EVERETT, WASHINGTON, THURSDAY

Triumph of Reactionaries Offset by Material Socialist Great Number of Socialist Officials are Electe

NEW YORK ELECTS FIRST SOCIALIST CONGRESSMAN

MEYER LONDON TO SUCCEED
BERGER AS LONE SOCIALIST IN
HOUSE OF REPRESENTATIVES.

Comrade Meyer London was elected to congress from the 12th district of New York. He received the magnificent total of 5,969 votes. Goldfogel got 4,938, and Borowsky, candidate of the republican ticket, got but 1,133. It was work like this that tied a knot in the Tiger's tail.

The Call says:
Efficient organization work won the day for Socialism in the 12th. It was loyalty. It was sacrifice.

Things went without a hitch. There were more than sufficient workers, always on hand to handle any situation that might present itself. Their wonderful team work protected the Socialist ticket in Tammany's stronghold. That helps to explain why the Socialists won their first great victory in the East, sending a New York Working Class Representative to congress.

Two years ago Meyer London was elected to congress from the 12th district and cheated of his election by the thugs, ballot box stuffing and strong arm men with which Tammany Hall operates in that region.

London is a prominent member of the Cloakmakers' Union. He is a Russian by birth, 38 years of age. He has been in the United States twenty years.

MEYER LONDON WELL QUALIFIED, SAYS "CALL"

Editorially the Call says:
Though the Socialist party puts little emphasis on candidates personally, and by no means regards office as the reward of a "deserving" person, it may be asserted that no candidate even in the Socialist movement, has more thoroughly and conscientiously prepared himself for congressional work than Meyer London. Those who elected him may rest assured that he will leave nothing undone to work in the most effective manner for their special interests as wage workers of the Great East Side and the interests of the working class in general.

SOCIALIST VOTE IN THE CITY OF EVERETT

Jones, Rep., 2,182; Black, Dem., 2,672; Barth, Soc., 1,467; Hanson, Pro., 1,840.

The rest of the Socialist ticket went as follows: Boomer, 1,410; Olinger, 1,989; McCullough, 1,656; Cort, 1,612; Crosby, 1,436; Husby, 1,630; Bartlett, 1,632; Leister, 1,385; Solle, 1,794; Thompson, 1,596; Larson, 1,602; Keller, 1,570; Morrison, 1,420.

Hans J. Solle topped the list on the Socialist ticket in Snohomish county with 4,148 votes.

Adam H. Barth was the lowest on the list with 3,403 votes.

R. J. Olinger polled the highest vote in the city, 1,989.

H. F. Leister polled the lowest vote in the city, 1,386.

TRAFTON

Socialists elected a justice of the peace and from 8 to 26 for their candidates. Here are the figures for congressman: Rep., 10; Dem., 11; Boomer, 44; Campbell, 15. For eight hours, 56; against, 28.

KITSAP COUNTY

The result of the election in Kitsap county in comparison with 1912 shows that a clearer vote was cast this year than then:

Congressman 1912.
Giles, 1534.
Wagenknecht, 1452.
Congressman, 1914, Glenn Hoover, 1101.
Representative, 1912, H. O. Meaford, 1634.
Representative, 1914, W. E. Westerman, 1186.

MILWAUKEE ELECTS NINE TO LEGISLATURE; WIN IN COUNTY

ELECT 8 ASSEMBLYMEN, SENATOR, DISTRICT ATTORNEY AND SHERIFF; LOSE FOR CONGRESS.

MILWAUKEE, Nov. 4.—Wisconsin has elected eight Socialist assemblymen and one Socialist state senator. This is a gain of two assemblymen over last year.

Winfred C. Zazel, Socialist, is elected district attorney, and Edmund T. Melms, Socialist, is elected sheriff. Martin Plehn, Socialist, for county clerk, may win when all returns are in.

Winfield R. Gaylord, for congress, lost his district by the narrow margin of 800 votes. Victor L. Berger lost by the smaller margin of 200. The fight against the two Socialist congressional candidates was unusually bitter.

The fact that the Socialists have gained back the two most important county offices over a desperate opposition gives the party the greatest cause for evidence of the solid growth of the movement in Milwaukee county.

The district attorney-elect held the office during the term that expired two years ago. He was elected when the Socialists first captured the county four years ago. His fine record gave his opponents no chance to campaign against him on any other issue than Socialism.

Edmund T. Melms, the sheriff-elect, has been county organizer for years, and is responsible, as much as any individual, for the splendid organization in Milwaukee.

BERGER SAYS NATION IS REACTION'S VICTIM

MILWAUKEE, Nov. 5.—Victor L. Berger, former Socialist congressman, who was defeated for that office in the election on Tuesday, made the following statement today:

"There was a wave of reaction and darkness spreading over the entire country.

"Whether the human race is sick on account of the world's war—which is having its effect on the people of the United States—or whether capitalism and expansion must run its full course before it is finally abolished, I do not know.

"It may be said that the daily press, more than any other single agency, must be held responsible for the blind actions of the voters. The daily press methodically misrepresents, lies and bluffs.

"In Milwaukee, the Socialists held their own and no more. W. R. Gaylord, in whose district there was a three-cornered fight, came near an election, and was defeated by less than 300 votes.

"I was hit hard by a combination of the democrats and republicans. During the last week the democrat was dropped by the non-partisan committee and all voters which that committee could control were transferred to Stafford to defeat me—I seem to be the particular object of capitalist fear.

"The Social-Democrats of Milwaukee have elected eight assemblymen and a state senator, besides electing the sheriff and the district attorney.

"So much is clear—a great deal of agitation, education and organization must be done during the next two years."

MILWAUKEE

The Socialists of Milwaukee are going to demand a recount on the votes cast for congressman and county clerk. Gaylord, who ran for congress, was defeated by less than 300 votes with one town to hear from. Martin Plehn, who ran on the Socialist ticket for county clerk, was defeated by some 59 votes.

GOPHER SOCIALISTS SEND THEIR MAN TO SENATE

DULUTH, Minn., Nov. 5.—Richard Jones, Socialist lawyer, candidate for state senate, has a substantial lead over Thomas Pugh, the oldest member of that body, and has probably won. Jones is 27 years old. He was formerly a telegraph operator and was once famous as the youngest station agent on the Great Northern, being appointed at the age of 12.

SOCIALISTS HOLD SECOND PLACE IN OKLAHOMA STATE

PARTY ELECTED TWENTY-ONE
MEMBERS TO LEGISLATURE—
CANDIDATE FOR GOVERNOR IS
NOSED OUT BY FEW VOTES.

OKLAHOMA CITY, Okla., Nov. 7.—According to the Daily Oklahoman, which has never permitted the existence of the Socialists to be mentioned in its columns until after election, Socialists of this state now claim between 60,000 and 65,000 votes and have elected 21 representatives to the state legislature in counties including Garvin, Love, Carter, Atoka, Johnston, Marshall, Kiowa, Dewey and Major.

The same paper gives the vote in Beckham county for state representative as follows: Joseph, democrat, 956; Fix, republican, 531; McLamore, Socialist, 1,012.

In Garvin county the vote for governor was, Williams, democrat, 1,844; Fields, republican, 855; Holt, Socialist, 1,173.

In Johnston county the Socialists polled 1,050 votes to 1,180 democratic and 588 republican votes.

In Kiowa county the vote was 1,213 for the Socialist candidate for governor, and 1,019 and 1,233 for the democratic and republican candidates respectively.

The Oklahoman claims that the Socialists now admit that their candidate for governor was not elected, but it is expected that the Socialists will occupy second place, beating out the republicans.

SOCIALISTS OF OKLAHOMA ELECT TWO STATE SENATORS

OKLAHOMA CITY, Okla., Nov. 6.—The Socialists have elected at least two state senators and one representative, and the Socialist vote is increasing as the returns come in.

At present it is a dead heat between the republican, democratic and Socialist candidates for governor and an official count will be necessary before the result will be known.

There is still a chance that later returns will elect one Socialist congressman. Hundreds of township and county officials have been elected. The Daily Oklahoman, that has persistently suppressed all mention of the Socialists during the campaign, says of the result:

"The Socialists polled a heavy vote in all southern counties of the state and in a number of cases ran ahead of the republican ticket.

"In one or two western counties the Socialist candidate for governor, Fred W. Holt, received more votes than either Fields or Williams." The two latter were the republican and democratic candidates.

OUTLOOK ELECTS JUSTICE OF THE PEACE

Outlook, Wash., Nov. 8, 1914.
Outlook precinct, Barth 42, Storland 43, Livin 47. A loss from last year of 19 to 15 votes. Still Outlook is banner precinct in the county, the loss in the county being larger, and the Bull Moose loss still larger.

The eight-hour vote at Outlook 66 for and 192 against. Prohibition 216 for and 63 against. Socialist candidate for justice, A. B. Flint, re-elected and candidate for constable, R. Hafbrook, defeated by 3 votes.

I attribute loss of Socialist vote in county to lack of campaign, and only one county candidate, F. A. Livin, for the legislature. The other candidates nominated failed to file on account of fee.

WALTER PRICE.

MALDEN PRECINCT NO. 66

Whitman county gave the following returns: For United States senator, Jones, rep. 102; dem. 85; Soc. 24; pro. 19. A lot of pick and shovel work will have to be done in this district in order to get the farmers wise to the skin game.

There must be some mistake about the report that capital is tight in Europe. Serbia, France, and Belgium have moved theirs, and Austria is ready to flit any time.—Vancouver Sun.

COMRADE JAMES MAUREL ELECTED TO PENN. LEGISLATURE

FIGHTING SOCIALIST TR
UNIONIST WINS AFTER
FIGHT.

READING, Pa., Nov. 4.—James Maurer, the worst hated and feared representative of the working class Pennsylvania, has been elected as a member of the legislature of this state.

Feared by the Manufacturers' association and their lackeys both in the senate and house, and feared and hated by the agents whom the industrial bosses hire through political office and actual cash payments to try and keep organized labor in the leading strings of the capitalist class party.

Four years ago he made a most magnificent one-man fight against the political power of the industrial masters on the floor of the legislature as the sole representative of the working class of this great state. He was marked for slaughter by those whom he had fought so relentlessly and went down to defeat in the next election. It was a dear victory, however, for the robber class. At the next convention of the State Federation of Labor he was elected its president, replacing an administration whose sole aim seemed to be to keep organized labor marking time while those who fattened upon their toil waxed ever fatter with spoil.

The Federation began to grow in both numbers and fighting ability. At the next session of the legislature Maurer, with an efficient committee, appeared at Harrisburg and stayed there until the session was over. Never before had the pliant legislative tools of capitalism had their actions subjected to such pitiless scrutiny, and many a legislative snake, fashioned to suck more efficiently the very life's blood of the workers, was not only sketched, but killed.

Marked for Slaughter.
Orders went out that at all hazards his re-election as president of the State Federation must be prevented and the agents of the political pirates who represent the lords of the mills, mines and railroads of this state were at Erie in full force to accomplish the will of their masters. But they reckoned without an aroused working class who fought them to a finish in one of the stormiest sessions that organized labor in this state had ever known, and Maurer was triumphantly re-elected by the fighting class-conscious workers of the state. His election as a legislator representing the great manufacturing city of Reading gives new hope to both the political and industrial working-class movement in Pennsylvania.

Use New Tactics.
The election in Reading marks a new departure in Socialist tactics. The workers in Reading determined to use their organized power to compel the three capitalistic newspapers to give them the publicity that the numerical strength of the party justified them in demanding. Three years ago they called a boycott on these papers who were giving them no space in a campaign, and in five days brought these sheets to time. The trouble was, however, that after getting the space the publishers tried the old trick of twisting and distorting the statements of candidates. This year, however, this was provided against. A press bureau was opened and every day the press of the city was handed typewritten copies of the talks of the Socialist candidates and speakers from outside. All the editors of the papers knew that a copy was kept of all matter handed out and that they would twist it at the peril of not only a boycott on the subscription department but upon the merchants who advertised in the offending papers.

The result was that the Reading comrades had 42,000 circulars delivered every day in Berks county in which were intelligently set forth the issues of the campaign. Organized power won as it always will.

Of course, all of this would have amounted to nothing if it had not been for the individual and group work of the comrades. Every poll was manned and a watcher kept on the job until the vote was counted. No chances were taken of losing the

election after the battle of the ballots was over. Mistakes were made, of course, but the Reading Socialist movement intends to use these mistakes to shape and fashion the organization into a fighting unit that will enable it to capture the entire city government next year.

TORN PAGES

FIRST WOMAN SOCIALIST WINS IN CALIFORNIA

Comrade Estelle Lawton Lindsey, of Los Angeles, will represent the Sixty-first district in the next California legislature.

T. W. Williams, state secretary, writes from Los Angeles:
Mrs. Lindsey is the first Socialist woman legislator ever elected. She is a newspaper writer and former writer of the "Cynthia Grey" column in the Los Angeles Record and other Scripps papers.

Kingsley was elected two years ago, and during his term introduced scores of bills, among them the eight-hour bill. Following the introduction of this bill the eight-hour agitation continued until a universal eight-hour bill was placed on the ballot in the election just passed.

The eight-hour bill was the most bitterly contested measure in the election. It was defeated 2 to 1, however. The Socialists, its most militant champions, lacked publicity avenues to make the right a winning one, but they consider the result a credit to their work, even though the bill did not become a law.

The Socialist vote, with incomplete returns at hand, is certain to be phenomenal, though the head of the ticket ran far behind, due to the fact that Hiram W. Johnson had the trade union indorsement. Socialists are elated by the heavy vote.

MONTANA

A gain of 17,000 votes over 1912. In Silver Bow county two members were elected to the legislature. In Mineral county the Socialists have elected the state senator. In Missoula county the Socialist sheriff was elected.

HAVERHILL, MASS.

Chas. H. Morrill, Socialist member of the Massachusetts state legislature, has been returned to that body for the sixth consecutive time.

TEXAS

The Socialist party's vote for governor was more than double the vote of two years ago. At that time it was 24,496. This year it runs over 50,000.

NEW JERSEY

The mayor, a city councilman, and four marshals were elected in Haledon.

THE SWISS ELECTION

The triennial election for members of the Swiss national council resulted in the change of only eight seats. The standing of the political parties in the council now is: Radicals, 110; Conservative Catholics, 39; Socialists, 17; Liberals, 13; Social Reformers, 7; Independents, 2.

The German chancellor is planning the reshaping of Europe. One thing sure is that it couldn't be in worse shape than it is now.—Philadelphia North American.

election after the battle of the ballots was over. Mistakes were made, of course, but the Reading Socialist movement intends to use these mistakes to shape and fashion the organization into a fighting unit that will enable it to capture the entire city government next year.

SOCIALISTS IN CHICAGO AGAIN WIN THREE SEATS

CHICAGO, Nov. 4.—Three, and possibly four, Socialists have been elected to the Illinois legislature. The three elected are:

Stedman, Mason and Madsen.

Seymour Stedman is one of the best known attorneys in Chicago, and as a member of the last legislature, made a fine record. Mason and Madsen also were members of the last legislature, the trio giving the capitalist legislators many a puzzle and many a hard knot to untie.

Chicago Socialists are elated over having sent this delegation back to Springfield.

OHIO SOCIALIST IN LEAD FOR HIGH COURT JUSTICE

CLEVELAND, O., Nov. 4.—According to returns from 400 precincts, John C. Madden, Socialist candidate for chief justice of the supreme court, leads the republican and democratic candidate by between 3,000 and 4,000 votes.

The vote, as far as reported was as follows:
Madden, Socialist, 25,223; Nichols, democrat, present chief justice, 23,173, and Taggart, republican, 20,739.

Madden is not a lawyer and has worked at his trade as blacksmith until recently.

WILL ATTEMPT TO RESTORE PEACE

Following the united demand for action on the part of the Socialist members of parliament, President Arthur Hoffman today declared that he will immediately undertake to reach an agreement with all neutral powers for joint action and intervention in the interest of peace.

VOTING KINGS

Election officers in the Colorado strike zone refused to let the miners vote. Bloodshed was narrowly averted in several places. Strikers had to use force in order to vote.

SNOHOMISH COUNTY VOTE

Snohomish county vote with three precincts still to be heard from.

The figures for United States senator were as follows: Jones, Rep., 4,778; Black, Dem., 5,617; Barth, Soc., 3,403; Hanson, Pro., 5,551.

The rest of the Socialist ticket in the county polled as follows:

Boomer, congress, 2nd dist., 3,524.
Olinger, representative 48th dist., 2,699.
McCullough, representative 48th dist., 2,360.
Frank Cort, county clerk, 4,024.
F. G. Crosby, county auditor, 3,749.
Peter Husby, prosecuting attorney, 4,083.
Mrs. Bartlett, county treasurer, 3,999.

H. F. Leister, county sheriff, 3,556.
Hans J. Solle, assessor, 4,148.
R. W. Thompson, superintendent of schools, 4,079.
Ole Larson, commissioner first district, 3,882.
W. S. Keller, commissioner third district, 3,738.

The following are figures for state senator for the thirty-ninth district:
Mitchel, Rep., 2,475; Jensen, Soc., 1,778; Burton, Pro., 2,764.

Representative 49th District.
Rep., 2,425; Rep., 2,350.

Pro., 2,828; Pro., 2,791.

thudded merrily. capitalist class,

The progressive party, being mostly Theodore Roosevelt, thudded generally and almost impartially as to geographical location. It thudded in Texas with as much eclat as it did in Indiana; in New York with as much ease and grace as in Pennsylvania and Illinois.

The salubrious skid of the progressive party was all-inclusive and not at all particular as to where it performed.

In Wisconsin, home of La Follette and his ideas, the progressives were lost in the shuffle, a reactionary republican sliding into the governor's chair with evident composure.

In Massachusetts, the progressives drooped in fading glory, doing likewise in Ohio.

The progressive slump was general, and politicians generally believe the so-called party beyond resurrection.—The Call, N. Y.

STATE REPRESENTATIVE FOR WASHINGTON

If the Socialists of San Juan county win the case that they are bringing to court, Washington will have a state representative elected on the Socialist ticket. Comrade Harry Towell received 553 votes by sticker ballot and V. J. Capron, republican, 573. The Socialists have good proof of there being more than 20 Socialist ballots thrown out because they were stickers and the case has been placed in the hands of lawyers.

THE RED PLACES IN SNOHOMISH COUNTY

The following precincts gave a majority vote to the Socialist candidates. The figures are those given to the congressional candidates in 118 of the precincts. Three precincts are still to be heard from:

Gregory, Rep., 28; Dem., 36; Soc., 37; Pro., 45.
Locksley, Rep., 13; Dem., 14; Soc., 20; Pro., 13.

EFFECTIVE WAR LECTURE WELL ILLUSTRATED

OUTLOOK NOT REASSURING, SAYS SHIPLEY

Another good crowd turned out last Sunday evening to hear comrade Maynard Shipley's second lecture on "The European War and Its Effect Upon the American Workingclass." The fundamental causes of war were clearly and impressively expounded to an audience that was composed of at least fifty per cent non-Socialists.

The splendid stereopticon views brought out most forcibly the mercenary motives and the commercial bases of all modern wars, not to say ancient ones, as well.

Comrade Shipley cited numerous facts and incidents all of which tend to show that the United States would become involved in war at a very early date. "The workers having voted for war on November 3rd," said the speaker, "there remains no hope now that war can be averted. It is a question of the destruction of the many unfit, and these will drag down with them the relatively few who have intelligence and forethought. War kills off the fools first, but even the Socialists may be dragged into the bloody arena, as they are dragged down now into the trenches of France, Belgium and elsewhere. The outlook is not reassuring."

ism of his youth into the movement.

The recent county campaign was planned and carried out under his direction and resulted in a new interest and life being aroused in the workers of the county that next campaign will make for victory. Four years continuous membership in the party combined with active work, serving the movement as literary agent, street speaker, local secretary, treasurer, city and now county secretary, has tested his ability as a worker for Socialism. As campaign manager the Socialist party made its first actual fight for victory.

Over 25,000 pieces of literature were sold and distributed, over 80 campaign meetings held, 200 square inches of Socialist write-ups and news items were secured from the capitalist press of the county free of charge and the campaign carried on in every portion of the county. Comrade Ulonska plans to conduct a County Lyceum course in Snohomish county next year that will keep the locals of the county in closer touch with the movement and build up the membership and if plans carry out it will be a great educational work that will make towards carrying the county for Socialism.

Another good crowd turned out last Sunday evening to hear comrade Maynard Shipley's second lecture on "The European War and Its Effect Upon the American Workingclass." The fundamental causes of war were clearly and impressively expounded to an audience that was composed of at least fifty per cent non-Socialists.

The splendid stereopticon views brought out most forcibly the mercenary motives and the commercial bases of all modern wars, not to say ancient ones, as well.

Comrade Shipley cited numerous facts and incidents all of which tend to show that the United States would become involved in war at a very early date. "The workers having voted for war on November 3rd," said the speaker, "there remains no hope now that war can be averted. It is a question of the destruction of the many unfit, and these will drag down with them the relatively few who have intelligence and forethought. War kills off the fools first, but even the Socialists may be dragged into the bloody arena, as they are dragged down now into the trenches of France, Belgium and elsewhere. The outlook is not reassuring."

F. G. CROSBY,
Press Committeeman for Local 1.

FREE LEGAL DEPARTMENT OF THE WASHINGTON SOCIALIST
 Address all questions to Attorney Peter Husby, 215-16 Stokes Bldg., Everett, Wash.

Editor's Note: Free legal advice on any subject is given in this column to Washington Socialist subscribers. Are not fifty-two copies of this paper and a legal adviser for a year worth \$1.00? Tell your neighbors about this great offer?

Q. I would like to be posted as to the law governing the protection of bills posted in or on public places. Is there a law against tearing down or mutilating bills posted on public buildings or on ones own property?
 —J. G.

A. There is no law against tearing down private posters in public places unless they are official posters. If anyone tears down a poster on private property it is merely trespass. On the other hand, the posting of bills on public property, or on private property without the owners consent, is a misdemeanor punishable by a fine of \$50 or by a jail sentence of 20 days, or both.

Q. How must a justice of the peace and a constable qualify for their respective offices after election.
 —C. U.

A. Every person duly elected to the office of justice of the peace is entitled to a certificate of election. He shall take an oath of office, which oath shall be indorsed on the back of the said certificate, and together with the certificate, filed in the office of the county auditor. He must enter into a bond with the county commissioners in the sum of \$500.00, and to be filed with the county clerk. Every constable shall take an oath of office, which shall be indorsed on the back of the certificate of election, and both filed with the county auditor, and must enter into a bond in the sum of \$1,000.00, for which see the county commissioners; all within 20 days of time of receiving certificate of election.

WHAT LINCOLN SAID.
 This country, with its institutions, belongs to the people who inhabit it. Whenever they shall grow weary of the existing government, they can exercise their constitutional right of amending it, or their revolutionary right to dismember or overthrow it. . . . Why should there not be a patient confidence in the ultimate justice of the people? Is there any better or equal hope in the world?—Abraham Lincoln.

 The Kaiser says he and God are working together. What God can this be? Not our Christian God, our benevolent Creator, a God of love and hope and mercy. THE PURPOSE OF SOCIALISM.
 (Written for The Washington Socialist by Carl D. Thompson, Director of Information Department, National Socialist Party.)
HOW MUCH SHOULD THE WORKERS GET?
 With the terrific increase in the cost of living, the problem of providing for his family is becoming a serious one to the wage worker.
 How much a year should the ordinary workingman have in order to supply himself and his family with the ordinary necessities of life?
 A number of very careful, thorough-going students have been studying this problem for years.
 Dr. John A. Ryan, a Catholic priest and professor in the St. Paul Seminary, in his book, "The Living Wage" (page 159), after a careful investigation of all the elements involved, concludes that \$938 is the least amount that a worker should have in order to provide his family with a decent living.
 Frank Streighoff, professor in the DePauw University, has also investigated this subject. In his "The Standard of Living" he estimates (page 162) that "the extreme low limit" would be \$650 a year.
 Scott Nearing, of Columbia University, is another authority who has studied this question and written a book upon it, and he estimates, in his "Financing the Wage Earner's Family" (page 97), that from \$700 to \$850 a year is absolutely necessary in order to supply the worker with a sufficient income to meet the ordinary requirements of life.
 Taking an average of these estimates, then, \$787 a year is required for each family of workers to supply them with the ordinary necessities of life.
 This says nothing, of course, of the luxuries and comforts of life. It provides for nothing of education, culture or recreation—only the barest living necessities. For these it is estimated by three careful authorities at least \$787 a year is required.
WHAT DO THE WORKERS GET?
 The average wage of the working class in America is \$518 a year in the manufactures, \$500 a year in mining, and \$537 a year in farming. These figures are taken from various sources, such as census reports, special reports of the government on mining, and reports of the Department of Agriculture.
 What, then, are the facts concerning the working class, in the aggregate, and on the average, in the United States under the present capitalist system? The facts are these:
 The working class on the average is falling short more than \$250 a year, of a sufficient income to enable them to live a decent life, and sufficient income to enable them to provide for themselves food, clothing and shelter, leaving them nothing for the higher things of life.
 In other words, the present capitalist system is slowly, inevitably undermining the physical stamina of the nation.
 Surely here is a matter worthy of the attention of the greatest statesmen, as well as every true lover of humanity.
 And upon facts like these rests the demand of Socialism.
WHAT MARX SAID.
 From the point of view of a higher economic form of society, the private ownership of the globe on the part of some individuals will appear quite as absurd as the private ownership of a man by another. Even a whole society, a nation, or even all societies together, are not the owners of the globe. They are only its possessors, its users, and they have to hand it down to the coming generations in an improved condition, like good fathers of families.—Karl Marx, in Vol. III, of "Capital."

WOMAN'S COMMITTEE OF LOCAL EVERETT NO. 1 PLAN UNIQUE ENTERTAINMENT

The Woman's Committee of Local Everett No. 1 recently held a meeting at which they perfected a plan that is deserving of the co-operation of every one who is interested in spreading Socialist propaganda.

First, it was agreed to hold a musical and literary entertainment as soon as possible. These entertainments have become so popular that they no longer require comment.
 Next, the matter of disposing of the Washington Socialist subscription cards that the committee has purchased at various times was brought up. After some discussion, it was decided to have an exhibition of small Christmas gifts at the entertainment, making a specialty of handkerchiefs. Those contributing these handkerchiefs will be paid with these sub. cards. A number of comrades have already pledged themselves to purchase \$3.00 worth of cards in this way.
 For a plain hemstitched handkerchief, a 25c sub. card will be given. For one with more work on it, from 50c upward will be paid.

It is expected that there will be handkerchiefs from all over the world, which will make the affair an exceedingly interesting one.
 There could not be an easier method devised to get a new subscription to the paper or to extend or renew an old one. Those who wish to, may give their cards to non-Socialists. The proceeds of the entertainment will be divided among the various departments to further propaganda work.
 Now, comrades, just think how much you will be able to do with a small piece of linen. A subscription card thus purchased may make a Socialist.

Write to your friends everywhere. Already a number of handkerchiefs have been sent in. By this means we can make every week a red week. Let us hear from you. Address,

OUR WOMEN COMRADES

Men are natural-born disorganizers. Most women, on the other hand, are orderly, and delight in having things well arranged, clean and inviting.

We just came into the business office of the Washington Socialist in time to catch this very suggestive observation of one of our women comrades. Her statement is undoubtedly true. The exceptions prove the rule.

Overhearing this remark, made by one woman comrade to a little group who were informally discussing "ways and means" for the further up-building of the Socialist organization in Everett, and throughout the state and nation, reminded us of what a tremendous undeveloped power for good lies in the mostly unorganized feminine portion of our great movement.

Coming from a local in California in which the Red Card men take little or no active part in the routine work of the organization, it was both a surprise and a revelation to us to see in the activities of Local No. 1 how very important and efficient is the organization work of the women comrades.

By far the greater part of the service rendered the cause in Everett, and, by means of the Washington Socialist, throughout the entire state, is due to the fact cited at the head of this article: most women are organizers, are constructive in tendency, are persistent and patient, often where men are destructive, disorderly, impatient, and prone to be quitters.

The wives and daughters and friends of the male comrades in the Socialist movement constitute the greatest unused constructive force in the world today. And the fault lies mostly with the men. They haven't studied this phase of the problem of organization and party progress.

The splendid achievements of the women comrades of Everett, without whose pertinacious co-operation we would not now have either headquarters or Washington Socialist, is an inspiring example, a much-needed lesson to Socialists throughout the United States, of what can be accomplished when "the female of the species" is given encouragement and opportunity to organize, build, achieve, what to the male quitter would seem to be the impracticable, if not the impossible.

Think this over, take the lesson to heart; then take your tobacco and spit out on the lot, and give the women a chance to clean up, build up, and achieve.

DID NOT LIKE JINGO

The editor of the Western Clarion, official organ of the Socialist party of Canada, has resigned after a hail of criticism had been thrown at him from all over the country by readers of the paper. The editorial which has been condemned was entitled "The Affirmation of German Culture."

Although the rest of royalty is figuring how far the big guns will shoot, King Albert hasn't been far enough away to find out.—Washington Post.

A TRAITOR ENDORSEMENT

The endorsement of Hiram Johnson by the trade unions of California was distinctly traitorous. He is a typical capitalist-lawyer governor, and has done absolutely nothing to protect or aid the wage workers of California.

HOORAY!

No more hunger, no more packing of blankets, no more sleeping in vacant lots and lumber yards, no more rags and worn out shoes. The workless workers will now emerge from the slough of despond. Hiram W. Johnson, the working man's savior, has risen and there'll be a great demand for pickhandles and fire hose during the coming winter.

No, a dog does not wag his tail "because the tail can't wag the dog." A dog wags his tail because he has something to say with it, which is more than can be said for many two-legged mammals who wag their tongues.

H. G. Wells, the famous English novelist, thinks he has abolished the class-struggle. Well, he always was strong on imagination.

"Breed before you die," say the English masters. What's that we heard from abroad about the Socialists and "free love"? At least they never accused us of wishing to establish breeding pens to take the place of "homes."

Labor scored another great triumph last week—for the bosses.

Gee! but the employers must be having a good (and contemptuous) laugh at the Henry Dubbs who voted themselves into more abject slavery November 3rd.

You can't change a genuine wage-slave's human nature.

There is some similarity between Socialism and electricity: you can't get either one of them through a wooden head.

We wish to acknowledge our indebtedness to comrades H. W. Watts and I. E. Chamberlin for valuable service in tabulating and summarizing the Snohomish county election returns. Comrade Watts was good enough to typewrite the data for our printer, a service much appreciated by the editor.

ILLINOIS.

Four Socialists were elected to the Illinois state legislature from Cook county districts. Madison, Mason, Steadman and Harris are the successful candidates. William Cunnes has been elected county judge.

ELIZABETH, N. J.

Socialists made their first entrance into the Elizabeth city council here Tuesday when Kopp was elected.

SNOHOMISH COUNTY NEWS AND NOTES

Review of the Campaign.

The election is over, but the campaign never. We are just beginning our campaign of education and the election is but a roll call. The Snohomish county campaign has been carried on perhaps more extensively this year than formerly.

Reaction in the saddle. The editorial below, quoted from the American Socialist, is so clear and succinct a statement regarding the outcome of the recent election that we cannot do better than give space to it in these crowded columns.

A hasty survey of the field shows this one overshadowing result of the election: Reaction everywhere is back in the saddle. Reform radicalism is everywhere beaten down.

Another significant feature of the election is the complete elimination of the progressives. Many of the progressive candidates were men of brilliant talents and national reputations.

What remains? Socialism and the Socialist party remain. Its program is as clear, logical, rational and constructive as ever.
