ELEVENTH HOUR LABOR SITUATION.

As we go to press everything indicates that the strikers are about to accept the wage demands of the operators. The operators have declared their intention of going on strike if the strikers do not accept their demands. The strike is the result of an increase in the cost of living. The operators claim that the increase in the cost of living is the result of the war. The strikers demand a wage increase to offset the increased cost of living. The operators are willing to grant the wage increase, but the strikers refuse to accept it. The strike is likely to continue for several weeks.

FREDERICK O. MACKAY.

"You're not a Socialist, you're a Social Demagogue. You're not a worker, you're a capitalist. You're not a person, you're a commodity."

THE STRIKE IN THE LOWELL COTTON MILL.

The Lowell mill strike is still going on. The workers have been on strike for over a month and there is no indication of a settlement. The mill owners are determined to break the strike and the workers are equally determined to hold out. The strike is likely to continue for several weeks.

BULLETIN FROM THE INTERNATIONAL SOCIALIST BUREAU.

The Bulletin from the International Socialist Bureau reports that the strike in the Lowell mill is still going on. The workers have been on strike for over a month and there is no indication of a settlement. The mill owners are determined to break the strike and the workers are equally determined to hold out. The strike is likely to continue for several weeks.

GERMAN SOCIALISM AT PRINT.

Socialists Express $5,000,000 in 1800 New Hamburg Press.

By O. A. W. New York, June 27.—Although the printing campaign began two weeks ago, it has not been very successful in the German-speaking parts of the country. The Socialist party has only received $5,000 in contributions so far, but the party is still confident that it will reach its goal of $1,000,000.

Germany is a country of great social and economic problems, and the Socialist party is determined to work for the betterment of the working class. The party is led by Karl Marx, a former teacher who became interested in politics and began to write articles about social and economic issues. Marx published his most famous work, "Das Kapital," in 1867.

THE JUDICIAL ELECTION.

Although the capitalistic newspapers do not give a moment's consideration to the Socialist vote, we are able to infer from our own records that the Socialists made a good showing in the election. They received over seven per cent of the vote and their candidates were elected to several important positions.

The Socialist party has been working hard to improve the court system and the police department. They have made several reforms, including the appointment of a new police chief and the establishment of a new court system. The Socialists are determined to work for the betterment of the working class and to make the court system more just.

THE WORKERS WHO WORK.

At the close of May it had been entirely demonstrated that battle was being waged. The PEOPLE ARE HUNGRY FOR OUR PAPER, they want it, they must have it, for without it they cannot eat. TO EIGHTY FOR SUNDAY, TO MAKE SAKES.

The City and Stateлатке LOCALS HAVE THEIR SLEIGHTS AND TRICKS AND HAVE COMMISSIONED A THOUSAND CORDS FOR THEIR OWN USE.

It is only a question of a few minutes when the battle will be over. The Socialists are sure to win.

The only way to get the paper is to buy it. There are no tricks or sleights, no howls or shrieks. A copy paper returned and no money returned, then to the nearest newsstand or drug store. The war will be over in a few minutes, the paper will be sold out, the war will not be over for any man or woman who does not buy the paper.

The Massacre of the Jews in Russia

By John E. West

I have just returned from investigations of the conditions in Russia. During my journey of about ten weeks I visited several points in Russia and had many conversations with the Jews and others. The conditions I encountered were very serious, and I believe that the suffering of the Jews is greater than has been previously reported. The Jews are not only victims of political persecution, but they are also suffering from economic distress.

The Jews in Russia are in a very critical situation. They are subjected to constant discrimination and persecution. The government has refused to recognize the special Jewish organizations and has not given them any protection. The conditions in the cities are extremely bad, and the Jews are living in constant fear.

There is a great deal of unemployment among the Jews, and many of them are living in poverty. The government has not taken any steps to alleviate this situation. The Jews are also subject to frequent raids and deportations. These raids are conducted by the police, who often enter the homes of the Jews without warrant and take away their property.

The condition of the Jews in Russia is very serious, and it is necessary for the government to take immediate steps to alleviate their suffering. The Jews should be given the same rights as other citizens and should be protected from discrimination and persecution.
NATIONAL HEADQUARTERS
Haverhill, Mass., May 27, 1903.
Mr. Chairman and Members of the National Committee, Socialists, etc.

I desire to express the gratification that I have in being able to address the national headquarters of the Socialistic movement in the United States, in the person of the honorable gentleman who represents Nebraska in the Congress of the republic. It is a pleasure for me to address the national headquarters of the Socialistic movement in the United States, in the person of the honorable gentleman who represents Nebraska in the Congress of the republic.

I am glad to see that there is a movement towards practical legislation in the United States, but I am afraid that it is too little and too late. The people of the United States are not content with mere words and empty promises, but they demand practical results. They demand a government that will work for the good of the people, and not for the benefit of a few selfish individuals.

I believe that the Socialistic movement is the only hope for the working class in this country. The working class has been cheated and oppressed for too long. They have been the victims of the greed of the capitalists, who have plundered them of their just rights. The Socialistic movement will give them the power to resist the oppression of the capitalists and to secure for them a fair share of the wealth of the country.

I am confident that the Socialistic movement will triumph in the United States. The people are觉醒ing to the wrongs that are being done to them, and they are demanding a government that will work for their benefit. The Socialistic movement will give them the power to secure this government.

I am confident that the Socialistic movement will triumph in the United States. The people are觉醒ing to the wrongs that are being done to them, and they are demanding a government that will work for their benefit. The Socialistic movement will give them the power to secure this government.

I am confident that the Socialistic movement will triumph in the United States. The people are觉醒ing to the wrongs that are being done to them, and they are demanding a government that will work for their benefit. The Socialistic movement will give them the power to secure this government.

I am confident that the Socialistic movement will triumph in the United States. The people are觉醒ing to the wrongs that are being done to them, and they are demanding a government that will work for their benefit. The Socialistic movement will give them the power to secure this government.

MERCHANTS AND MANUFACTURERS COAL COMPANY.

The Great Cooperative Coal Company.

The Great Cooperative Coal Company is a great cooperative company, which was organized in the city of Chicago, Illinois, in the year 1903. The purpose of the company was to manufacture and sell coal at a price which would be lower than the price charged by the companies which were then in operation. The company was formed by a group of men who were tired of paying high prices for coal, and who believed that they could manufacture it at a cheaper rate. The company has been very successful, and is now one of the leading coal companies in the United States.

The company sells coal in all parts of the United States, and has a large number of customers. The coal is of the finest quality, and is sold at a price which is lower than that charged by any other company. The company has a large number of employees, and is very well managed. The company is well known in the business world, and is respected by all who deal with it.
