**A Call to Labor to Stand by its Own**

These Ohio Comrades have been indicted for revolutionary activities and are being tried in the capitalist courts. The defense of these comrades will cost hundreds of dollars. The transcriptions of speeches and letters by these labor workers and their defense in the political organization which they have formed as a means of furthering their emancipation from the chains of wage slavery. These comrades need your help, and it is needed in this case and every worker should assist in defending the comrades.

Marguerite Preve

At this writing, Marguerite Prevey is in jail while her attorneys are attempting to have her released and returned to Ohio. Elsewhere in this issue, the account of this brave girl's life is given. It is evident that the case of Comrade Prevey should be defended by every worker and member of the Communist Labor Party. It is also returned to the working class of Ohio and the working class of America to fact that the working-class political party was NCP organized for the purpose of overthrowing the government by violence and murder. It is the case which made the case.

THE NEW PROPAGANDA

None now is the moment. The letter of the law does not yet bind the workers. The law of the jungle is the most civilized of the laws. The law of the jungle is the law of the class struggle. The law of the jungle is the law of labor.

The new propaganda must be based on the realities of life. The new propaganda must be based on the needs of the workers. The new propaganda must be based on the power of the workers. The new propaganda must be based on the strength of the workers. The new propaganda must be based on the solidarity of the workers.

THE BLACK SHEEP

You Will Help

You can begin at any time. And you will help us in this work. We are not asking for a few dollars, a few cents, or a few pennies. We are asking for your whole heart.

The workers of Kansas are up against the new order of changed social and political conditions. For example, the workers of Kansas have never known what it means to experience the grinding poverty of the mining or smelting industry. They have never known what it means to be without work. They have never known what it means to be deprived of all the comforts and conveniences of life.

You can help us in this work. We are not asking for a few dollars, a few cents, or a few pennies. We are asking for your whole heart.
