble at the Shirkie mine, which arose over the discharge of a miner.

Ten three-month subscriptions for \$1.

No decision has been made in the matter of the adjustment of the wage scale for the union miners of District No. 19, comprising East Tennessee and South-eastern Kentucky.

President William Houston of District eight, United Mine Workers, has issued a call for a delegate convention of the district to be held in Brazil Saturday, September 3rd. The call is issued on the request of local unions, Nos. 136, 244, 246 and 1979, for the purpose of voting an assessment upon the miners of the block coal district for the relief of the striking and deported miners of Colorado.

National President John Mitchell of the United Mine Workers of America will be appealed to by a committee of two miners and two operators for the purpose of having him explain his decision regarding stable bosses around the mines, and whether they shall belong to the mine workers' organization or not. This was decided at the meeting of the joint executive board of the miners and operators of this district which was held Tuesday afternoon and evening in the Commercial club rooms. The question of extra pay for the night watch, working over eight hours, was warmly discussed but no agreement could be reached regarding it, and it will probably be taken up again. The miners are demanding that the night freema be paid for all work over eight hours' time, and point to the Island Valley mines as having established a precedent. The operators hold that the night freemen are not included in the eight hour agreement existing.

Abraham Creeme was seriously injured by a fall of slate in the new Summit mine at Linton Tuesday afternoon. Several teeth were knocked out, and he sustained a severe gash in the head. Forty-one stitches were required in dressing his injuries.

David Lidsay was severely crushed between two cars in mine No. 1 at Seelyville Tuesday morning.

THE TOILER, 50 CENTS A YEAR

NOTES AND COMMENT.

The canning factories of two counties in Maryland are expected to put up 4,800,000 cans of fruit and vegetables this fall, worth \$2,000,000. This sum will be, in part, distributed thus:

To canners' trust	\$96,000
To farmers	90,000
To laborers	40,000
To labels and labelers	40,000
To operating expenses	20,000
To commission agents	20,000
To other expenses	10,000

How do you workmen who think that the socialists want to divide up like this "divy." While the canners' trust takes down ninety-six thousand dollars in profits, the wage slaves receive forty thousand dollars in wages. The capitalist system of dividing up is great—for the capitalist class.

Seems like the fact has become pretty generally known that there is a working class political party in this country, for even the capitalist newspapers have discovered it. The Chicago Record-Herald is responsible for the following:

"The socialist vote will receive more attention from both the old parties this year than it has in previous campaigns. Reports received at the state headquarters of both parties and at the Republican national headquarters have caused scouts to be sent out enquiring into the cause of the trend of sentiment toward the Socialist party. Some of these investigators have made reports which caused surprise and some anxiety, not because of danger to either of the old parties this year, but of the future.

"The Socialists have been active in endeavoring to carry politics into the labor unions ever since 1893, when a socialist resolution was offered to the American Federation of Labor in this city. The resolution received only forty votes. Year after year the Socialists have kept hammering away at the federation. Last year their resolution was defeated, but they polled more than 2,000 of the 10,500 votes.

All these facts have been reported to the Republican national committee. With them is submitted the report that many democrats, dissatisfied over the nomination of Parker, are disposed to vote for Debs this year. The Democrats realize the trend of sentiment, and already have taken steps to counteract it by sending out labor leaders to work among their fellow craftsmen."

The disgusting spectacle of a carload of college students being escorted into the stock yards by a guard of policemen for the purpose of acting as strike-breakers and of taking the places of locked out union butcher workmen and workwomen was recently presented in Chicago. These collegians, dressed in good clothing, carrying suit cases, are in most cases the children of well-to-do parents, and are not driven by the pangs of want and hunger to play the despicable role of cowardly strike-breakers, but being conscious of the interests of their class they naturally oppose unions and play the scab.

Here is another hot one handed us by the capitalist courts: "On the ground that the agreement is not a mutual or reciprocal one Supreme Court Justice Dickey of New York has denied an application by the mosaic and encaustic tile layers for an injunction to restrain the building trades employers' association from ordering, maintaining or continuing a lock-out in violation of an arbitration agreement entered into by an association and representatives of the labor union on July 3, 1903. In his opinion Judge Dickey said the arbitration agreement was not enforceable by the means sought or by any other method for the reason stated. It is well settled, said the court, that an employer has a right to employ and discharge any one he pleases and a workman may work or refuse to work at will." And there are still workmen who vote for the bosses' candidates every election day, and then whine when some judge hits them in the neck with a decision like the above. Wake up, and join the party of your class.

The socialist vote in 1888 in the United States was 2,968. Heavy gains were recorded even in 1896 and 1900, the vote in the latter year reaching 98,424. In 1902 the total reached 225,903. That year Illinois cast 20,167 for Nelson, the socialist candidate for state treasurer, and 8,265 for Renner, the socialist labor candidate. The same year Myer, nominee for secretary of state by the socialists of Indiana polled 7,111 votes and Dreyer, the socialist labor candidate, 1,730.

In Chicago the socialists have one member of the council and because of poor nominations by the old parties stand a chance to elect several members of the legislature next November.

American Industries, Parry's personal organ, publishes a 16-page "boycott supplement" with which it is intended to show that the boycott of unions doesn't amount to much anyhow. It is painfully noticeable that of the so-called contributors only about half a dozen appear their signatures to their articles. The balance are quoted as "an Eastern manufacturer," "a Western manufacturer," etc. Yet nearly all claim that the boycott helps their business greatly. Now if these writers are not fakes created by Parry and Marshall Cushing, why do they hide their identity? Again, if the boycott does not hit these unfair firms in their pocket-books, why do the Parryites rave so much about the un-American, brutal, criminal boycott? And why don't they offer handsome rewards to be boycotted if it does them so much good? and why does Post, Parry's right bower, spend a large part of his million-a-year advertising appropriation fighting the boycott and the unions? It is probable that Parry doth protest too much.

LOOK! SEE!

The day of Socialism dawning in the horizon, then greet it by singing the great Socialist Campaign Song.

"The Dawning Day"

Solo, with chorus harmonized for male voices. Words by Frank Sence. Music by Thomas G. Fudge.

SOCIALIST ATTENTION.

The title page to this song is embellished with portraits of Debs and Hanford, making it well worth the price, to say nothing of the composition. A good many are buying it to serve as lithographs for windows.

The chorus is a hummer. Organize glee clubs and sing it. Price 15c; 2 for 25c.

Send your orders to the publisher, T. G. Fudge, Terre Haute, Ind.

MAILLY'S REPORT

Weekly Socialist Bulletin of National Secretary.

National Headquarters, Socialist Party, Chicago, August 31.—The Wisconsin state committee has made its order for the national headquarters campaign lithographs, 5,000 black and tint and 500 colored. Both kinds are now ready. The colored lithograph is especially attractive.

Orders for Debs' Indianapolis speech, "The Socialist Party and the Working Class," are already being received at national headquarters. A large circulation for it is assured. Five cents apiece; 15 for 50c; 40 for \$1; 100 for \$2; 500 for \$7.50; 1,000 for \$12, postpaid. Order from national secretary.

DEBS' AND HANFORD'S CAMPAIGN TOUR.
Beginning at Indianapolis, Ind., on Thursday, Sept. 1st, Eugene V. Debs, candidate of the Socialist Party for president, will begin a campaign tour of the United States, which promises to break all records in that direction. The assignments for the entire tour have been made and extend from September 1st until the eve of election.

At the same time that Debs is in the Eastern States, Comrade Ben Hanford, the vice-presidential candidate, will be in the West, and when Hanford has reached the Western States Debs will be in the Eastern ones, both closing the campaign in different sections of the country. The candidates will meet on their cross-country journeys at Chicago on Monday, Oct. 17th, preliminary to entering the last lap of the great struggle.

It was impossible, in making the arrangements for Debs' and Hanford's tours, to place the candidates everywhere that they were wanted. In the case of Debs, a number of the extreme Southern and Northern States will not be touched at all. If the campaign was to last two years instead of two months, and Debs and Hanford were endowed with more entities than one apiece, there might have been some chance to meet the demands made for them, but as this was not the case the dates have been arranged with a view to meeting the real necessities of the movement.

Comrade Debs' itinerary for the tour is as follows:

September 1, Indianapolis, Ind.; 2, at home; 3, Louisville, Ky.; 4, joint demonstration, locals of Cincinnati, Covington and Newport; 5, Erie, Pa.; 6, New York; 7, Baltimore, Md.; 8, Wheeling, W. Va.; 9, Dayton, O.; 10, at home; 11, St. Louis, Mo.; 12, Memphis, Tenn.; 13, Chattanooga, Tenn.; 14, Atlanta, Ga.; 15, Birmingham, Ala.; 16, Little Rock, Ark.; 17, Pine Bluff, Ark.; 18, Fort Smith, Ark.; 19, Kansas City, Mo.; 20, Wichita, Kan.; 21-22, en route to Pacific coast; 23, Los Angeles; 24, San Francisco; 25, en route; 26, Portland; 27, Tacoma, Wash.; 28, Seattle; 29, Spokane; 30, Wallace, Idaho; Oct. 1, Missoula, Mont.; 2, Livingston; 3, Butte; 4, en route; 5, Salt Lake City; 6, en route; 7, Denver, Col.; 8, en route; 9, Omaha, Neb.; 10, Des Moines, Ia.; 11, Minneapolis; 12, St. Paul; 13, Dubuque, Ia.; 14, Rock Island, Ill.; 15, Grand Rapids, Mich.; 16, Toledo, O.; 17, Chicago; 18, Cleveland; 19, joint demonstration, New Castle and Sharon, Pa.; and Youngstown, O.; 20, Pittsburgh, Pa.; 21, Reading, Pa.; 22, Wilmington, Del. (afternoon), Philadelphia (evening); 23, Brooklyn, N.J.; 24, Trenton, N.J.; 25, Jersey City and Newark (two meetings); 26, New Haven, Conn.; 27, Hartford; 28, Haverhill, Mass.; 29, Portland, Me.; 30, Boston (afternoon), Fall River (evening); 31, Brockton, Mass.; Nov. 1, Providence, R. I.; 2, Rochester, N. Y.; 3, Buffalo; 4, Milwaukee, Wis.; 5, Racine; 7, Terre Haute, Ind.

It was not intended that Comrade Debs

should visit three cities in Arkansas, but local Debs, Texas, did not accept the date offered it, Sept. 17th, and Pine Bluff was substituted.

Comrade Hanford closes his tour of the Middle Western States at South Bend, Ind., on Sept. 1st, after which he will go to Haverhill, Mass., for Labor Day, where he will begin his formal campaign tour.

WILLIAM MAILLY,
National Secretary.

ANOTHER MOSES

Will Lead "Bros." Capital and Labor Into the Valley of Peace.

Indianapolis, Ind., Aug. 28.—Peace at last. The Moses who is to calm the troubled industrial seas, who is to end those quarrelsome children, Capital and Labor, hand in hand into the valley of peace has been in Indianapolis for the past two weeks. His name is Patsy Scullin and he hails from San Francisco. Over there in that city by the peaceful ocean he has organized "The National Peace Industrial Association." This association, according to Brother Scullin (and he can produce documentary evidence in proof thereof), has the endorsement of every Board of Trade, every Chamber of Commerce, every Commercial Club and Citizens' Alliance between San Francisco and Indianapolis. Not only that, my masters, that bad child labor is also yearning for peace, and, seeing the backing by these men and bodies of standing and influence, quite a number of Central Labor Unions have climbed on the band wagon.

The modus operandi of Patsy Scullin's scheme is contained in that blessed trinity, "Investigation, Conciliation and Arbitration." Patsy has been having a little rough sailing in Indianapolis, however. The reason for that are those pesky socialists. At Scullin's meeting the other night at Masonic Hall these fellows insisted on asking questions and butting in at inopportune moments—for Scullin. And at the Central Labor Union it was the socialists who spoiled the plan of having the arbitration dope endorsed. In spite of this, there are indications that a branch of the "National Peace Industrial Association" will be established at Indianapolis, and we may see the name of D. M. Parry and other bright lights from the Manufacturers' Association on the same roster with some of the influential labor "leaders."

Things are booming in the capital city. We have secured Comrade James Allman, the author of "God's Children," who will devote his whole time to the local movement. He has already established himself as a great favorite with the street crowds. A series of indoor lectures is being arranged by Allman, beginning with Sunday evening next. The subject of the series is, "The Origin and Scope of Political Parties," and will deal respectively with the Democratic, Republican, Reform and Socialist parties.

By the time this letter is in press the opening gun of the 1904 campaign of the Socialist Party will have been fired at Indianapolis. Everything is being done by the local comrades to awaken the great unwashed, and we are expecting a great outpouring of the populace on the night of September 1st. The whole city is being flooded with advertising matter and the newspapers are being exploited as much as possible. They'll know we are in the field after Thursday.

Reply to John Mitchell.

The pamphlet contains 32 pages and sells for 5 cents.

LOCAL SOCIALIST NOTES.

There will be the usual meetings at Third and Main Saturday night and at the court house Sunday night.

This has been a busy week for Vigo county socialists. Last Saturday evening Comrade Mahoney spoke to 300 people at Third and Main streets and held the crowd for nearly two hours. A large number of books were sold and leaflets and application blanks were eagerly called for.

At the regular business meeting of the Local Sunday afternoon there was a large attendance and much enthusiasm was manifested. Over forty applications for membership were received and many contributions made to the campaign fund.

Sunday night Comrade Guy Miller, president of the Telluride Local of the Western Federation of Miners, who was one of the first men to be deported by the Citizens' Alliance, spoke to an audience of more than two hundred at the court house. Comrade Miller is a forceful and interesting speaker and his audience listened attentively until he closed, and then it seemed that almost everyone in the crowd came forward for an application blank.

Comrades Mahoney and Evinger will be the speakers at the Labor Day celebration at Diamond, Parke county.

Comrade Reynolds, national committee-man, presided at the Debs meeting at Indianapolis last night.

Members of the executive committee should remember the meeting next Sunday morning. Every member should be present at every meeting from now until election. These are stirring times.

Comrade George Hostetter, of Switz City was a visitor this week.

Comrade Frank Roderus, one of the most active socialists in Chicago, was one of the "Old Boys" visiting here this week.

WHO IS BRYAN?

To the Editor of the Toller:
Sir—I received my first copy of your paper today, and am well pleased with it. I like your bold manner of stating facts regardless of whom they may hit. Your deadly parallel on Mr. Bryan is good. But, who is Bryan? Simply a tool of corporations who has served his purpose and is now about ready to crawl into his hole and pull the hole in after him.

Soon we are going to have socialism in this country, and then Bryan will be converted into something—it may be a hitching post in front of a ladies' bazaar, or he may be made secretary of a garbage wagon—to society.

Our local meets every Sunday, and new faces and new members show up at every meeting. We are going to send a good delegation to the Debs meeting at Indianapolis the 1st.

My Breath.
Shortness of Breath
Is One of the Commonest Signs of Heart Disease.

Notwithstanding what many physicians say, heart disease can be cured. Dr. Miles' New Heart Cure has permanently restored to health many thousands who had found no relief in the medicines (allopathic or homoeopathic) of regular practicing physicians. It has proved itself unique in the history of medicine, by being so uniformly successful in curing those diseases.

Nearly always, one of the first signs of trouble is shortness of breath. Whether it comes as a result of walking or running up stairs, or of other exercises, if the heart is unable to meet this extra demand upon its pumping powers—there is something wrong with it.

The very best thing you can do, is to take Dr. Miles' New Heart Cure. It will go to the foundation of the trouble, and make a permanent cure by strengthening and renewing the nerves.

"I know that Dr. Miles' New Heart Cure is a great remedy. For a number of years I suffered from shortness of breath, smothering spells, and pains in my left side. For months at a time I would be unable to lie on my left side, and if I lay flat on my back would nearly smother. A friend advised using Dr. Miles' New Heart Cure, which I did with good results. I began to improve at once, and after taking several bottles of the Heart Cure the pains in my side and other symptoms vanished. I am now entirely well. All those dreadful smothering spells are a thing of the past."—F. P. DRAKE, Middletown, O.

SIXTH AND CHERRY

Terre Haute Business Men Friendly to Union Labor

Dan Davis.

We have in our midst a number of laudable enterprises, and there is none more deserving of the hearty support and patronage of the thousands of union men than is the well known coal dealer Dan Davis. This concern has, since the date of its inception, advanced along progressive lines and become exceedingly popular with organized workmen in Terre Haute because of his fair and honorable way of dealing, and the splendid attitude, which he has always shown towards labor. This concern last year donated 5 tons of Peerless Lump Coal to the C. L. U. Fair for the most popular union man and was won by Lou S. Coombes, Secretary of C. L. U. Mr. Davis is a very affable and pleasant gentleman and we extend to him the hand of fellowship. Located at 945 Chestnut street.

Union men should bear in mind that in extending patronage to Mr. Davis they are promoting their own cause. Patronize this gentleman when you want coal. He makes a specialty of the celebrated Peerless Lump.

J. J. Anleitner.

The commercial importance of the city is largely indicated by the number of strong, enterprising and useful institutions located in its midst. Terre Haute is particularly blessed in this respect.

A thoroughly reliable concern such as the above, which has always exhibited the most fair and friendly attitude towards labor, is certainly worthy of the hearty support of the thousands of working men in the Terre Haute district.

They have always taken a kindly interest in the cause of labor and have treated the great questions pertaining to labor with the utmost fairness and consideration. In extending to this concern our hearty support and co-operation, we feel that we are but showing that spirit of reciprocity that is due to those who treat the great question of labor with fairness and consideration.

They are among the city's foremost concerns, manufacturing cigar boxes, and the union label is on all of their boxes.

John H. Swander.

A business which has become well and rapidly known to the hosts of union men in this city is that of John H. Swander, located at 1272 Lafayette avenue, an extensive dealer in Dry Goods and Notions.

This gentleman has always exhibited a most friendly feeling toward the cause of labor, and because of his hearty co-operation and good will, is entitled to the patronage and support of organized labor. Union men will make no mistake in extending to this concern their hearty co-operation.

We take pleasure in placing the name of John H. Swander among the prominent concerns of Terre Haute which always are to be depended upon as a substantial friend of organized labor.

Wassmuth & Roedel.

We take pleasure in calling attention to the above firm, dealers in groceries and feed, located at First and Ohio streets and 2733 South Second street.

This is a splendid enterprise, which should receive the hearty support and encouragement of all loyal citizens. This business is established upon a most solid basis, and has grown in prestige and popularity since the date of its inception.

A commendable enterprise of this kind is of great benefit to labor, and we predict for this deserving concern an era of constantly increasing prestige and popularity.

We take pleasure in placing the name of Wassmuth & Roedel among the prominent concerns of the city which are to be depended upon as staunch and substantial friends of conservative organized labor.

Chas. H. Goldsmith.

Terre Haute is the proud possessor of a number of reliable companies, of which Chas. H. Goldsmith's is a prominent one. The proprietor of this concern is one of our friends and well wishers. He is held in the highest regard by all with whom he comes in contact. We wish him much success. This concern is certainly deserving of the highest commendation, and we take pleasure in recommending them to the public.

Terre Haute has sufficient cause to be proud of her numerous institutions and we congratulate her on this firm, who are highly respected, not only by union men but by the public at large.

He is a large wholesale dealer in fruits, vegetables and seeds.

Charles Stice.

We recommend without hesitancy the cigar store at 327 North Thirteenth street, as one of the best in this section of Terre Haute. The union man can be sure he is among friends, and that he will get the best for his money. There is no unfair and underhanded dealing in this place, and the most excellent and best brands of union goods are placed before them. Mr. Chas. Stice is well known to our union friends as the proprietor of this place. We heartily recommend him to our local friends, and wish him continued success.

Vigo Commission Co.

Terre Haute possesses numerous and diversified interests. We have already touched upon several of the most important ones. There still remains one which is of great importance to the city, which is the Vigo Commission Company, located at Tenth and Wabash avenue. This company has always taken a kindly interest in organized labor, its officers are Fred C. Goldsmith, President; Arthur F. Goldsmith, Treasurer and Secretary.

THE purpose of an edition of this character is to present a carefully prepared list of concerns and individuals who evidence an interest in the cause of organized labor. By their appearance in this issue their sentiment is expressed. It is also a proper recognition of appreciated patronage of the union man and his family. It is therefore proper that the firms that are here given space and honorable mention should receive the support and patronage due them for their manifest interest in this Annual Review.

W. E. Coordes.

Among the consistent friends of organized labor none is more worthy of the special mention than W. E. Coordes. He has taken a most active interest in the welfare of Terre Haute and of its citizens, and he is well and favorably known throughout the city. The attitude of this gentleman towards organized labor has always been of the most friendly nature and he has upon many occasions assisted to the full extent of his ability in furthering our conservative interests.

It is to the interest of intelligent working men to aid those who aid them and carry out that grand principle of reciprocity which is the groundwork of our organization and which has been most fully lived up to by this gentleman.

He is located at 1700 South Seventh street, and is a dealer in groceries, feed, cigars and tobacco and a genial gentleman.

C. W. West & Co.

Druggists, located at 1278 Lafayette avenue, has always exhibited a most friendly feeling toward the cause of labor, and because of their hearty co-operation and good will are entitled to the liberal support of organized labor. The gentleman at the head of this concern of men of ability and integrity who enjoy an enviable reputation and standing in this city.

Union men will make no mistake in extending to this concern their hearty encouragement. It is strictly in accordance with the broad underlying principles of unionism to foster to the fullest extent a commendable home enterprise of this kind.

Jacob May.

We take pleasure in calling attention to Jacob May, wholesale dealer in billiard tables and supplies, located at 343 North Fourteenth street.

This is a splendid enterprise, which should receive the hearty support and encouragement of all loyal citizens. This business is established upon a most solid basis, and has grown in prestige and popularity since the date of its inception.

We take pleasure in placing the name of Jacob May among the prominent concerns of the city which are to be depended upon as staunch and substantial friends of conservative organized labor. Mr. May is agent for Huss Bros. Mfg. Company, Cincinnati, Ohio.

Black & Cook.

This pharmacy stands pre-eminent among the leading concerns of this city, and is worthy of commendation, not only because of its superior quality of goods, but also on account of the proprietor's manifestly fair and honorable manner of dealing with the public, and the fact that every dollar's worth of goods sold is endorsed by every purchaser.

It is a well-known fact that these gentlemen can be relied upon to be thoroughly reasonable and honorable in their dealings. Located at 900 Chestnut street.

The thousands of union men in Terre Haute will make no mistake in patronizing this commendable drug store. Full line of union made cigars.

W. H. Bergherm & Co.

We feel that we would fall short in our issue did we omit the name of W. H. Bergherm & Co., located at 1500 South Third street. They are men of fine character and standing, whose word is their bond and whose sound judgment is to be relied on to the utmost extent. They have given unmistakable evidence of their friendly feeling toward us and best wishes for our continuance. They are thoroughly strict business men, giving their personal attention to the minutest detail connected with their business.

We are glad to count this firm as staunch friends to us and the cause we represent. Their broad-minded methods of dealing with the public have built up a large business as dealers in feed and groceries, in which we wish them continued success.

F. Barrett.

A splendid example of commendable enterprise which should be supported and encouraged by our workmen is the bakery, grocery, confectionery, cigar and tobacco establishment of F. Barrett, located at the corner of Fourteenth and Sycamore streets. This gentleman has shown himself to be always on the side of organized labor and willing to do anything in reason for the furtherance of our cause.

We take pleasure in placing Mr. Barrett's name in this our annual review.

H. F. Gable.

We recommend without hesitancy the drug store at corner Tenth and Lafayette avenue, as one of the best in this section. The union man can be sure he is among friends and that he will get courteous treatment. In this place the most excellent and purest of goods are placed before them with the best and most considerate service. Mr. Gable is well known to our union friends as the proprietor of this place. We heartily recommend this drug store to our local friends and the public generally.

John A. Miller.

Special mention should be made of John A. Miller, located at 333 S. Thirteenth street.

This concern has always taken good care of its customers, treating them in a consistent manner—guarding their interests conscientiously.

We are pleased to say that in times past Mr. Miller has expressed his interest in conservative organized labor in a most gratifying way, thereby proving his loyalty to the cause we are striving to perpetuate. We certainly appreciate this gentleman and know he is our friend.

He manufactures the celebrated Miller's Standard 10 cent cigar and famous Royal Club, and you will find the union label on every box.

W. J. Neukom.

W. J. Neukom, druggist, located at 688 Lafayette avenue, has always exhibited a most friendly feeling toward the cause of labor, and because of his hearty co-operation and good will is entitled to the liberal support of organized labor. The gentleman at the head of this concern is a man of ability and integrity who enjoys an enviable reputation and standing in this city.

Union men will make no mistake in extending to this concern their hearty encouragement. It is strictly in accordance with the broad underlying principles of unionism to foster to the fullest extent a commendable home institution of this kind.

We take pleasure in placing the name of W. J. Neukom among the prominent concerns of Terre Haute which are always to be depended upon as substantial friends of organized labor.

We wish him continued success.

William H. Schroer.

To succeed in an undertaking one must be possessed of energy, honesty and determination. Happily in this instance all the requisite qualities that go to make up a successful business man are possessed by Wm. H. Schroer, the genial and wide-awake baker and confectioner of this city. Year by year he has steadily won his way to the front and today enjoys one of the largest trades of the city and the confidence of all classes.

Polite, affable and liberal, this gentleman has made a host of friends who have watched his career with no little pleasure. He enjoys a liberal trade from the working men of the city, and he is surely deserving of that patronage, as he has ever been interested in our welfare and always willing to co-operate in bettering our condition. We heartily commend this leading concern as one deserving most liberal patronage. His place of business is located at No. 409 South Thirteenth and one-half street.

C. Edward Joyner.

The drug store at 830 Chestnut street represents an enterprise of vital importance to labor. The house is in every sense of the word regarded as on a friendly basis to organized labor, having in the past given undisputed evidence of their good will, and are ever on the alert to prevent the laboring man's interests. Their motto, "live and let live," is thoroughly demonstrated in the kind and courteous treatment accorded their employees.

We take pleasure in placing the name of C. Edward Joyner in this edition as one of the representative concerns of Terre Haute. He is an extensive dealer in drugs and medicines, and we cheerfully endorse him.

H. Fromme & Co.

There are a large number of places in the city that have by their actions in the past shown themselves in every respect to be friendly toward organized labor. The thousands of union men in Terre Haute make no mistake in patronizing those who are recognized as their friends in preference to any whose attitude towards labor is antagonistic.

In this annual review we take pleasure in recommending the above firm to the hosts of wage earners and the public. They are dealers in groceries, provisions and country produce, and located at 1735 S. Seventh street.

Joseph M. Ball.

We all have to patronize drug stores. When, as labor men, the necessity arises, we feel that in so doing we are spending money with a concern that is favorable to our cause, and that has a record of having done nothing in the past to antagonize the hosts of organized labor living in and around this district. A well known and worthy firm dealing in drugs, and one that has a splendid record as being always in the van when the cause of labor is striving for advancement, is that of Joseph M. Ball, the enterprising druggist, whose place of business is located at 428 N. Thirteenth street.

Mr. Ball is a man whose common sense and business instincts would alone keep him from antagonizing so large a class as that of labor, but when, allied to his other qualities, you find as generous and whole-hearted a man as he is, it goes without saying that such an idea is entirely foreign to his nature.

Mr. Ball has built up one of the best trades in our city.

All his drugs are of the purest quality, and his line of toilet articles is unsurpassed. We wish him success commensurate with his ability and friendliness, and feel that we cannot recommend him too highly.

Terre Haute Laundry and Dyeing Company.

We wish to call especial attention to the Terre Haute Laundry and Dyeing Co. This company in its splendid career of usefulness has many dealings with labor and we are pleased to note that it is held in high esteem and confidence, not only by its employees but also by labor generally throughout the city.

The manager of the business has shown himself to be broad minded and public spirited, and can be depended upon to be fair and reasonable. The company is entitled to the endorsement not only of organized labor, but also of all loyal citizens who have the best interests of Terre Haute at heart.

The company holds a position of well-deserved leadership in this important branch of enterprise, and have no hesitancy in placing its name foremost among the prominent concerns which are worthy of being classed as friends of labor.

They are located at 310 Cherry street. Ed E. Lawrence is the manager.

William P. Heuer.

In giving the names of a few carefully selected concerns in this city, we wish to draw particular attention to Wm. P. Heuer, druggist, located at 1468 Liberty avenue. This gentleman is very successful and progressive, and enjoys a large and extensive patronage. This enterprise is well established and is on a firm basis, and we are pleased to note that he is most friendly to labor, and can always be depended upon to be thoroughly reliable and honorable in all his dealings.

Our union men have good reason to hold this firm in high regard and consideration and they should upon all occasions remember the above firm when needing anything in his line. He carries a full line of union made cigars.

Briggs Lumber Co.

When compiling our lists of the friends of conservative labor, we are glad to find a firm that has always stood with us in all proper demands for the progress of our cause. The above firm is a large one.

The Briggs Lumber Co. can be numbered among our friends and will always remain in the ranks as long as the present management has control of this favorite company.

As dealers in high grade lumber they stand foremost among the many in this populous district. They are located at 919 Chestnut street.

We are glad to know of their success and progress, and it is our earnest hope that it may long continue.

C. C. Leek & Son.

A well known and worthy firm dealing in drugs, and one that has a splendid record as being always in sympathy when the cause of labor is striving for advancement, is that of C. C. Leek & Son, the enterprising druggists, whose place of business is located at 1302 Poplar street.

C. C. Leek & Son have built up one of the best trades in our city.

All drugs are of the purest quality, and their line of toilet articles is unsurpassed. They are graduates in pharmacy and all prescriptions are accurately compounded they have our hearty endorsement.

Imitation Perfumes.

"It may seem peculiar," said a perfume manufacturer, "but perfumes are adulterated and imitated just as baking powder and other things are. For instance, we make a high grade carnation pink perfume from the flowers themselves. This, of course, is costly, but the perfume retains its odor, and a handkerchief that has been scented with it will retain the perfume even after it is washed. A hot iron will bring-out the odor again. Now, a perfume that is just as good to all first appearances and that for ten minutes will have the same effect can be made out of the oil of cloves mixed with alcohol. At the end of ten minutes the odor will be gone."—Milwaukee Sentinel.

How Are You Going to Vote?

We elect a president next November. Are you going to vote with the Democrats, the party of the little capitalists, and try to put things back where they used to be? Or are you going to vote with the Republicans, the party of the big capitalists, and help keep things as they are? Or will you vote with the Socialist Party, the party of the workers, and help change things so that those who do the work will own what they produce? But possibly you do not know about the Socialist Party. Then send four cents in stamps, and receive by return mail three books, *Easy Lessons in Socialism*, *The Socialist Party*, and *What to Read on Socialism*. Address

This enterprising business is too well known to union men for it to be forgotten, but we feel we should be doing ourselves an injustice did we fail to note the continued and deserved prosperity of this popular baker and confectioner, Louis Gerhardt.
