FOR THE NEW ORDER
Walter Thomas Mills Republican—Capitalism.
SHOWS CAUSE FOR DOING SO
Passing Old Parties Embodying the Ideas of the Deceased
Mr. Bonham to Vote for
For Republicanism.

In the past age our party and our country have been
emphasized. But shall it not be emphasized in the
future age that our party is the only one that can
break out of the present system and bring about
what is expected of us?

The Democratic party has never been able to
show any signs of progress. It has always been
in the past, and will always be in the future, the
party of the majority. But what is the majority of
the people in the past and will be in the future?

The majority of the people in the past and will
be in the future the party of the people, not
the party of the rich man.

The purpose of the people is to have a
government that will serve them. The purpose of
the rich man is to have a government that will
serve him. The purpose of the people is to have
a government that will serve them, not the party
of the rich man.

PAST AND PRESENT
Socialism in Chicago Four Years Ago, and Today.

In the year 1898, Socialism in Chicago was
swelled by the number of people who were
interested in it. The Socialists were able to
investigate the conditions of the people, and
showed that the working class was
in a very bad way. The Socialists were able to
show that the working class was
in a very bad way, and that the
working class needed a government that
would serve them.

COMPARISON IS A CONTRAST.
Study of Montesquieu, Bismarck, and Trimmell
Shows the Vices of the Past and the
Vices of the Present.

In comparing the past with the present, it is
seen that there are many vices in the
past that are not in the present. The
vices in the past are not as
bad as the vices in the present.

The vices in the past are
not as bad as the vices in the
present, and the vices in the
present are not as bad as the
vices in the past.

The vices in the past are not as bad as the
vices in the present, and the vices in the
present are not as bad as the
vices in the past.

ERODE SOCIALIST TICKET.
Under the new system the Socialists will
be able to organize more people and
will be able to show the people what
they need to know.

The Socialists will be able to organize
more people and will be able to
show the people what they need
to know.

The Socialists will be able to organize
more people and will be able to
show the people what they need
to know.
