Their Candidate for Governor Loses His Largest Recent Election—Details.

The following notice addressed to the Ohio Socialist Insurance Company, at Cincinnati, O., by the Socialist Party of Ohio, was printed in the newspapers of the state, and is sufficiently representative of the sentiment prevailing in the state.

Mr. Thompson is the nominee of the Socialist Labor party for Governor of Ohio.

The Socialist Labor party is the only party in the state that has any chance of electing a Governor. Its candidates for the office of Governor are not only the most promising candidates, but the most decided in their stand for socialism. The party asks the Socialist Labor party to aid it in the election of Mr. Thompson as Governor. The Socialist Labor party must not be afraid to stand for a Socialist candidate. The Socialist party must be the only party with which the Socialist Labor party can stand.

The Socialist Labor party must stand for a Socialist candidate. If the Socialist Labor party does not stand for a Socialist candidate, it will not be able to elect a Governor. The Socialist Labor party must stand for a Socialist candidate. If the Socialist Labor party does not stand for a Socialist candidate, it will not be able to elect a Governor.

The word "socialism" is often misunderstood, and it is important to clarify its meaning. Socialism is the belief that society should be organized in a way that ensures everyone has equal opportunities and resources. This can be achieved through various means, such as government intervention or collective action. It is not just about economics, but also about social justice.

The word "capitalism" is another term that is often misunderstood. Capitalism is the economic system in which private individuals or businesses own and control the means of production, and profit is the goal of economic activity. Capitalism is often associated with economic growth and innovation, but it also has its drawbacks, such as income inequality and environmental degradation.

It is important to understand these concepts to have a meaningful discussion about the current political climate and the role of government in society. The Workers' Call aims to provide a platform for discussion on these issues and to promote a socialist vision for a better future.
Socialist Party Platform.

The Socialist Party of America issues the following statement:

"The Socialist Party of America is a democratic socialist organization which advocates the principles of class struggle and workers' control of the means of production. It is committed to the overthrow of capitalism and the establishment of a workers' state. The party supports the rights of workers to organize and bargain collectively, and advocates the need for a single-payer healthcare system. The party also supports the decriminalization of all drugs and the end of police brutality and racial profiling."
