As Capitalism Sees It

“Workingmen of all countries unite! You have nothing to lose but your chains; you have a world to gain.”

THIRD YEAR—WHOLE NO. 146.

CHICAGO, ILL., SATURDAY, DECEMBER 21, 1901.

PRESIDENT'S CALL.

Press Censorship.

All signs point to a Systematic Effort upon the Part of Capitalists to Curb the Activities of the Press. Name of Organization New Apparent, Present Situation Long Foreseen by Socialists.

Well, what are you going to do about it? Press censorship is here, and repressive measures are now being taken in the underworld command center.

What do you mean by repressive measures? One of the most remarkable things about American history is how the capitalists have been able to control the press.

The most urgent need seems to be the formation of an international association of journalists, to work for freedom of the press.

It becomes more and more necessary for our political parties to recognize the importance of the press.

The press is the heart of any country, and the most powerful weapon against injustice and oppression.

Labor's Christmas Tree.

At the 21st National Convention of the American Federation of Labor, held in New York, the question of the Christmas tree was discussed.

The union's decision to continue the tradition was supported by the majority of delegates.

The tree was first introduced by the Knights of Labor in 1874, and has been a part of union tradition ever since.

Abstinence and Monopolies

Political economy has lately become interested in the "monopoly" aspect of trade, and it is now clear that the subject has been treated by the last few years. The government has been interested in the question of monopoly, and it has been found that there is a certain amount of it which is due to monopoly.
