A CAPITALIST INFERNI.

The Workers' Call, Chicago, Ill., October 14, 1909.

A new committee has been formed to publicize the disastrous effects of capitalism, and to educate the public on this subject. The committee is composed of three members, all of whom have been active in the labor movement for many years. The committee plans to hold meetings every week, where they will discuss the various aspects of capitalism and its effects on the working class. The meetings will be open to the public, and everyone is encouraged to attend.

The committee aims to expose the false promises of capitalism, and to educate people on the realities of working under capitalist conditions. They will also discuss the alternatives to capitalism, and how people can work together to create a system that benefits everyone.

The meetings will be held on every Monday evening at 7:00 PM. The location will be announced on the committee's website, which can be found at www.capitalistinferno.com. Everyone is welcome to attend, and no prior knowledge of the labor movement is required.
