Labor Politics ??

A new labor party is opening political eyes in Chicago, and to public school teachers it is offered as an opportunity to be included in the struggle of the capitalist class against the laboring classes. The party is the result of the organization of the Chicago Federation of Labor, which has been formed by the consolidation of the various labor organizations of the city. The party is composed of working men and women, who have been engaged in the struggle for better working conditions, and who have been active in the movement for the improvement of the social and economic conditions of the working classes.

Revolution in Industry.

Investigations show that there are many districts in the United States where the conditions of labor are very bad. In this country, the laboring classes are too often compelled to work for wages that are insufficient to support a family, and to live under conditions that are unhealthy and unsanitary. The party is dedicated to the cause of the working classes, and is working to improve the conditions of labor in this country.

News of the Week and Its Philosophy.

Labor political parties are endeavoring to bring the labor movement into the political arena, and to use the ballot as a weapon in the struggle for better working conditions. The party is working to establish a labor government, and to make the laws of the land conform to the interests of the working classes.

Lacks Incentive.

Lack of financial support is the greatest obstacle to the success of the party. The party is unable to raise enough funds to carry on its work, and is dependent upon the contributions of the working classes.

A Socialist Thanksgiving.

Socialism offers a solution to the problems of the working classes. It advocates the overthrow of the capitalist system, and the establishment of a society in which the means of production are owned and controlled by the working classes. The party is working to organize the laboring classes, and to prepare them for the struggle for the establishment of socialism.

IMBECILES.

More Expired Than Those Inside Any Prison.

Inmates of the State Asylums are often treated as though they were criminals. The party is working to improve the conditions of the inmates, and to secure for them the same rights and privileges as are enjoyed by other citizens.

CARNIVAL FAST AND PRESENT

The time for the annual carnival is at hand. It was a rainy day of the week, and the streets were crowded with people who were entering and leaving the fair. The weather was cold, and only a few were able to enjoy the festival.

SAGA BY THE WAY

I was on my way home from work when I passed by the amusement park. I noticed a group of people gathered around the entrance, and I decided to join them.

CHILDREN OF THE NIGHT

The children were playing games and dancing, and the music was lively. It was a wonderful experience for me, and I enjoyed every moment of it.

CONSULAR REPORTS

From the American Legation in Paris, we learned that the trade with France has been increasing steadily. The French people are becoming more interested in American products, and this is expected to continue.

LETTER FROM THE MEDITERRANEAN

I wrote to my brother in Italy, and he assured me that the weather was warm and sunny. He invited me to visit him, and I hope to go soon.

EXAMPLE OF SELF CONTROL

A young man came to the attention of the police for his violent behavior. However, he managed to control his anger and avoid a serious situation.

WILL TEACH Socialism.

Comrade Harry C. Thompson, an active member of the Ohio Workingmen's Brotherhood, has decided to establish a People's School for working men and women. It will be held on the last Thursday of each month, and all are invited to attend.

Credentials

I was given the credentials by the leader of the group, and I was told that I was now a member of the Brotherhood. I was very proud, and I promised to do my best.
