Olson Again Breaks His Promise

TROOPS AID LOADING

With troops kindly helping them With troops kindly helping them load trucks so they might accom-plish a day's work in half a day, every market house was going full blast this morning. Peaceful picketing was forbidden as usual by the military forces. All trucks moved in and out freely, under troop protection. This is the manner in which Governor Olson kept the promise to close the market, which he made Saturday afternoon to a joint delegation from the Central Labor Union and the Strike Com-mittee of 100. Olson's promise was to rope off

mittee of 100. Olson's promise was to rope off the market beginning Sunday midnight. He admitted to Satur-day's delegation that he made such a promise weeks ago but failed to keep it for various rea-sons. He stated that he would now see to it that no market ârm which refuses to sign the Haas-Dunnigan agreement would move trucks or private cars for com-

which refuses to sign the Haas-Dunnigan agreement would move trucks or private cars for com-mercial hauling today. He prom-ised that nobody of these firms, except engineers, watchmen and proprietors, would be able to come in or go out of the market. Not only was the market open all morning, but Col. E. W. Mc-Devitt, successor to General Walsh in command of the National Guard, when ordering the market closed at noon-after enough goods had been moved to last for several days-used this gesture in order to spread a false impression about the strikers, He stated that the market was being closed in order to avoid electioneering trouble. Governor Olson had pre-viously been told that the Union had not agreed to any election. Asked over the telephone this morning why the market had not been closed at midnight, Col. Mc-Devitt stated that originally the intention had been to do so, but that Governor Olson had ordered him to postpone the closing time until noon in order that the mar-ket firms could move out accumu-lated goods! Thus boldly the com-mander of the National Guard ex-presses the purposes of the mili-tary regime. The Governor's oft-renewed

The Governor's oft-renewed promise was given at an interview with a delegation composed of Roy Wier, A. H. 574 WILL NOT STAND FOR FAKE ELECTIONS

- 1. Elections have been asked for by the bosses, but NOT by the Union.
- 2. A Federal official, P. A. Donoghue, has come to Minneapolis, supposedly to order an election, but it is not vet known whether he will order one or not.
- 3. The Union demands that NO elections be held unless:
 - a) all strikers are first returned to work without discrimination on any pretext whatsoever.
 - b) the victory of the Union in the elections not only compels the bosses to recognize the Union, but also establishes all the conditions of the Haas-Dunnigan plan.
- 4. Any election which might be ordered without fulfilling these conditions would be a strike-breaking move.
- 5. The Union has NOT agreed to any election.
- 6. No Union man should participate in any election unless the Union agrees to it.
- 7. If and when the Union agrees to an election, it will notify all members of the decision.
- 8. Until then, hold fast, do not budge, do not lis-
- ten to fake rumors or bosses' threats.
- 9. The Strike Committee of 100 meets tonight to plan next steps in the struggle.
- 10. Tuesday night there will be a closed membership meeting to discuss these matters more fully. Impor-

MASS MEETING TONIGHT

The membership of Local 574 is called to attend a closed mem-bership meeting of the highest im-portance, to be held tomorrow night at 8 p. m. in Eagles hall, 4th Ave. South and 8th St., just a block from Strike Headquarters. The entire development of the strike will be reviewed and the messent situation analyzed at this

strike will be reviewed and the present situation analyzed at this meeting, the first of its kind since the adoption of the proposal to endorse the Haas-Dunnigan plan several weeks ago. Special stress will be laid upon the problem of elections. As is well known, the Haas-Dunnigan plan which the Union endorsed and the bosses threw back in the faces of the Federal mediators, provided for elections after the return to work of all strikers on return to work of all strikers on certain wage conditions. After a request from the bosses, the Fed-eral government has sent in a new

eral government has sent in a new agent who is said to be preparing to call a type of election entirely unacceptable to the union. Any election which does not meet the terms of the union as described in the statement on this page will be tantamount to an effort by the bosses and the Fed-eral representative to break the strike. By tomorrow night important

erai representative to break the strike. By tomorrow night important information respecting the pro-posed election will be available and will be laid before the mem-bership of Local 574. Reports will be made by the Strike Com-mittee of 100 and the Organizing Committee. Recommendations will be submitted at that time for ac-tion by the members. It is also expected that impor-tant news will have been received from the State Federation of La-bor Convention now in session at International Falls. Brothers Wil-liam S. Brown and Miles Dunne are attending the Convention as delegates of Local 574. A resolution has been laid be-fore the State Convention acking

tion on this resolution. At tomor-row night's meeting, however, a full report of this matter as well as of other proposed steps in the fight will be made. A meeting of the Strike Com-mittee of 100 will be held today at 6:30 at 225 South Third St. Important business will be taken up at this meeting. Tonight a mass meeting will be held in Strike Headquarters, 215 South 8th St., where the question of the elections will be discussed by several members of the Strike Committee of 100. There will also be reports of the day's activities, including de-tails as to the latest broken prom-ises of Governor Olson respecting the closing of the market. the closing of the market.

Brown representing the Strike Committee of 100. Discussing the question of the boss-called election, Roy Wier, Organizer of the C. L. U., point-ed out that in such elections the Union would have everything to lose and absolutely nothing to gain. Governor Olson admitted that under the conditons de-scribed by Brother Wier this would be the case. The "sneaker meetings" called by the bosses in order to wheedle and threaten strikers into partici-pating in an election and voting against 574, were described. The actions of the bosses at Hatch's. Witts, Glenwood-Inglewood Spring Water and the subsidiaries of the General Fruit Co. were related. Wite and others then raised the question of violations of the Haas-

poses. Concrete cases were mentioned.

No Union Man to Participate in Any Election Unless the Union Agrees to It

Bosses Preparing Election Fake by Threats and Tricks

The bosses are resorting to every possible means to fool the men in regard to the fake elections which they have planned. Every subtle means of coercion and intimidation is being used, and phony promises are being made to try to influence the votes of the workers.

In several cases the company has promised the men

that they will be given a yearly * voted against the union.

A common threat of the bosses is to tell the men that if the union wins the election, the com-pany will get rid of all its trucks and fire all the men. A large transfer company called the men into a meeting and asked

the men into a meeting and asked that union men allow their names to go on the ballot as the "com-pany union" committee. The men refused to do this, stating that they wished 574 to represent them and wanted no part of any left-handed company proposition.

The boss of this company proposition. The boss of this company stated that even though the union should win the election he would not agree to the Haas-Dunnigan proposal.

The Minneapolis Labor Review, official organ of the Central La-bor Union, in its latest issue speaks of the elections called for by the bosses as follows: "Careful observers see in the ordering of elections arbitrarily by the National Labor Relations Board a method of outlawing strikes at any time that the em-
