Resolution Adopted by the Miners at the Denver Convention

Progress the Watchword

The Western Federation of Miners has met in convention at Denver, and has passed a resolution in favor of the principle that picketing may be resorted to in cases where strikes become necessary. The miners have also adopted a resolution calling upon the government to secure the right of way for the transcontinental railroad, and have passed a resolution condemning the presence of labor organizations in the working classes.

Comrade Johnson

The Socialist Alderman, Sara Millions in Sight for City as a Law Enforcement Officer

This is an issue of the convention of the State Socialist party held at Chicago, May 4-5, 1903. It calls for a massive demonstration to be held in the city of Chicago on May 15, 1903, to protest against the use of force and violence by the government in the enforcement of laws. The resolution states that the Socialist party is opposed to the use of force and violence and that it stands for the peaceful resolution of all disputes.

Girls May Go to Jail

Workers who voted for the elimination of the wage for June June 5th will be fined $1 if they are found guilty of violating any of the laws concerning elections. The resolution states that workers have the right to vote and that no one may interfere with their right to vote. It also states that any worker who votes for the elimination of the wage will be fined.

Socialism in Dixie

By A. N. GIBSON

The term "Socialism" as used in the United States has been variously defined. Some say it is a system of production and distribution of goods, while others say it is a system of government. In the United States, Socialism is generally associated with the Democratic party, which has embraced the principles of Socialism as their guiding principles. The Democratic party has been in power in the United States for several decades, and has implemented a number of social and economic reforms in the interest of promoting Socialism.

MARCH TO JAIL FOR COMPLAINT

Tennessee Miners Fom Proclamation

Knoxville, Tenn., June 5th—The Tennessee miners have formed a pro-avocation, and the officials of the state have been notified of the formation of the organization. The miners have stated that they are determined to resist any attempt by the government to interfere with their rights and privileges.

THE WALKING DELEGATE.

To the American people, who gets all of his information from the capitalist press, socialists, employers, labor leaders, and operators in the labor movement as to what the workers are about, how the workers think, what the workers want, and for whom the workers vote, I have a simple question to ask. What have the workers got to say for themselves? And what do they think of what is going on in your state and national government? And how do they vote in elections? And what do they think of the party? And what do they want of the party? And what do they want to do themselves? And what do they think of the reform parties? And what do they think of the labor movement?

THE WALKING DELEGATE.

To the socialist party. What have the workers got to say for themselves? And what do they think of what is going on in your state and national government? And how do they vote in elections?
