"Workingmen of all countries unite! You have nothing to lose but your chains: you have a world to gain."

A DUMMY EXPOSED

That fake "Union Labor Tickets" at Wilkes Barre, Pa.

Is a Democratic Flag? A Democratic Insult?

Socialist Miners Laugh at the Efforts Made to Enlist Them into Capitalist Opposition.

Shambles.

A few weeks ago the capitalist press published accounts of a "Union Labor Ticket" which had been purchased by a capitalist in Wilkes Barre, Pa. The Chicago American even went so far as to publish the entire list of the ticket and to praise its election. The DeVan People also joined in the chorus of praise over the turning down of the Socialist.

The following extract from a personal letter written by one of the pretenders of the Pennsylvania State Federation of Labor, who is the source of the Socialist party of the Wilkes Barre election, shows the ridiculousness of this effort to boycott the Socialist:

"Now let me tell you what was said and done about the election of the Socialist ticket in Wilkes Barre. The workingmen there are so strong and so united that there was no possibility of our being defeated. We had a strong ticket and we expected to win. The Democratic ticket was very weak, and they were sure to lose. The Socialist ticket was strong, and we knew that we could win."

The Socialist ticket was victorious.

NOTES FROM THE LABOR WORLD.

Bust of the Politicians.

The manufacturer of the Socialist party is now in full swing. Both sides are working, and everyone is eager to capture the political market. The Socialist labor movement in this city was well started before the election, and the Socialist candidates are making a good show. The Socialist candidates are in the lead, but the political parties have not yet made a start. The Socialists are working hard, and the laboring people are looking forward to the election with enthusiasm. They are looking forward to the Socialists winning the election, and they expect to see the Socialists in the city council and the state legislature.

The Aléphant must be proved of his abilities before he is set in the court house.

If the soldier wants to save any money he should get a job in the court house.

Labor day speeches are a chance to be interesting to the boy at the back of the class and to show off for overtime.

The tax rates are so high that it would be better for the working class to be interested in the political struggle.

Every socialist in the country can do something towards the winning of the struggle.

The Aléphant will be.
