A WORKING CLASS PARTY.

BY WM. R. FOX.

No hint from "refugees"— What is the Use of Wasting Money for US?—How the Working Class Party will do its work—Its aims and activities—The necessity of unity among the working class—The success of the party in Chicago—The aims of the party in New York—The necessity of the party in other cities.

The working class, according to the leaders of the party, is the only class that can save the country from the grip of the capitalist class. The party's aims are to promote the interests of the working class, to organize the working class, and to fight for the rights of the working class. The party's activities are directed towards the accomplishment of these aims. The party's success in Chicago and New York has shown that the working class can be organized and that the party can be effective.

A PRECINCT STORY.

An analysis of the votes of last November and December shows that the Working Class Party has made a marked advance in the precincts of Chicago. The party's success in the precincts is due to the fact that the party's leaders have been able to organize the working class and to promote the party's aims.

The party's leaders have been able to organize the working class by promoting the interests of the working class and by fighting for the rights of the working class. The party's aims are to promote the interests of the working class and to fight for the rights of the working class. The party's activities are directed towards the accomplishment of these aims. The party's success in Chicago and New York has shown that the working class can be organized and that the party can be effective.
