BILL W. R. FOX.
A man goes into business. What? To get shelter, food, clothing, education and entertainment for himself and those under his care. But you can't go into business with a view to making money. No capital! Ha! ha! What is your capital? Yourknowledge? Your ability? Your friends? And the earth? Have those capitals? Then you can start your business.

SOCIALISM is the workman's business. By W. R. Fox.
A man goes into business. What? Work. Success will be��の努力. (Chronicled), but vou will be provided for in sickness and old age. Socialism proposes to do all these for the working man.

SOCIALISM will be the great friend of the working man. Even children will be a stakeholder and the oldest members of the firm will work on equal terms.

SOCIALISM is your business. It asks you to do your best and to give your best to your fellow workers. It has no share in the profits of commerce. It gives you a square deal. No one will get a "lift-out" of you.

A capitalist puts his business in the hands of his little sons and daughters. Out of your house, out of your family.

SOCIALISM asks you to help in the building of America, the power of the world in front of you, and your nation, and to be a part of the work of building the world. Keep your head up.

Socialism demands for wrongs and injustices, the redress of your wrongs and injustices.

Socialism defends your rights and your property. By W. R. Fox.
A man goes into business. What? The law, the help of the law, the courts, the lawyer, the judge, the jury, the government, the army, the navy, the police, the school, the church, the state, the world, the world, the world.

The above is a résumé of the socialistic view of the world. The man who would be a socialist must have the socialistic view of the world. The world is a socialistic world. The man who would be a socialist must be a socialist. The man who would be a socialist must be a socialist. The man who would be a socialist must be a socialist.
