SOCIALISTS ARRESTED.

The Socialistvin News has learned that a number of Socialists have been arrested in the East for conspiracy to incite to revolution. The exact number is not known, but it is believed that at least twenty-five have been taken. The arrest was made under the new law passed by the Congress, which provides for the punishment of anyone who shall conspire to incite to revolution.

The prisoners are now in jail, and the trial will be held at a later date. The Socialistvin News will keep the readers informed of the进展情况.

B.T. WASHINGTON VS. THE NEGRO.

Last week's papers announced that B. T. Washington, the colored statesman, will speak in Charleston, S.C., this week. The meeting will be held at the Mechanics' Institute, and the speakers will be the following:

1. W. E. B. Du Bois

2. Booker T. Washington

3. Dr. W. J. bubbles

4. Dr. John Johnson

5. Dr. George Washington

The meeting will be a grand one, and all colored people are invited to attend.

BREEDERS OF TROUBLE.

In his speech the other day at the annual banquet of the Farmers' Union, the speaker said:

"The breeders of trouble are the men who control the banks and the railroads. They are the men who control theposes of the government.

"We have seen the result of their control in the recent strike. The strikers were simply a group of men who wanted to be paid a fair wage for their labor. The breeders of trouble, however, saw an opportunity to make money, and they took it.

"The strikers were defeated, and the breeders of trouble became rich. This is the result of their control of the government.

"We must turn this control over to the people. We must have a government that is controlled by the people, and not by the breeders of trouble."

The speaker was enthusiastically received by the audience, and many of them expressed a desire to help in this movement.

The ticket was then closed.

EDUCATION AND UNIITY.

The opposition movement has been growing rapidly, and the left is now in a position to play a significant role in the events of the day. The Party has been working hard to build a strong and united left wing, and the results are beginning to show. In the last few weeks, we have seen a number of significant developments.

First, the Party has been able to attract a large number of new members, many of whom are young people who are looking for a way to make a difference in the world. This has helped to strengthen the Party's base and give it a new sense of energy and purpose.

Second, the Party has been able to develop a strong network of support across the country. This network is helping to mobilize people for action and to provide a platform for discussion and debate. It is also helping to ensure that the Party's message is heard by as many people as possible.

Third, the Party has been able to organize a series of successful events and campaigns. These have included rallies, protests, and other actions that have helped to raise awareness of the issues facing the left.

In short, the Party is in a strong position and ready to take on the challenge of the day. We are confident that, with the support of our members and our allies, we can make a real difference in the world.

SCATTERING PARAGRAPHS.

Emperor William of Germany now has a new hobby — a paper for a few workmen. So far as we can see, his idea is to get the workers of all the world to form a trade union that will control the nations of the world. This is a plan of the utmost importance, and we believe that it is the only way in which the workers can ever hope to gain a fair deal.

The Washington Post and the Chicago Daily News have been writing articles about this plan, and we think that they are right. The workers of the world should combine and form a union that will control the nations of the world, and we believe that this is the only way in which they can ever hope to gain a fair deal.

We believe that this is the only way in which the workers can ever hope to gain a fair deal. The workers of the world should combine and form a union that will control the nations of the world, and we believe that this is the only way in which they can ever hope to gain a fair deal.
